Assumptions Used in Arriving at Fiscal Estimate

The bill makes a number of changes to state statutes related to apprenticeship programs in Wisconsin. As it pertains to the Department of Revenue, this fiscal note specifically addresses the income tax revenue implications of creating a new income tax subtraction for eligible apprenticeship expenses paid by individuals to participate in an apprenticeship program that is approved by the Department of Workforce Development.

The deduction first applies to taxable years beginning after December 31, 2021. The bill defines eligible apprenticeship expenses as those expenses eligible under an apprenticeship completion award program (ACAP) administered by DWD.

ACAP currently receives funding of \$500,000 GPR annually for DWD to partially reimburse eligible apprentices, sponsors, and employers for certain costs of related apprenticeship instruction. The bill increases the funding level to \$2,550,000 for fiscal year 2023. If DWD awards the full amount that it is allocated and that amount is used to pay for 25% of the cost of tuition incurred by the apprentice or sponsor, the new income tax subtraction could reduce taxable income by as much as \$10,200,000 annually. Assuming a marginal tax rate of 5%, the bill would reduce revenue by approximately \$510,000 annually.
