11. Policy Problem Addressed by the Rule This rule repeals the rules under the prior nurse licensure compact and creates an appendix with the rules promulgated by the Interstate Commission of Nurse Licensure Compact Administrators. It also amends licensure rules to reflect the two methods for application depending on whether the applicant is seeking a single or multistate license.	
12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments. This rule was posted for economic comments and none were received.	
13. Identify the Local Governmental Units that Participated in the Development of this EIA. None	
14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred) This rule does not create new policy. The new uniform licensure requirements for a multistate license are set forth in the Nurse Licensure Compact adopted by statute and contained in this rule merely as a clarification for applicants of the process for multistate and single state licenses. A nurse has an option to incur additional expense (primarily to undergo fingerprinting/biometric background check) to obtain a multistate license, however, there are no additional expenses for a person to obtain a single state license to practice only in Wisconsin. The rules for the Nurse Licensure Compact are promulgated and adopted by the Nurse Licensure Compact Commission and are not promulgated by the state of Wisconsin. Therefore, any affect the Nurse Licensure Compact or its rules have on individuals or small business are not a result of rules promulgated by the Wisconsin Board of Nursing.	
15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule The benefit to implement the rule is providing procedures to obtain a multistate license and publishing the Nurse Licensure Compact rules in a location to provide notice to licensees and the public.
