Yes No

9. Policy Problem Addressed by the Rule

This rule implements 2015 Act 290 which allows for administration of drug and devices by injection for purposes other than education; updates the rule to conform to statutory requirements; and provides requirements for a course of study and training in administration technique.

10. Summary of the businesses, business sectors, associations representing business, local governmental units, and individuals that may be affected by the proposed rule that were contacted for comments.

This rule was posted for economic comments for 14 days and none were received.

11. Identify the local governmental units that participated in the development of this EIA.

None.

12. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

This rule will not have an economic and fiscal impact on specific businesses, business sectors, public utility rate payers, local governmental units or the State's economy as a whole.

13. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The benefit to implementing the rule is to create conformity with statutes and clarifies course of study and training in administration technique.

14. Long Range Implications of Implementing the Rule

The long range implication is pharmacists and the public will have a clearer understanding the requirements for a pharmacist to administer a drug or device other than vaccines.

15. Compare With Approaches Being Used by Federal Government

None

16. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Iowa designates licensed pharmacists as qualified to administer drugs who have successfully completed a medication administration course. Illinois, Michigan and Minnesota do not have rules related to administration of drugs or devices.
