**Assumptions Used in Arriving at Fiscal Estimate**

The updated version of DOC 302 proposes to repeal, amend, and create many definitions in the chapter. Promulgates a rule provision requiring the department to set prison population limits under Wis. Stat. 301.055. In keeping with current correctional practice, it more accurately describes intake and classification process. Provides a process for a department registrar to contact the sentencing court and the inmate if there is uncertainty in the sentence imposed by the court. Finally, it creates a department process for Extraordinary Health Condition and aged petition release from prison under Wis. Stat. 301.055.

The fiscal impact on the Department is indeterminate. The department promulgating rules regarding prison population limits has no foreseeable fiscal impact. Finally, changing definitions in DOC 302 has no fiscal impact.

**Long-Range Fiscal Implications**  
**Non-determinable**
