March 9, 2020

2019 Wisconsin Act 146 [2019 Assembly Bill 818]

Permits for Overweight Vehicles Transporting Municipal Sewage Residue

2019 Wisconsin Act 146 authorizes the Department of Transportation (DOT) to issue an annual or consecutive month overweight permit for a vehicle combination transporting the residue material resulting from treatment of municipal sewage for the purpose of processing and for the return of the vehicle combination to the municipal sewage treatment facility while transporting the liquid removed from the residue material during processing, including any chemical treatment added to the liquid.

The vehicle combination must have five or more axles and may not exceed the applicable statutory weight limitations by more than 20,000 pounds. The permit may not authorize use of the national system of interstate highways.

Effective date: March 5, 2020
