CLEARINGHOUSE RULE 95-132

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Revisor of Statutes Bureau and the Legislative Council Staff, dated October 1994.]

2. Form, Style and Placement in Administrative Code

- a. The analysis to the rule states that the name of the “Cooperating Consulting Forester” program is changed to “Cooperating Forester” program. However, the title to s. NR 1.213, which sets forth the name of the program, is not amended to reflect this change.
- b. The analysis to the rule states that the rule adds an “experience requirement” to the qualifications which must be met to be considered a “forester.” However, it appears that the rule does not in fact make this change.
- c. A title such as “Text of Rule” should be inserted immediately preceding the text of the rule in the rule-making order. This would help separate the text from the immediately preceding analysis.
