Fiscal Estimate Narratives

DHS 3/6/2020

LRB Number	19-5241/1	Introduction Number	SB-733	Estimate Type	Original
Description community-based services grant program and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

This bill creates a community-based services grant program focused on increasing opportunities for competitive integrated employment for individuals with intellectual or developmental disabilities and increases the appropriation under s. 20.435 (4)(b) by \$6.75 million GPR in FY 20 to support these grants. The bill requires the Department of Health Services to establish a community-based services grant program to distribute \$3.0 million GPR in FY 20 for awards to up to 30 provider organizations offering facility-based prevocational and day services who apply, develop a plan, and reach approved benchmarks to initiate or increase and sustain their provision of community-based services that create pathways to and increase competitive integrated employment for people with intellectual or developmental disabilities. The bill also requires DHS to distribute \$2.25 million GPR in FY 20, for performance-based awards to providers that achieve specific employment or community-based day outcomes for individuals with intellectual or developmental disabilities, as well as distribute \$1.5 million GPR in FY 20 for awards to subject matter experts to assist grant recipients in their improving and sustaining these services.

In order to implement these grants, the Department would need to develop and administer a request for proposal process to award contracts for subject matter experts and a grant application process for community based services. Once awarded, the Department would need to monitor and provide technical assistance to grant recipients and subject matter experts through the grant period. With the ability to transfer funds across fiscal years until the funds are exhausted, the Department estimates the activities under this bill could be accomplished with one contracted human services program coordinator – senior, for a total cost of \$115,200 per year for two years, or \$230,400 AF (\$115,200 GPR) one-time funds for the biennium.

Long-Range Fiscal Implications
