## Fiscal Estimate Narratives

DPI 10/21/2019

LRB Number	19-4512/1	Introduction Number	SB-506	Estimate Type	Original
<b>Description</b> grants to the Wisconsin Safe and Healthy Schools Center and making an appropriation					

### Assumptions Used in Arriving at Fiscal Estimate

This bill requires DPI to annually award a grant to a cooperative educational service agency (CESA) to support a collaborative project between DPI and CESAs that provides training and technical assistance to school districts related to prevention and intervention programs for alcohol, tobacco and other drug abuse, mental health programs, and programs to promoting school safety.

This collaboration is known as the Wisconsin Safe and Healthy Schools Center, or WISH Center. Under the bill, the CESA that receives the grant must use the money to support the ongoing operations of the WISH Center and, if money is available, to expand the WISH Center's offerings to include training and technical assistance related to general wellness.

The WISH Center is headquartered in CESA #4, in West Salem. The director and four regional coordinators organize and deliver target trainings across the state to promote safe and healthy schools.

This bill creates an annual appropriation that provides \$70,000 GPR in FY20 and \$200,000 GPR in FY21. The smaller appropriation for FY20 reflects the mid-year availability of the funds. Any funds not used by the end of each fiscal year will lapse into the general fund.

State: Create new appropriation but no overall effect

While this bill creates a new appropriation, the funds pass through DPI directly to a CESA. Thus, this bill has no impact at the state level.

Local: Increase revenue

Per the bill, DPI shall award one CESA each year a grant to promote safe and healthy schools. The maximum amount of this grant is \$70,000 in FY20 and \$200,000 in FY21.

### Long-Range Fiscal Implications
