ORDER OF  
THE CONTROLLED SUBSTANCES BOARD  
CREATING CSB 2.21, WIS. ADM. CODE  
ADDITIONS, DELETIONS, TRANSFERS, AND AMENDMENTS TO SCHEDULES

Relating to changes in classification of controlled substances in the schedules of chapter 161, the uniform controlled substances act.

Analysis prepared by the controlled substances board:

The following changes revise and correct the schedules of controlled substances, as specified in s. 161.24, and found in ss. 161.14, 161.16, 161.18, 161.20, and 161.22. Various substances have been scheduled, rescheduled or deleted as controlled substances under federal law. Under ss. 161.11(4) of the Wisc. controlled substances act the controlled substances board is required to take similar action unless specific objection is made by the board within 30 days of the federal action. There has been no objection to the various federal actions and this order adopts the scheduling, rescheduling and deletions. In addition various changes have been made to correct chemical nomenclature.

Pursuant to authority vested in the Controlled Substances Board by ss. 161.11 (1), 161.11(4), and 161.24, the Controlled Substances Board proposes to adopt CSB 2.21 WI Administrative Code to revise various sections of ss. 161.14, 161.16, 161.18, and 161.20.
