Description requiring that student identification cards include contact information for suicide prevention hotlines		

Assumptions Used in Arriving at Fiscal Estimate

This bill provides that, if a school board, operator of an independent charter school, or governing body of a private school, or an institution of higher education (college), issues identification cards to, respectively, pupils or college students, the school board, operator, or governing body, or the college, shall include on the identification card certain contact information for suicide prevention and crisis support hotlines.

Long-Range Fiscal Implications

The cost of adding information to student ID cards is unknown, therefore the fiscal effect is indeterminate.
