WCD 22.01 Mississippi river boundary water defined. For the purpose of hook and line fishing in the Mississippi river interstate boundary waters to apply to residents of Wisconsin and nonresident hook and line fishermen properly licensed under sections 29.09 and 29.14, Wis. Stats., all waters from the Chicago, Burlington and Quincy railroad tracks on the east side of the Mississippi river and extending west from said railroad track to that part of the river which follows the channel markers as established by the United States war department, shall be defined as interstate boundary waters.

am.

WCD 22.02 Seasons; limits. (1) There shall be established on the interstate boundary waters between the states of Wisconsin and Iowa, said boundary waters being more particularly described and known as the Mississippi river, the following open and closed seasons for the taking of the various varieties and species of fish, bag limits, size limits, possession limits, types of commercial fishing gear, sizes of mesh, closed or restricted areas, and other rules and regulations as are prescribed in this chapter.

(2) A closed season is established for each variety and species of fish named herein extending during all the time of each year except the open season period embraced within the specified dates, both inclusive, and except as otherwise expressly provided, no person or persons shall take, catch, or kill fish of any variety or fish for fish at any time other than the open season therefor nor have in his possession nor under his control any fish in excess of the daily bag limit or possession limit nor below the minimum size therefor at any time during the open season as provided in this chapter. All seasons for the taking, catching, killing or fishing for fish and all other rules and regulations pertaining to fishing as designated in this chapter shall remain in force and effect until such time as they are rescinded or modified either by legislative action or by state conservation commission order.

(3) The measurement of length of fish shall be taken in a straight line from the tip of the snout to the utmost end of the tail fin.

(4) Whenever the size of mesh is mentioned, the measurement shall be made by stretch measure except in basket traps (slat nets). Such measurements shall apply to net meshes when in use and no allowance shall be made for the shrinkage due to any cause.

one end thereof closed with webbing of a mesh not less than one and one-fourth inches bar or square measure may be used for the taking of rough fish and catfish 13 inches or over during that period of time extending from May 1 to the next succeeding October 31 and shall be equipped with a metal tag as prescribed in section 29.343, Wis. Stats. Such webbing shall be attached in such manner that the length, depth or width of each mesh is not decreased. Licenses for such basket traps (slat nets) shall be obtained pursuant to section 29.343, Wis. Stats. All such nets mentioned above must be lifted at least once in every 48 hour period.

(10) It shall be lawful for any person licensed pursuant to section 29.343 (3), Wis. Stats., to use a trammel net not more than 300 feet in length and with a mesh of any size for the taking of fish as set forth in section WCD 22.11 (3). Such trammel nets may be used in that part of the Mississippi river between the states of Iowa and Wisconsin under the jurisdiction of the state of Wisconsin which lies within the navigation channel as established by the United States war department in Twelve Mile (Cassville) Slough, State Line Slough and Hurricane Chute in Grant county. Such trammel nets may be used in a drifting manner only. It shall be unlawful for any person to use or operate any trammel net in any manner except as provided in this section.

(11) All commercial fishermen conducting fishing operations with gill nets or seines shall comply with the provisions of section 29.34, Wis. Stats.

(12) No net or nets of any kind shall be lifted, hauled or drawn in any manner between sunset and sunrise of the following morning, except for the purpose of completing a seine haul with the permission of the supervisor nor shall any net, except a trammel net be used in a drifting manner.

(13) All fishermen licensed under the provisions of sections 29.34, 29.37 and 29.343, Wis. Stats., shall report to the conservation commission on blanks to be furnished by the commission, detailed information regarding their activities which shall include the number of pounds and varieties of fish taken, amounts returned to the water and any other information pertaining to commercial fishing activities required by the conservation commission.

(14) No licensed commercial fisherman or any member of his crew or any person in his boat shall have in his possession any panfish or game fish or sport angling equipment while operating licensed commercial gear or while traveling to or from the operation of such gear.

WCD 22.12 Boundary, commercial fishing. For the purpose of clamming, set line and commercial net fishing, the Mississippi river shall be designated as that part of the river following the boundaries between the states of Iowa and Wisconsin.

WCD 22.13 Reciprocity, hook and line fishing. All residents of Iowa and Wisconsin holding hook and line fishing licenses from their respective states shall have the right to fish in any of the waters lying between the Chicago, Milwaukee and St. Paul railway tracks on the Iowa side of the river and the Chicago, Burlington and Quincy railway tracks lying on the Wisconsin side of the river during the open season for hook and line fishing. This reciprocity does not apply to clambers, set line or commercial net operators.
