DFI-CU 68.01 Purpose and scope. The purpose of this chapter is to permit Wisconsin-chartered credit unions to invest in the securities, deposits and obligations available to federally chartered credit unions, subject to restrictions which are intended to prevent transactions of a speculative nature. This rule does not limit the investment authority of Wisconsin-chartered credit unions contained elsewhere in the Wisconsin statutes or the Wisconsin administrative code.

DFI-CU 68.03 Definitions. In this chapter:

(1) “Adjusted trading” means any method or transaction used to defer a loss whereby a credit union sells a security to a vendor at a price above its current market price and simultaneously purchases or commits to purchase from the vendor another security at a price above its current market price.

(2) “Authorized depository financial institution” means any bank or savings and loan association insured by the federal deposit insurance corporation.

(3) “Bailment for hire contract” means a contract whereby a third party, bank or other financial institution, for a fee, agrees to exercise at least ordinary care in protecting the securities held in safekeeping for its customers.

(4) “Bankers’ acceptance” means a time draft that is drawn on and accepted by a bank, and that represents an irrevocable obligation of the bank.

(5) “Cash forward agreement” means an agreement to purchase or sell a security with delivery and acceptance being mandatory and at a future date in excess of 30 days from the trade date.

(6) “Eurodollar deposit” means a dollar denominated deposit in a foreign branch of an authorized depository financial institution whose principal office is located in the United States.

(7) “Federal funds transaction” means a short-term or open-ended transfer of funds to an authorized depository financial institution.

(8) “Futures contract” means a contract for the future delivery of commodities, including certain government securities, sold on commodities exchanges.

(9) “Immediate family member” means a spouse, or a child, parent, grandchild, grandparent, brother or sister, or the spouse of any such individual.

(10) “Market price” means the last established price at which a security is sold.

(11) “Maturity date” means the date on which a security matures, and shall not mean the call date or the average life of the security.

(12) “Repurchase transaction” means a transaction in which a credit union agrees to purchase a security from a vendor and to resell the same or any identical security to that vendor at a later date. A repurchase transaction may be of three types:

(a) “Investment-type repurchase transaction” means a repurchase transaction where the credit union purchasing the security takes physical possession of the security, or receives written confirmation of the purchase and a custodial or safekeeping receipt from a third party under a written bailment for hire contract, or is recorded as the owner of the security through the Federal Reserve Book-Entry System;

(b) “Financial institution-type repurchase transaction” means a repurchase transaction with an authorized depository financial institution;

(c) “Loan-type repurchase transaction” means any repurchase transaction that does not qualify as an investment-type or financial institution-type repurchase transaction.

The seller of the commitment is the party receiving payment for assuming the risk associated with committing either to purchase a security in the future at a predetermined price, or to sell a security in the future at a predetermined price. The seller of the commitment is required to either accept delivery of a security (in the case of a commitment to buy) or make delivery of a security (in the case of a commitment to sell), in either case at the option of the buyer of the commitment.

(18) “Trade date” means the date a credit union originally agrees, whether orally or in writing, to enter into the purchase or sale of a security.
