

container or that the product was loaded immediately after fumigation into the vehicle or container which was thoroughly cleaned before loading.

Ag 24.07 Certificate. One copy of the certificate must be mailed to the Chief of the Division of Plant Industry, State Department of Agriculture, Madison, Wisconsin, immediately after issuance; one copy must be attached to the vehicle or container; and one copy must be attached to the waybill, if any. Each such certificate must state (1) the name and address of the consignor, (2) the name and address of the consignee, (3) the date of loading, (4) the name of the carrier and (5) the number of the car or license number of the truck in which it is to be transported.

Ag 24.08 Additional penalties. In addition to the penalties prescribed by statute, any violative material shall be subject to destruction or return to point of origin as deemed necessary by the department.
