CLEARINGHOUSE RULE 10-122

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

2. Form, Style and Placement in Administrative Code

- a. The introductory clause should be reordered so that the sections “to repeal” precede the sections to “amend”. Also, “to” should precede “amend”.
- b. The analysis should contain a deadline for the submission of comments to the agency contact person.
- c. There is excess language included in the prefatory note to chapter ATCP 35. The language “in the division of agricultural cleanup program” should be deleted.

4. Adequacy of References to Related Statutes, Rules and Forms

The rule repeals s. ATCP 30.39. Various cross-references to that section need to be corrected. [See ss. ATCP 30.22 (2) (note) and (3) (b) (note) and 30.33 (3) (c).]
