## JOINT RESOLUTION NO. 43.

Memorializing congress relating to federal co-operation in the work of road improvement.

WHEREAS, We believe that the adoption of a policy of federal aid for road construction is a most important step toward the establishment of a complete system of improved roads in all sections of the country, and that the co-operation of the national government in this matter would be of great assistance to the various state, county and township road authorities, in placing the work of road improvement on a permanent and scientific basis, and

WHEREAS, We would submit that the improvement of the country's highways deserves a share in the annual appropriations by congress equally with the improvement of our waterways, and that it is only fair and reasonable that a part of the revenues derived from taxes paid by the people as a whole should be devoted to this purpose, thus aiding in the betterment of conditions affecting trade and commerce in all sections of the country.
