(32) (a) “Skilled nursing services” means those services furnished pursuant to a physician’s orders which:

1. Require the skills of professional personnel such as registered or licensed practical nurses; and

2. Are provided either directly by or under the supervision of these personnel.

(b) In determining whether a service is skilled, the following criteria shall be used:

1. The service would constitute a skilled service where the inherent complexity of a service prescribed for a resident is such that it can be safely and effectively performed only by or under the supervision of professional personnel;

2. The restoration potential of a resident is not the deciding factor in determining whether a service is to be considered skilled or unskilled. Even where full recovery or medical improvement is not possible, skilled care may be needed to prevent, to the extent possible, deterioration of the condition or to sustain current capacities; and

3. A service that is generally unskilled would be considered skilled where, because of special medical complications, its performance or supervision or the observation of the resident necessitates the use of skilled nursing personnel.

(34) “Supervision” means at least intermittent face-to-face contact between supervisor and assistant, with the supervisor instructing and overseeing the assistant, but does not require the continuous presence of the supervisor in the same building as the assistant.

(35) “Tour of duty” means a portion of the day during which a shift of resident care personnel are on duty.

(d) No license may be issued unless and until the applicant has supplied all information requested by the department.

3. Any adverse action against the applicant or any person or business entity named in the application based upon noncompliance with federal statutes or regulations in the applicant's or any person or business entity named in the application's operation of a residential or health care facility in this or any other state. In this subdivision, "adverse action" means an action by a state or federal agency which resulted in the imposition of Category 3 remedies pursuant to 42 CFR sec. 488.408 (e), placement of a state monitor or the appointment of a receiver, transfer of residents, or the denial, non-renewal, cancellation or termination of certification of a residential or health care facility operated by the applicant;

If a complete report is not timely filed, the department shall issue a warning to the licensee. If a nursing home licensee who has not filed a timely report fails to submit a complete report to the department within 60 days after the date established under the schedule determined by the department, the department may revoke the license.

(p) *Nondiscriminatory treatment.* Be free from discrimination based on the source from which the facility's charges for the resident's care are paid, as follows:

1. No facility may assign a resident to a particular wing or other distinct area of the facility, whether for sleeping, dining or any other purpose, on the basis of the source or amount of payment, except that a facility only part of which is certified for Medicare reimbursement under 42 USC 1395 is not prohibited from assigning a resident to the certified part of the facility because the source of payment for the resident's care is Medicare.

2. Facilities shall offer and provide an identical package of basic services meeting the requirements of this chapter to all individuals regardless of the sources of a resident's payment or amount of payment. Facilities may offer enhancements of basic services, or enhancements of individual components of basic services, provided that these enhanced services are made available at an identical cost to all residents regardless of the source of a resident's payment. A facility which elects to offer enhancements to basic services to its residents must provide all residents with a detailed explanation of enhanced services and the additional charges for these services pursuant to par. (d) 1. b.

3. If a facility offers at extra charge additional services which are not covered by the medical assistance program under ss. 49.43 to 49.497, Stats., and chs. HFS 101 to 108, it shall provide them to any resident willing and able to pay for them, regardless of the source from which the resident pays the facility's charges.

4. No facility may require, offer or provide an identification tag for a resident or any other item which discloses the source from which the facility's charges for that resident's care are paid.

(4) **NOTIFICATION.** (a) *Serving notice.* Facility staff shall verbally explain to each new resident and to that person's guardian, if any, prior to or at the time of the person's admission to the facility, these rights and the facility's policies and regulations governing resident conduct and responsibilities.

(b) *Amendments.* All amendments to the rights provided under this section and all amendments to the facility regulations and policies governing resident conduct and responsibilities require notification of each resident or guardian, if any, or any other responsible person designated in writing by the resident, at the time the amendment is put into effect. The facility shall provide the resident or guardian, if any, or any other responsible person designated in writing by the resident and each member of the facility's staff with a copy of all amendments.

(6) **COMPLAINTS.** Any person may file a complaint with a licensee or the department regarding the operation of a facility. Complaints may be made orally or in writing.

HFS 132.33 Housing residents in locked units.

(1) **DEFINITIONS.** As used in this section:

(a) "Locked unit" means a ward, wing or room which is designated as a protective environment and is secured in a manner that prevents a resident from leaving the unit at will. A physical restraint applied to the body is not a locked unit. A facility locked for purposes of security is not a locked unit, provided that residents may exit at will.

(b) "Consent" means a written, signed request given without duress by a resident capable of understanding the nature of the locked unit, the circumstances of one's condition, and the meaning of the consent to be given.

(2) **RESTRICTION.** Except as otherwise provided by this section, no resident may be housed in a locked unit. Physical or chemical restraints or repeated use of emergency restraint under sub. (5) may not be used to circumvent this restriction. Placement in a locked unit shall be based on the determination that this placement is the least restrictive environment consistent with the needs of the person.

Note: For requirements relating to the use of physical and chemical restraints, including locked rooms, see s. HFS 132.60 (6).

(3) **PLACEMENT.** (a) A resident may be housed in a locked unit under any one of the following conditions:

1. The resident consents under sub. (4) to being housed on a locked unit;
2. The court that protectively placed the resident under s. 55.15, Stats., made a specific finding of the need for a locked unit;
3. The resident has been transferred to a locked unit pursuant to s. 55.15, Stats., and the medical record contains documentation of the notice provided to the guardian, the court and the agency designated under s. 55.02, Stats.; or
4. In an emergency governed by sub. (5).

(b) A facility may transfer a resident from a locked unit to an unlocked unit without court approval pursuant to s. 55.15, Stats., if it determines that the needs of the resident can be met on an unlocked unit. Notice of the transfer shall be provided as required under s. 55.15, Stats., and shall be documented in the resident's medical record.

(4) **CONSENT.** (a) A resident may give consent to reside in a locked unit.

(b) The consent of par. (a) shall be effective only for 90 days from the date of the consent, unless revoked pursuant to par. (c). Consent may be renewed for 90-day periods pursuant to this subsection.

(c) The consent of par. (a) may be revoked by the resident at any time. The resident shall be transferred to an unlocked unit promptly following revocation.

(5) **EMERGENCIES.** In an emergency, a resident may be confined in a locked unit if necessary to protect the resident or others from injury or to protect property, provided the facility immediately attempts to notify the physician for instructions. A physician's order for the confinement must be obtained within 12 hours. No resident may be confined for more than an additional 72 hours under order of the physician.

(b) *Small homes.* A facility licensed for 50 beds or less shall employ an administrator for at least 4 hours per day on each of 5 days per week. No such administrator shall be employed in more than 2 nursing homes or other health care facilities.

(4) **CHANGE OF ADMINISTRATOR.** (a) *Termination of administrator.* Except as provided in par. (b), no administrator shall be terminated unless recruitment procedures are begun immediately.

This certification shall include screening for tuberculosis within 90 days prior to employment.

(b) *Continuing employees.* Employees shall be rescreened for clinically apparent communicable disease as described in par. (c) *Non-employees.* Persons who reside in the facility but are not residents or employees, such as relatives of the facility's owners shall be certified in writing as required in pars. (a) and (b).

(4) **DISEASE SURVEILLANCE AND CONTROL.** When an employee or prospective employee has a communicable disease that may result in the transmission of the communicable disease, he or she may not perform employment duties in the facility until the facility makes safe accommodations to prevent the transmission of the communicable disease.

Note: The Americans with Disabilities Act and Rehabilitation Act of 1973 prohibits the termination or non-hiring of an employee based solely on an employee having an infectious disease, illness or condition.

(5) **VOLUNTEERS.** Facilities may use volunteers provided that the volunteers receive the orientation and supervision necessary to assure resident health, safety, and welfare.

If the resident files a written appeal within 7 days after receiving notice of transfer or of discharge from the facility, the resident may not be transferred or discharged from the facility until the department's bureau of quality assurance has completed its review of the decision and notified both the resident and the facility of its decision.

5. The department's bureau of quality assurance shall complete its review of the facility's decision and notify both the resident and the facility in writing of its decision within 14 days after
