The purpose of this rule is to define the term "public institution" in relation to eligibility for aid payable under sections 49.18, 49.20 to ~~49.38~~ 49.37 and 49.61 of the Wisconsin statutes and to specify under what conditions federal and state reimbursement will be allowed for such aid granted to persons being cared for in public institutions. Subsections (3) and (4) shall not apply to state reimbursement for old-age assistance paid to residents of public institutions who are not prevented from receiving assistance by section 49.20 (2), Wis. Stats.

(2) DEFINITION OF PUBLIC INSTITUTION. The term "public institution" means an institution that provides shelter, custody, treatment, or care and that is operated by a governmental unit or over which a governmental unit exercises administrative control.

(3) DETERMINATION OF PUBLIC OR PRIVATE NATURE OF INSTITUTION. In all instances in which (1) any public funds are appropriated for financing the operation of an institution or in which (2) a public institution is leased to a private individual, approval shall be secured of the department before assistance under sections 49.18, 49.20 to ~~49.38~~ 49.37 and 49.61, Wis. Stats., may be paid. In making the determination, consideration shall be given to whether there is public control of any aspect of the administration as a result of public financial support; through selection or appointment of the governing body; through selection, appointment, or payment of staff; through participation in establishing admission policies or fees; through control of decisions on applications or control of financial arrangements with persons accepted; through control of any aspect of operation through standards that differ from those covering institutions entirely privately owned and operated. The method by which the foregoing criteria are applied shall be prescribed by the department.

(4) PUBLIC MEDICAL INSTITUTIONS. For the purpose of obtaining federal reimbursement for aid payable under sections 49.18; ~~49.20 to~~ ~~49.38~~ and 49.61, Wis. Stats., to patients in public medical institutions, the term "medical institution" means an institution (other than an institution for tuberculosis or mental diseases) and for aid payable under sections 49.20 to 49.37 the term "medical institution" means an institution (other than an institution for tuberculosis) that meets the criteria promulgated by the state board of public welfare on the advice of the joint committee on standards, known as STANDARDS FOR MAINTENANCE AND OPERATION OF COUNTY HOMES, INFIRMARIES, GENERAL HOSPITALS AND PUBLIC MEDICAL INSTITUTIONS, ch. PW 1.

(a) The method by which the foregoing criteria are applied shall be prescribed by the department. The state of Wisconsin general hospital and the Milwaukee county general hospital and the Wisconsin orthopedic hospital for children are by the nature of their operation hereby determined to be medical institutions in accordance with the foregoing criteria.
