

## Fiscal Estimate Narratives

DOR 8/22/2019

LRB Number	19-3679/1	Introduction Number	SB-353	Estimate Type	Original
<b>Description</b> retail liquor license quotas					

### Assumptions Used in Arriving at Fiscal Estimate

Current law prohibits a person from selling alcohol beverages at retail location unless the seller possesses a license or permit authorizing the sale. A "Class B" license authorizes the retail sale of intoxicating liquor for consumption on the retail premises and, subject to restrictions, the retail sale of intoxicating liquor in original packages for consumption off the retail premises. Current law imposes a quota on the number of "Class B" licenses that a municipality may issue. This quota is generally determined by a formula based on the number of licenses previously issued by the municipality and the municipality's population.

This bill modifies the quota formula to provide a municipality with one additional "Class B" license if the municipality has already reached its quota and if no "Class B" licensed establishment in the municipality satisfies current accessibility standards for public accommodations under the federal Americans with Disabilities Act (ADA). The additional "Class B" license may be issued only for an establishment that satisfies ADA public accommodation accessibility standards for new construction.

The bill allows a municipality to issue one additional "Class B" license if the municipality has reached its quota and no existing licensed establishments meet the accessibility standards for public accommodations required under federal law (the Americans with Disabilities Act.- ADA). Since we do not have information as to how many municipalities meet this criteria the fiscal effect is an indeterminate local revenue increase. The magnitude of the estimate will range from \$10,000 assuming one additional license to \$14,660,000 assuming each of the 1,466 municipalities that meet the population criteria (one per 500 population or fraction thereof) also meet the above criteria and issue one additional new license. The department is only aware of one town (Pilsen) that satisfies the criteria in the bill.

### Long-Range Fiscal Implications
