CLEARINGHOUSE RULE 18-010

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

a. Only those provisions affected by a rule need to be included in the rule text. [See s. 1.04 (1) (b) 2., Manual.] In SECTIONS 1 and 2, it appears that the only provisions treated by the proposed rule are ss. NR 10.01 (intro.) and (3) (Table) and 10.111 (5) (b). If so, the treatment clauses for each section should be modified to include only those treated provisions, and the text of the unaffected provisions, including s. NR 10.111 (5) (title), should be removed from the proposed rule.

b. In SECTION 1 of the proposed rule, the commas following both instances of the phrase “based on scientific metrics” should be underscored.

c. In the rule summary’s explanation of statutory authority, a description of s. 29.182, Stats., should be added, as it is included in the listing of statutory authority.

d. The rule summary’s listing of the deadline to submit comments should specify how a reader could determine the date of the deadline.
