

CERTIFICATE

STATE OF WISCONSIN )  
 ) SS  
WISCONSIN GAMING COMMISSION )

CR 94-95

I, John M. Tries, Chairman of the Wisconsin Gaming Commission, and custodian of the official records, certify that the annexed rules, relating to the operation of pari-mutuel racing in Wisconsin, were duly approved and adopted by this commission on April 21, 1994.

I further certify that this copy has been compared by me with the original on file with this commission and that it is a true copy of the original, and of the whole original.

IN TESTIMONY WHEREOF, I have hereunto set my hand of the Wisconsin Gaming Commission at 150 East Gilman Street, Suite 1000, in the city of Madison this 10 day of November, 1994.

**ORDER OF THE WISCONSIN GAMING COMMISSION**

The Wisconsin Gaming Commission proposes an order to repeal and recreate RACE 9.09, relating to pari-mutuel racing.

---

**ANALYSIS PREPARED BY THE WISCONSIN GAMING COMMISSION**

**Statutory authority:** ss. 561.02 and 562.065 (1), Stats.

**Statutes interpreted:** ss. 562.02 (1) (a) and 562.065 (1), (2), (3) and (4), Stats.

**Summary of Proposed Rule:**

RACE 9.09 requires selection of the first 2 finishers, irrespective of order, in each of 2 specified races. This section is consistent with the uniform model rules as adopted by the Association of Racing Commissioners International, Inc. Quiniela double tickets shall be purchased for both of the 2 quiniela double races prior to the first of the 2 races, without any exchange between the first and second races comprising the wager. Further, this section is recreated to allow for consolation payouts due to multiple scratches of animals in the second race and distribute payouts to more winners when there is no ticket correctly selecting the first 2 finishers in each of the quiniela double races.

**TEXT OF RULE**

SECTION 1. Section RACE 9.09 is repealed and recreated to read:

RACE 9.09 QUINIELA DOUBLE POOLS. (1) The quiniela double requires selection of the first 2 finishers, irrespective of order, in each of two specified races. Quiniela double tickets shall be purchased for both of the 2 quiniela double races prior to the first of the 2 races, without any exchange of tickets between the first and second races.

(2) The net quiniela double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If animals representing the same wagering interest finish as the first 2 finishers in either race, as a single price pool to those selecting the animals representing the same wagering interest combined with the next separate wagering interest in the official order of finish for that race, as well as the first 2 finishers in the corresponding quiniela double race, otherwise;

(b) As a single price pool to those who selected the first 2 finishers in each of the 2 quiniela double races. If there is no ticket selecting the first 2 finishers in each of the quiniela double races, then;

(c) As a single price pool to those who selected the first 2 finishers in the first quiniela double race. If there is no ticket selecting the first 2 finishers in the first quiniela double race, then;

(d) The entire pool shall be refunded on quiniela double wagers for those races.

(3) If there is a dead heat for first in either of the 2 quiniela double races involving:

(a) Animals representing the same wagering interest, the quiniela double pool shall be distributed to those selecting the animals representing the same wagering interest combined with the next separate wagering interest in the official order of finish for that race.

(b) Animals representing 2 wagering interests, the quiniela double pool shall be distributed as if no dead heat occurred.

(c) Animals representing 3 or more wagering interests, the quiniela double pool shall be distributed as a profit split.

(4) If there is a dead heat for second in either of the quiniela double races involving animals representing the same wagering interest, the quiniela double pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second in either of the quiniela double races involving animals representing 2 or more wagering interests, the quiniela double pool shall be distributed as a profit split.

(6) If a wagering interest in the first half of the quiniela double is scratched prior to the first quiniela double race being declared official, all money wagered on combinations including the scratched wagering interest shall be deducted from the quiniela double pool and refunded.

(7) If a wagering interest in the second half of the quiniela double is scratched prior to the close of wagering on the first quiniela double race, all money wagered on combinations including the scratched wagering interest shall be deducted from the quiniela double pool and refunded.

(8) If a wagering interest in the second half of the quiniela double is scratched after the close of wagering on the first quiniela double race, all wagers combining the winning combination in the first race with a combination including the scratched wagering interest in the second race shall be allocated a consolation payout. In calculating the consolation payout the net quiniela double pool shall be divided by the total amount wagered on the winning combination in the first race and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winning combination in the first race combined with a combination including the scratched wagering

interest in the second race to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net quiniela double pool before calculation and distribution of the winning quiniela double payout. In the event of a dead heat involving separate wagering interests, the net quiniela double pool shall be distributed as a profit split.

(9) If either of the quiniela double races is canceled prior to the first quiniela double race, or the first quiniela double race is declared no race, the entire quiniela double pool shall be refunded on quiniela double wagers for those races.

(10) If the second quiniela double race is canceled or declared no race after the conclusion of the first quiniela double race, the net quiniela double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first quiniela double race. If there are no wagers selecting the winning combination in the first quiniela double race, the entire quiniela double pool shall be refunded on quiniela double wagers for those races.

This rule shall take effect on the first day of the month following publication in the Wisconsin administrative register as provided in s. 227.22 (2) (intro.), Stats.
