### CLEARINGHOUSE RULE 08-086

#### Comments

**[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]**

#### **2. Form, Style and Placement in Administrative Code**

a. The rule does not directly specify what evidence is satisfactory to the department to show that an applicant has current proficiency in the use of an automated external defibrillator. Perhaps reference to “proficiency...achieved through a successful completion of a course of instruction provided by...” is intended implicitly to be included in the rule; if so, it should be made explicit.

b. Is there sufficient information regarding where access to approved individuals, organizations, or institutions of higher education may be obtained to include that information in a note? Compare the note to s. RL 91.01 (3) (a).

#### **4. Adequacy of References to Related Statutes, Rules and Forms**

It appears that ch. RL 93.02 should be amended to include the current proficiency requirement as it applies to renewal applications. See s. 460.07 (2) (d), Stats. It is assumed the language for the renewal requirement can correspond to the language for the initial application requirement.
