ORDER OF THE WISCONSIN REGISTRATION BOARD OF
ARCHITECTS AND PROFESSIONAL ENGINEERS ADOPTING RULES

Pursuant to authority vested in the engineering division of the Wisconsin Registration Board of Architects and Professional Engineers by Section 101.315 (1)(d), Wis. Stats., the division adopts rules as follows:

Section A-E 1.15 (6) of the WISCONSIN ADMINISTRATIVE CODE is repealed and recreated to read:

A-E 1.15 (6) EXAMINATIONS FOR LAND SURVEYOR. (a) Examinations required. Parts I, II, III and IV. Each part 4 hours in length, Total 2 days (16 hours).

1. The applicant shall be required to pass the 16-hour written examination.

2. Oral examinations will be at the discretion of the engineering division.

(b) Place of examinations. Madison, Wisconsin.

(c) Time of examinations. Exact time and date to be arranged.

(Normally held latter part of the month in July and December.)

(d) Grading of written examinations; passing grades. 1. Experience ratings will not be weighed as a part of the examinations.

2. The applicant must not fall below 60% in part I, part II, part III or part IV, and must average at least 70% in a combination of: part I and part II; and part III and part IV.

3. If an applicant fails in parts I, II, III or IV of the examination he may at the discretion of the board be not required to retake the parts he has passed, or he may be required to retake the entire examination.

(e) Scope of written examinations. The examination will be made up of questions covering some phases of the following subjects;

1. Fundamentals of mathematics, algebra, trigonometry and geometry; the history, principles and applications of the U. S. System of Public Land Surveys, Wisconsin plane coordinate surveys, and geodetic surveys; the instructions of the U. S. Land Office relative to the relocation of lost and obliterated corners and the subdivision of sections; the legal essentials of resurveys, including those involving disputed boundaries, defective deed descriptions, riparian rights, adverse possessions, etc.; Wisconsin Statutes relative to land surveying, including the preparation and filing of plats; the writing and interpretations of land descriptions; the technical essentials of land surveying and subdivision of lands, including practical problems requiring a knowledge of the basic theory and fundamental concepts in field astronomy, geometry of curves, topography and photogrammetry.

The rules contained herein shall take effect on August 1, 1967.

Dated March 17, 1967.
