

WISCONSIN ADMINISTRATIVE CODE INDEX

This is an index of all the current rules which have been filed and published up to and including July 1, 2004. The index will be recompiled, reprinted and distributed at least three times a year.

The entries designate the place where a rule is to be found. For example:

ACCOUNTING EXAMINING BOARD

Certified public accountant, examination:

Applicant's experience, training and educational background, Accy 3.02

This entry means that the Accounting Examining Board Code contains information with reference to the examination of an applicant under the heading, "Certified public accountant, examination"; that the applicant's experience, training and educational background requirements are found in chapter 3, section 2 of the Accounting rules. The chapter number is to the left of the decimal point and the section number is to the right. Page numbers are not referred to in this index, and the state agencies are arranged in the binders in alphabetical order. (See the table of contents in the front of each volume.)

Several codes will have a separate index prepared by the agency involved. See the Uniform Dwelling Code, chapters Comm 20 to 25 for an example.

Suggestions for the improvement of the index or a report of errors and omissions will be appreciated.
