Fiscal Estimate Narratives

DSPS 3/18/2024

LRB Number	23-0284/1	Introduction Number	AB-0565	Estimate Type	Original
<b>Description</b> authorizing certain full-time positions within the Department of Safety and Professional Services and making an appropriation					

**Assumptions Used in Arriving at Fiscal Estimate**

This bill appropriates money for the Department of Safety and Professional Services (DSPS) to hire nine full-time staff to process professional license applications, eight full-time staff to communicate with customers and the public, and two full-time staff to help individuals, employers, and institutions of higher education understand the credential application and approval process.

DSPS estimates that implementing the provisions of this bill will incur one-time costs totaling \$1,202,200 to support 17 full time staff for nine months and ongoing costs totaling \$1,708,400 to support 19 full time staff for twelve months. The classifications of the positions are not specified in this legislation. With an assumed fringe rate of 42.50% the average hourly rate for the positions is \$25.08 per hour. Most of the funding except where noted below is appropriated in the proposed bill. Note that the two full time staff for helping individuals, employers and institutions only are funded for the second year. It is assumed that this amount is annualized to 12 months.

The amounts appropriated in the bill to support 17 full time equivalent positions (FTEs) for FY 2023-24 for the purposes of this estimate are considered one-time costs and are assumed to reflect nine months of funding in the first year of implementation. Additional amounts for overhead would be required at \$6.95 per hour per person for an aggregate one-time overhead cost of \$184,300 for the nine month period. The amounts appropriated for FY 2024-25 in this bill reflect the annualized (12 month) ongoing cost for staff salary and fringe for 19 FTEs. Additional amounts for overhead would be required at \$6.95 per hour per person for an aggregate annual overhead cost of \$274,700. The additional one-time and annual estimated costs for overhead cannot be absorbed in the currently appropriated agency budget.

**Long-Range Fiscal Implications**

## Fiscal Estimate Worksheet - 2023 Session

Detailed Estimate of Annual Fiscal Effect
