CHAPTER 479.

AN ACT to repeal section 1636—4 and 4390a of the statutes; and to create a new section of the statutes to be numbered section 1636—4, relating to fire escapes on buildings.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. Sections 1636—4 and 4390a of the statutes are repealed.

SECTION 2. There is added to the statutes a new section to read: Section 1636—4. Every person or corporation owning, occupying, or controlling any building now or hereafter used, in whole or in part, as a public building, public or private institution, hotel, inn, schoolhouse, church, public hall, place of assemblage, or place of public resort, opera house; every office building, flat building, apartment building, tenement house, and lodging house three or more stories high, and every factory, workshop or other structure three or more stories high, in which ten or more persons are employed above the ground floor, at any kind of labor, shall provide and keep connected with the same one or more good and substantial metallic or fire-proof ladders, stairs or stairways, ready for use at all times, reaching from the cornice to the top of the first story and placed on the outside thereof in such position and number as may be designated by the chief of the fire department or fire marshal of the city or village in which such structure is situated, or by the state factory inspector, and at each story above the first a wrought iron balcony in connection with such ladder, such balcony to be substantially attached to the structure, and of such length as to permit of access to it from two or more windows on each story, and of sufficient size to furnish reasonable means of escape to the persons therein from each and every floor or story above the first; and in all cities and villages where there is a water supply,

either from water-works, fire engine, or pumping station, there shall be attached to such fire-escape, except on structures equipped with automatic sprinklers, a three-inch wrought iron stand pipe extending from a point within five feet from the ground to a point three feet above the roof or cornice, and on the roof shall be attached a two and one-half inch angle hose valve, with male hose connection and a double or Siamese "Y" female hose connection at the base of the pipe, the threads of which shall conform to the size and pattern used by the fire department where the structure is located. Any such person or corporation who shall fail, for three months after the receipt of notice in writing, stating the substance of the provisions of this section, from such chief, marshal or inspector to provide and keep such means of escape or such stand-pipe shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by fine not exceeding one hundred dollars, or by imprisonment in the county jail not more than thirty days.

SECTION 3. All acts or parts of acts inconsistent with the provisions of this act are repealed.

SECTION 4. This act shall take effect and be in force from and after its passage and publication.
