PI 25.03 Identification of children at risk of not graduating from high school and children at risk plan.

(1) Annually by August 15, each board shall develop a district plan that identifies the process for determining if a pupil is at risk. In determining whether a pupil is behind his or her age group in the number of high school credits attained or is 2 or more years behind his or her age group in basic skill levels, a board shall use all of the following criteria:

(a) A pupil shall be determined to be behind in his or her age group in the number of high school credits attained if a pupil in

grades 9 through 12 falls 3 or more credits behind in progress toward graduation.

(b) A pupil shall be determined to be 2 or more years behind his or her age group in basic skill levels based on a board approved plan of formal and informal assessment, consistent with the district's objectives in mathematics and reading identified in the curriculum plan under s. PI 8.01 (2) (k).

(2) As part of the district plan developed under sub. (1), each board shall describe how the board will identify and meet the needs of the children identified to be at risk. A board, when developing a plan under this section, may consider the following:

(a) How pupils will be identified and enrolled in programs or provided services to meet their needs.

(b) How pupils may be identified in early childhood and kindergarten through grade 4 and what programs may be offered to prevent pupils from becoming at risk.

(c) How parents will be informed and involved in the programs or services made available under par. (a).

(d) What accommodations can be made to support pupils' achievement and success in school through any of the following:

1. Curriculum modifications.
2. Adaptive instructional strategies.
3. Alternative education programs.
4. Pupil support services.
5. School to work programs.
6. Community services.

7. Coordinating services provided by the district, community, agencies, and other organizations.

8. Eliminating systemic barriers that may cause pupils' success at school to become at risk.

(e) How the district will evaluate the success of services provided under the plan.

Note: The number of dropouts and the percentage in grades 9-12 is collected as part of the School Performance Report. A copy of the report format may be obtained at no charge from the Department of Public Instruction, Division for Libraries, Technology and Community Learning, P.O. Box 7841, Madison, WI 53707-7841.

(d) A description of the at risk programs available and how the pupil may participate in a specific program if more than one program is offered as part of the district plan.

(e) A statement to inform the parent that he or she may select one or more programs in which the pupil will be enrolled, if the pupil meets the prerequisites for the specific program requested.

(f) Describe the procedure for requesting that the pupil be enrolled in the specific at risk program selected by the parent. This person shall record the date and time of a verbal request and whether this request was made in person or by phone.

(g) Identify the process that a parent may use if the parent disagrees with the planned services.

(6) Enroll the pupil in the at risk program upon the request of the pupil or the pupil's parent. If the board makes available more than one at risk program, the board shall enroll the pupil in the district program selected by the pupil or the pupil's parent if the pupil meets the prerequisites for that program.

(7) Ensure that the special education and related services needs of a child with a disability, as defined in s. 115.76 (5), Stats., are first addressed in the child's individualized education program developed pursuant to s. 115.787, Stats., whenever that child is also eligible to be served in a children at risk program.
