DOUGLAS A. TAYLOR
RHINELANDER, MEMBER

Miss Dorothy A. Heil
Assistant Revisor of Statutes
State Capitol
Madison, Wisconsin

Dear Miss Heil:

Attached please find certified copy of Resolution by the Wisconsin State Aeronautics Commission, adopting Section 3.01 of the Wisconsin Administrative Code.

Will you please make the necessary arrangements for publication of the Code in the next issue of the Wisconsin Administrative Code.

We realize that we are getting this to you two days after your deadline, but would appreciate inclusion in the April issue, if at all possible.

Very truly yours,

WISCONSIN STATE AERONAUTICS COMMISSION

T. K. Jordan, Director

PROPOSED RULE REGARDING PERMITS
FOR HIGH STRUCTURES UNDER
SEC. 114.135, STATS. 1955

The State Aeronautics Commission of Wisconsin will adopt the following proposed rule without public hearing thereon, unless, within 30 days after publication of this notice, 25 persons who will be affected by the rule, a municipality which will be affected by the rule, or an association which is representative of a farm, labor, business or professional group which will be affected by the rule petitions the Commission for a public hearing thereon:

Section 3.01 of the Wisconsin Administrative Code is adopted to read:

3.01 Permits for erecting high structures. (1) An application for a permit under s. 114.135 (6), Wis. Stats., shall include the following information:

- (a) Name and address of applicant;
 - (b) Location of proposed structure, to within 5 seconds of latitude and of longitude, and by the quarter quarter section of the United States survey;
 - (c) Maximum elevation of proposed structure above ground level at base of structure;
 - (d) Maximum elevation of proposed structure above mean sea level;
- (2) Upon receipt of every application which complies with subsec. (1), and after such investigation as the commission deems necessary, the Commission will either grant such permit with such conditions as it deems necessary for the safe operation of aircraft or notify the applicant of a time and place for hearing.
 - (3) Permits granted by the commission under s. 114.135 (6), Wis. Stats., will require that the structures at all times shall be lighted and marked, in accordance with the standards established by the commission; provided, that this requirement may be waived whenever the commission deems that such lighting and marking are not necessary in the interest of the safe operation of aircraft.
 - (4) The commission hereby adopts and establishes as its standards for the lighting and marking of high structures erected under permits issued pursuant to this section the standards established, including future changes or amendments, by the Civil Aeronautics Administration of the U. S. Department of Commerce.

WISCONSIN STATE AERONAUTICS COMMISSION

RESOLUTION
ADOPTING SECTION 3.01 OF THE ADMINISTRATIVE CODE

WHEREAS, pursuant to rule-making procedures established for state departments by Chapter 211, Laws of 1955, the Aeronautics Commission caused to be published in the January issue of the Register proposed Section 3.01 of the Administrative Code; and

WHEREAS, since date of publication of proposed rule 30 days have elapsed and no person, association, representative of a farm, labor, business or professional group, affected by the proposed rule has petitioned the Commission for a public hearing on the proposed rule;

NOW THEREFORE BE IT RESOLVED: That Section 3.01 of the Wisconsin Administrative Code be adopted to read:

3.01 Permits for erecting high structures. (1) An application for a permit under s. 114.135 (6), Wis. Stats., shall include the following information:

- (a) Name and address of applicant
- (b) Location of proposed structure, to within 5 seconds of latitude and of longitude, and by the quarter quarter section of the United States survey;
- (c) Maximum elevation of proposed structure above ground level at base of structure;
- (d) Maximum elevation of proposed structure above mean sea level;

(2) Upon receipt of every application which complies with subsec. (1), and after such investigation as the commission deems necessary, the Commission will either grant such permit with such conditions as it deems necessary for the safe operation of aircraft, or notify the applicant of a time and place for hearing.

(3) Permits granted by the commission under s. 114.135 (6), Wis. Stats., will require that the structures at all times shall be lighted and marked, in accordance with the standards established by the commission; provided, that this requirement may be waived whenever the commission deems that such lighting and marking are not necessary in the interest of the safe operation of aircraft.

(4) The commission hereby adopts and establishes as its standards for the lighting and marking of high structures erected under permits issued pursuant to this section the standards established, including future changes or amendments, by the Civil Aeronautics Administration of the U. S. Department of Commerce.

Motion by Dr. L. O. Simenstad.

Seconded by Douglas A. Taylor.

Motion carried unanimously.
