All persons assisting the Dentist shall complete and maintain basic life support certification [225 Illinois Compiled Statutes 25/8.1].

Iowa: Iowa requires Dentists who practice moderate sedation, deep sedation, or general anesthesia to have a permit. Current certification in ACLS or current certification in PALS for those administering sedation to pediatric patients, is required for all sedation permits [650 Iowa Administrative Code Chapter 29 Section 5].

Michigan: Michigan requires Dentists who practice general anesthesia and intravenous conscious sedation to maintain current certification in both basic and advanced cardiovascular life support [Michigan Administrative Rules R 338.11601 and 338.11602].

Minnesota: Minnesota requires Dentists who practice moderate sedation, deep sedation, or general anesthesia to maintain current certification in ACLS or PALS, as well as in cardiopulmonary resuscitation [Minnesota Administrative Rules Section 3100.3600].
