

[No. 27, S.]

JOINT RESOLUTION NO. 7.

Authorizing Senator Frear to introduce a bill to supervise, regulate and limit the issuance of stock, shares, bonds, liens and mortgages by any railway company upon its property within the state.

Resolved, by the senate, the assembly concurring, That Senator Frear is hereby authorized to introduce a bill to supervise, regulate and limit the issuance and execution of stock, shares, bonds, liens and mortgages by any railway company upon its property within the state.

[No. 33, A.]

JOINT RESOLUTION NO. 8.

Relating to the establishment of a binder twine plant at the Wisconsin state prison.

WHEREAS, A bill has been introduced in this legislature providing for the establishment of a binder twine plant at the Wisconsin state prison and

WHEREAS, The legislature is desirous that an investigation of the operations and results of similar plants in the prisons of other states be made, and

WHEREAS, The legislature desires that all such information be obtained and reported to the legislature of 1907, therefore, be it

Resolved by the assembly, the senate concurring, That the state board of control make a thorough investigation of the workings of binder twine plants now in operation in prisons in other states and the financial results of such binder twine plants, and obtain such other information as it can concerning binder twine plants and make a report of such investigation to the legislature of 1907.
