SUMMARY OF PROPOSED RULE & FISCAL ESTIMATE

For a summary of the rule see the analysis contained in the attached proposed rulemaking order. There will be no state or local government fiscal effect. The full text of

the proposed changes, a summary of the changes and the fiscal estimate are attached to this Notice of Hearing.

**PROPOSED ORDER OF THE OFFICE OF THE COMMISSIONER OF INSURANCE
AND THE
BOARD OF GOVERNORS OF THE INJURED PATIENTS AND FAMILIES
COMPENSATION FUND
AMENDING A RULE**

The office of the commissioner of insurance and the board of governors of the injured patients and families compensation fund propose an order to amend ss. Ins 17. 01 (3) and 17.28 (6) (intro.), (6) (k) 2., (6) (L) 2., (6) m)2., (6) (n) 3., (6) (q) 2., Wis. Adm. Code, relating to annual patients compensation fund and mediation panel fees for the fiscal year beginning July 1, 2008 and may have an affect on small business.

ANALYSIS PREPARED BY THE OFFICE OF THE COMMISSIONER OF INSURANCE (OCI)

1. Statutes interpreted:

ss. 655.27 (3), and 655.61, Wis. Stats.

2. Statutory authority:

ss. 601.41 (3), 655.004, 655.27 (3) (b), and 655.61 (12), Wis. Stats.

3. Explanation of OCI's authority to promulgate the proposed rule under these statutes:

The commissioner of insurance, with the approval of the board of governors (board) of the injured patients and families compensation fund (fund), is required to establish by administrative rule the annual fees which participating health care providers must pay to the fund and the annual fee due for the operation of the medical mediation panel.

4. Related statutes or rules:

None

5. The plain language analysis and summary of the proposed rule:

This rule establishes the fees which participating health care providers must pay to the fund for the fiscal year beginning July 1, 2008. These fees represent a 0% change with fees paid for the 2007-08 fiscal year. The board approved these fees at its meeting on December 12, 2007, based on the recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries.

The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation mediation system, based on the recommendation of the director of state courts. The recommendation of the director of state courts was reviewed by the board's actuarial and underwriting committee. This rule implements the funding level approved by the board by establishing mediation panel fees for the next fiscal year at \$18.00 for physicians and \$2.50 per occupied bed for hospitals, representing an increase of \$1.00 per physician and \$1.50 per occupied bed for hospitals from 2007-08 fiscal year mediation panel fees.

6. Summary of and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:

To the fund board's and OCI's knowledge there is no existing or proposed federal regulation that is intended to address patient compensation fund rates, administration or activities.

7. Comparison of similar rules in adjacent states as found by OCI:

To the fund board's and OCI's knowledge there are no similar rules in the adjacent states to compare this rule to as none of these states have a patients compensation fund created by statute where rates are directed to be established yearly by rule as is true in Wisconsin.

8. A summary of the factual data and analytical methodologies that OCI used in support of the proposed rule and how any related findings support the regulatory approach chosen for the proposed rule:

None. This rule establishes annual fund fees pursuant to the requirements of the above-noted Wisconsin statutes.

9. Any analysis and supporting documentation that OCI used in support of OCI's determination of the rule's effect on small businesses under s. 227.114:

This increase in mediation panel fees will have an effect on some small businesses in Wisconsin. The mediation panel fee is assessed only on physicians and hospitals, not on corporations or other health care entities. The increase will affect only those small business that pay the mediation panel fees on behalf of their employed physicians. However, the increase in the mediation panel fee will not have a significant effect nor should it negatively affect the small business's ability to compete with other providers.

10. See the attached Private Sector Fiscal Analysis.

The increase in fees promulgated by this rule does not result in a significant fiscal effect on the private sector. The cost of mediation panel fees is a very small portion of the expenses incurred by health care providers. Although a

health care provider may pass this increase on to its patients, there will not be a significant fiscal effect on the private sector as a result of this proposed rule.

11. A description of the Effect on Small Business:

This rule will have little or no effect on small businesses. The increase contained in the proposed rule will require providers to pay an increased mediation panel fee which will increase the operational expenses for the providers. However, this increase is very minimal and will have no effect on the provider's competitive abilities.

Assumptions Used in Arriving at Fiscal Estimate

The Injured Patients and Families Compensation Fund (IPFCF or Fund) is a segregated fund. Annual Fund fees are established to become effective each July 1 based on actuarial estimates of the Fund's needs for payment of medical malpractice claims. The proposed fees were approved by the Fund's Board of Governors at its December 12, 2007 meeting.

The Fund is a unique fund; there are no other funds like it in the country. The WI Fund provides unlimited liability coverage and participation is mandatory. These two features make this Fund unique compared to funds in other states. The only persons who will be affected by this rule change are the Fund participants themselves as the IPFCF is fully funded through assessments paid by Fund participants.

There is no effect on GPR.
