Chapter A-V 1

REQUIREMENTS FOR CERTIFICATION

A-V 1.01	Certification	A-V 1.04	Requirements for provisional state certificate
A-V 1.02	Types of certificates	A-V 1.05	Requirements for standard state certificate
A-V 1.03	Requirements for approval		

History: Chapter A-V 1 as it existed on October 31, 1966 was repealed and a new chapter A-V 1 was created effective November 1, 1966.

A-V 1.01 Certification. (1) **APPLICATION.** This chapter applies to: (a) All directors, principals, supervisors, counselors, coordinators, teachers, assistant teachers, technical advisors, and experts (herein referred to as teachers) employed by local boards of vocational and adult education.

(b) All teachers who have their initial employment in Wisconsin schools of vocational, technical and adult education after July 1, 1966.

Note: Teachers employed prior to July 1, 1963 may comply with the regulations as set forth herein, or with the regulations as set forth in Teacher Training Bulletin No. 300 revised March 3, 1953, abridged 1956. Teachers employed after July 1, 1963, may elect to comply with the regulations as set forth herein, or with the regulations as set forth in chapter A-V 1, Requirements for Certificate, July 1, 1963.

(2) **DETERMINATION OF STATUS.** Certificates will be granted based upon teacher training forms and transcripts as submitted to the state board of vocational, technical and adult education.

(3) **ISSUANCE OF CERTIFICATE.** Upon request of the local director, credentials of status will be issued by the state director to such teachers as qualify under the regulations set forth herein.

(4) **APPEAL.** (a) Should any teacher feel that the status granted is not commensurate with the record submitted, appeal may be made to the state director of vocational, technical and adult education for a review of the case by a committee on credentials. Such committee to be appointed at the time of the appeal by the state director of vocational, technical and adult education; to be composed of a professional member of the staff of the state board of vocational, technical and adult education, a local director, and 3 members who hold certified positions comparable to the person making the appeal.

(b) Meetings of the committee will be called by the state director of vocational, technical and adult education.

(5) **GENERAL PROVISIONS.** (a) Equivalency for the requirements may be established through examination by the state board of vocational, technical and adult education or an agency appointed by the board. Any expenses incurred are to be the responsibility of the individual teacher or local board of vocational and adult education.

(b) Education and work experience may be substituted for each other as indicated. Where substitution of work experience and/or education are made, an evaluation will be made by the state board of vocational, technical and adult education. Such substitution may include a special study through armed service schools, manufacturer's schools, correspondence courses, special tutoring and institutes, ap-

proved in-service teacher training programs, successful teaching experiences, work experience in clearly related occupations, and such other experiences as may be approved by the state board of vocational, technical and adult education.

(c) All education and work experience requirements are to be within a 10 year period from the date of application for certification. If more than 10 years have elapsed, teachers will be required to gain appropriate refresher courses at the rate of 2 credits for each year which has elapsed beyond 10 years or 6 months work experience for each year which has elapsed beyond 10 years.

(d) Teachers should demonstrate that in speech, character, personality, and health, they are fit to teach the subjects named in the credentials.

History: Cr. Register, October, 1966, No. 130, eff. 11-1-66.

A-V 1.02 Types of certificates. (1) APPROVAL. Required of all teachers who teach under 450 hours during any school year. Teachers will be considered approved upon submitting appropriate teacher training forms, unless their director(s) is notified in writing within 30 days by the state board of vocational, technical and adult education that they are not approved.

(2) **PROVISIONAL CERTIFICATE. (a) Conditions:** Shall be valid to the nearest August 31 date which will give a full two-year period. It will be renewable upon demonstration by the teacher of having satisfactorily completed the work required by the state board for progress toward the standard state certification (a maximum of 6 credits or 3 months work experience, or a combination of these, will be required in any 2-year period.) This certificate is required of all teachers who teach 450 hours or more in any one school year. The certificate period may be extended where extenuating circumstances make it impractical for an individual to fulfill the requirements. Such extension must be requested at least 3 months prior to the date of expiration.

(3) **STANDARD STATE CERTIFICATE. (a)** Shall be valid for life upon satisfactory completion of requirements.

(b) The certificate can be revoked by action of the state board of vocational, technical and adult education after a hearing in which incompetence to teach is clearly demonstrated.

History: Cr. Register, October, 1966, No. 130, eff. 11-1-66.

A-V 1.03 Requirements for approval. Individual qualifications are subject to re-evaluation every year.

(1) Educational and occupational experience shall be appropriate to the subject being taught as evaluated by the state board of vocational, technical and adult education staff.

(2) Driver education teachers hold valid Wisconsin teacher licenses and valid Wisconsin driver's licenses, have completed 6 semester hours of approved credits in the field of driver and safety education in an accredited teacher education college. Three semester hours shall be in driver education including behind-the-wheel instruction practice, and have demonstrated a satisfactory driving experience for 2 years prior to employment. By July 1, 1969, driver education teachers must have completed 9 semester hours of approved credits in the field of driver-safety education. Three semester hours shall be in basic driver education, 3 in safety education, and 3 in advanced driver education.
