## CHAPTER 155.

AN ACT to amend 94.20 (1) and 94.41 (1) of the statutes, relating to noxious weeds, and providing a penalty.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. Subsection (1) of section 94.20 of the statutes is amended to read:

(94.20) (1) The term "noxious weeds" as used herein shall include the following: Class I, Canadian thistle, marijuana that is not grown or cultivated for lawful commercial purposes, English charlock, or wild mustard, field bindweed, commonly known as "creeping Jenny", goatsbeard, quack or quitch grass; Class II, field dodder, Indian mustard, oxeye daisy, snapdragon or butter and eggs, and perennial sow thistle. Every person shall destroy, or cut upon all lands which he shall own, occupy or control, all weeds named in Class I at such time and in such manner as shall effectually prevent them from bearing seed, or spreading to adjoining property. In case of weeds having underground root-stocks and where the destruction of weeds in standings crops will result in the sacrifice of the crops, the department may determine the time and method of eradication.

SECTION 2. Subsection (1) of section 94.41 of the statutes is amended to read:

(94.41) (1) No agricultural seeds shall be sold or offered for sale or distribution within the state for seeding purposes which contain the seeds of the following named noxious weeds: Canada thistle, couch, quack or quitch grass, clover dodder, field dodder, field bindweed, commonly known as "creeping Jenny", alfalfa dodder, English charlock or wild mustard, Indian mustard, wild oats, corn cockle, oxeye daisy, snapdragon or butter and eggs, or sow thistle, in greater proportion than one to three thousand of the kind of seeds sold or offered for sale; and in the case of buckhorn, ribwort or narrow-leaved plantain, the number of such weed seeds shall not exceed one to one thousand of the seed sold or offered for sale.

SECTION 3. This act shall take effect upon passage and publication.
