CTS 5/2/2019

LRB Number	19-1063/1	Introduction Number	SB-058	Estimate Type	Original
Description restricting a person's operating privilege to vehicles equipped with an ignition interlock device					

Assumptions Used in Arriving at Fiscal Estimate

This bill expands the requirement for installation of an ignition interlock device (IID) to all operating while intoxicated (OWI) offenses, no matter the person's alcohol concentration.

This bill does not create a new category of case and will only impact cases already being brought. It also does not create new procedures that would require additional court hearings and resources. This bill does not appear that it will have a fiscal impact on the state court system.
