History: Chapter Hy 30 as it existed on June 30, 1962 was repealed and a new chapter Hy 30 was created effective July 1, 1962.

Hy 30.01 General. (1) Pursuant to authority contained in section 348.25(3), Wis. Stats., the commission does hereby establish limits, procedures and conditions under which the various permits authorized by sections 348.26 and 348.27, Wis. Stats., may be issued.

(2) Permits for the movement over state trunk highways of vehicles and loads exceeding limits or conditions established hereby shall be issued only on specific authorization by the commission.

(3) In the interest of uniformity and brevity, the commission hereby establishes the following conditions relating to more than one type of permit, which conditions become effective by reference thereto in the section of the rules relating to the specific type of permit:

(a) *Application requirements.* 1. Applications shall be made to the issuing authority on forms prescribed by the state of Wisconsin, department of transportation, division of highways, hereinafter known as the division of highways, which will be furnished to the applicant upon request.

2. Requests for amendments to permits shall be submitted in writing to the authority issuing the permit.

(b) *Authorization to issue permits.* The authorization for the issuance of permits shall be as stated in the sections relating to each specific type of permit.

(c) *General limitations on issuance of permits.* 1. Permits shall not be issued nor valid for the transporting of loads or articles which could reasonably be divided in such a manner as to allow transporting of the loads or articles in 2 or more loads which would not exceed statutory size and weight limits, nor shall permits be issued or valid for the transporting of more than one article if the vehicle and load exceed statutory weight limits. (This does not prohibit the transporting of necessary blocking for a load, nor the transporting

of such necessary blocking on the otherwise empty vehicle to and from the origin or destination of the load, but it does prohibit, among other things, the addition of an extra bucket, boom section, etc., to a load being transported under a permit issued for an overweight vehicle and load.)

2. The authority issuing a permit or its authorized representatives may impose such additional reasonable conditions as are required.

3. Permits shall not authorize the operation of more than 2 vehicles in combination.

4. Permits shall be issued and valid only for vehicles equipped with pneumatic tires.

(d) *Insurance and liability conditions.* 1. In applying for and accepting a permit, the permittee agrees to pay any claim for any bodily injury or property damage for which he is legally responsible resulting from operations under the permit and to save the state and its subdivisions harmless from any claim which may arise from operations over public highways under the permit.

2. Regardless of whether or not insurance, bond, or deposit as set forth in this subsection is required, the permittee shall be liable for all damage which any highway or its appurtenances may sustain by reason of any operation under a permit.

3. Insurance requirements may be waived for permits issued to the United States Government and the armed forces and for such other permittees as may be determined by the issuing authority.

4. The issuing authority shall be given 10 days' advance notice in writing of the cancellation or termination of any insurance required by the terms of a permit.

5. The permittee may be required to furnish casualty insurance of an approved type or a bond or to deposit a certified check with the authority issuing the permit in the amount determined by the authority issuing the permit as necessary to protect the issuing authority and its subdivisions against any damage which any highway, highway structure, or its appurtenances may sustain by reason of any operation under the permit.

6. The permittee upon request shall provide such greater bodily injury and property damage liability coverage than is specifically set forth herein as may be required by the authority issuing the permit.

(e) *General conditions.* 1. The maximum size limitations and the maximum axle, axle combination and vehicle weights authorized by a permit shall not be exceeded.

2. Permits issued by the commission authorize the use of any of the highways of the state, subject to the limitations stated in the permit.

3. No permit shall be considered to set aside any regulation limiting loads because of local conditions, including bridges and highways posted for load limits, seasonal weight restrictions, or under construction.

4. The granting of a permit shall not be considered as a guarantee of the sufficiency of any highway or structure thereon for such transporting.

5. Property transported under a permit shall be loaded to reduce

to a minimum the excess over statutory size or gross weight limitations, and an oversize vehicle used for transporting loads under a permit shall be reduced to statutory size limitations if practicable when being operated without load. The load shall be properly secured and fastened to the transporting vehicle.

6. When a vehicle or article under a permit is in excess of the statutory height limitation, the permittee shall give adequate notice to owners of overhead wires, cables, or other facilities which may be affected by the transportation under the permit, and shall make arrangements with said owners for alteration of such facilities as may be affected by the transportation authorized by the permit.

7. A permit authorizes the transportation of a load which overhangs the front or left side of the transporting vehicle or vehicles in excess of the statutory limitations, provided that such overhang shall be reduced to the practicable minimum by suitable positioning of the load on the vehicle and subject to compliance with the requirements of subsection (3) (e) 5.

8. The driver shall carry the approved permit in the vehicle to which it applies and shall have it available for inspection by any police officer or representative of the issuing authority or the authority in charge of the maintenance of the highway being used.

9. Transporting vehicle or vehicles under a permit shall be registered as required by Wisconsin Statutes, and any operational permits required by the state of Wisconsin department of transportation, division of motor vehicles, public service commission, or other agencies having jurisdiction shall be obtained. Wisconsin registration may be waived for vehicles registered in another state where such registration meets the requirements of the state of Wisconsin department of transportation, division of motor vehicles.

10. The holder of a permit shall not be relieved of compliance with the provisions of the statutes, valid ordinances, rules and regulations of any state agency or subdivision of the state, except to the extent that such statutes, ordinances, rules and regulations are modified by the conditions of the permit.

11. The authority issuing a permit or its authorized representatives may temporarily suspend such permit, either in its entirety or with respect to certain of its provisions, due to seasonal or other special conditions, and the authority issuing a permit may revoke it for good cause after having given the permittee reasonable opportunity for a hearing.

12. False information given in the application or failure to comply with the conditions of a permit shall be just cause for the summary suspension, upon notice verbally or in writing, of the permit and for the suspension, upon notice in writing, of other permits held by the permittee. The length of the suspension and other matters pertaining to the suspension or revocation of a permit shall be determined by the issuing authority which may conduct a hearing upon request of the permittee subsequent to the suspension of a permit. Suspended and revoked permits shall be returned to the issuing authority.

13. A load being transported under a permit may extend beyond the left fender line of the transporting vehicle or more than 6 inches beyond the right fender line of the transporting vehicle, but such overhang shall be reduced to the practical minimum by suitable posi-

tioning of the load on the vehicle, but the wheels on one side of the transporting vehicle shall not carry more than 60% of the total gross load.

14. The driver of a vehicle operating under a permit shall, whenever reasonable and practicable, maintain a substantial distance of approximately 1,000 feet between his vehicle and any vehicle he is following, unless actually engaged in overtaking and passing such other vehicle.

15. A red flag shall be fastened at the left extremities on the front and rear of any object or part of the load which extends beyond the left fender line of the transporting vehicle being operated under a permit. The flags shall be not less than 16 inches square and each shall be supported on a short staff so as to wave freely. Whenever practicable they shall be mounted at a height of not less than 2 feet nor more than 6 feet above the roadway.

16. Permits shall not be valid during the hours of darkness nor during the period beginning at twelve noon on the day preceding and continuing until sunrise on the day following every Sunday and holiday as defined herein. Permits shall not be valid on Saturday morning from May 15 to September 15, inclusive, each year. Vehicles exceeding statutory size or weight limitations shall not be operated on the highway, whether loaded or empty, during those times when the permit is not valid.

a. "Holiday" means January 1, May 30, July 4, December 25, the first Monday in September, and the fourth Thursday of November or the day appointed by the governor as a day of public thanksgiving each year.

b. "Hours of darkness" means the period of time from one-half hour after sunset to one-half hour before sunrise and all other times when there is not sufficient natural light to render clearly visible any person or vehicle upon a highway at a distance of 500 feet.

17. Effective July 1, 1968, a permit will be issued for a vehicle and load exceeding an over-all length of 125 feet only when the transporting equipment includes a steerable and steered rear support or dolly. Effective January 1, 1969 a permit will be issued for a vehicle and load exceeding an over-all length of 100 feet only when the transporting equipment includes a steerable and steered rear support or dolly.

18. A permit is valid only for the vehicle described upon the face of the application and permit. No permit is transferable to another vehicle.

19. Any vehicle or vehicle and load to be considered as operating under a permit must be of such size or gross weight, or both, as to require a permit under section 348.25, Wis. Stats., and no vehicle shall be considered to be operating under a permit when transporting an article which could reasonably be divided or relocated on the transporting vehicle when such article if divided or relocated would not exceed statutory limitations.

20. Property consisting of more than one article, some or all of which exceed statutory size limitations, may be transported under a permit when statutory gross weight limitations are not exceeded and the additional articles transported do not cause the vehicle and load to exceed statutory size limits in any way in which such limits would be exceeded by the largest single article.

21. Traffic approaching or overtaking a vehicle and load under permit shall be allowed by the driver of the permitted vehicle to pass without undue or protracted delay.

22. Notwithstanding the height or width limitations which may be authorized by an individual permit, no vehicle or combination of vehicle and load exceeding 13½ feet in height or 12 feet in width or by reason of slow speed or other characteristic is likely to unduly interfere with normal traffic may be operated or transported upon any completed portion of the interstate highway system, nor upon any expressway constructed pursuant to section 59.965, Wis. Stats., except that:

a. A vehicle or combination of vehicle and load not exceeding 15½ feet in height may be operated or transported upon that portion of Interstate Highway 535 which lies within the state of Wisconsin at Superior.

b. A vehicle or combination of vehicle and load of any size or weight specified on the face of the permit may be operated on that portion of the completed portion of the Milwaukee county expressway system designated as U. S. Highway 45 between West Florist Avenue and West Silver Spring Drive.

Hy 30.02 Special permits. (1) APPLICATION REQUIREMENTS. The application requirements for special permits shall be as set forth in Wis. Adm. Code section Hy 30.01(3) (a), and the following:

(a) Application to the Division of Highways, for special permits for transport over state trunk highways may be made by mail, in person, or by prepaid telegram, or teletype message. Applications by telegram or teletype shall be in the form required by the commission and shall contain all required information. All applications by telegram or teletype shall be submitted to the main office of the Division of Highways at Madison, and will not be accepted by the Division of Highways district offices. The commission may establish limits on the size and weight of loads for which applications may be made by telegram or teletype.

(b) Applications by telephone shall be submitted only to the Division of Highways' main office at Madison, and will be accepted only in case of dire emergency which affects essential public services and not as a matter of convenience to the applicant, consignor or consignee to minimize or eliminate delay in delivery of the vehicle or load.

(c) Requests for amendments to special permits may be made in writing or by prepaid telegram or teletype.

(d) Upon the receipt of a satisfactory application for transport over a state trunk highway and provided the proposed transport meets the commission's requirements and limitations as set forth in these rules, a permit may be issued by mail or, if requested, by collect telegram or teletype message in the form approved by the commission by either the main or district office of the commission. Permits issued on written, telegram and teletype applications may be extended for a period of 2 weeks for written applications and 3 days for telegram and teletype applications. Expired permits may be

reinstated upon written, telegraphic or teletype request, which shall specify the number of the permit to be reinstated. Such reinstatement shall be for a period of not more than 3 days.

(2) **AUTHORIZATION TO ISSUE SPECIAL PERMITS.** The officer or agency authorized by section 348.26, Wis. Stats., may issue special permits for operation over specific classes of highways as provided in said section. Special permits for transportation over state trunk highways may be issued as follows:

(a) The chief traffic engineer or his authorized representatives or any district engineer or his authorized representatives may issue special permits subject to such size and weight and other limitations as the commission may from time to time prescribe.

(b) The chief traffic engineer or his authorized representatives in the division of highways' main office at Madison may issue special permits for mobile homes pursuant to section 348.26 (4), Wis. Stats., subject to such size and weight limits as the commission may, from time to time, prescribe.

(3) **GENERAL LIMITATIONS ON ISSUANCE OF SPECIAL PERMITS.** The issuance of special permits shall be subject to the general limitations stated in section Hy 30.01(3) (c), Wis. Adm. Code, and the following:

(a) Special permits for the transportation of mobile homes shall not be issued by local authorities or by the division of highways' district offices.

(b) Special permits may be issued for transportation of a combination consisting of 3 empty vehicles (truck-tractor, semitrailer, and full trailer) in transit from manufacturer or dealer to purchaser or dealer.

(c) Special permits shall not allow the transporting of loads of pipe or other commodity when 2 or more pieces are placed end to end across the vehicle, making the width of the load greater than the statutory limits.

(d) The vehicle towing an oversize mobile home under permit shall be a truck of not less than one and one-half tons manufacturer's rated capacity (11,000 G. V. W.) equipped with dual wheels on the drive axle.

(4) **INSURANCE AND LIABILITY CONDITIONS.** Special permits are issued subject to the insurance and liability conditions set forth in subsections 1, 2, 3, 5 and 6 of section Hy 30.01(3)(d), Wis. Adm. Code, and the following:

(a) The permittee will be required to certify and may be required to present satisfactory written evidence that at least the following insurance coverage, or in lieu thereof a bond in a form satisfactory to the authority issuing the permit is or will be in full force and effect on the vehicle and load designated in the permit while operating on the public highway, except when insurance requirements are specifically waived by the issuing authority:

1. When the permitted load does not exceed 12 feet in width, 16 feet in height, or 75 feet in length and does not exceed statutory gross weight limits by more than 50%:

Bodily injury liability—each person	\$ 50,000
Bodily injury liability—each accident	100,000
Property damage liability—each accident	25,000

2. When the permitted load exceeds the size and weight limitations in 1 above:

Bodily injury liability—each person	\$100,000
Bodily injury liability—each accident	300,000
Property damage liability—each accident	100,000

(5) GENERAL CONDITIONS. Special permits are issued subject to the general conditions set forth in Wis. Adm. Code subsections Hy 30.01

(3) (e) 1, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 and the following:

(a) When the load being transported under a special permit is wider than 16 feet, the permittee shall, at the option of the authority issuing the permit, provide a traffic officer or flagmen to direct traffic or a pilot vehicle to precede the load by 500 feet and to be equipped with a legible sign reading "Wide Load Following." The lettering on the sign shall be in black on a white or yellow background and shall be not less than 6 inches in height. The bottom of the sign shall be not less than 6 feet above the roadway and shall be visible to traffic approaching from the front of the pilot vehicle. When the load being transported is slow moving as well as wide, the permittee, at the option of the authority issuing the permit, shall provide a traffic officer or a vehicle which shall follow the load at a distance of approximately 500 feet and shall carry a legible sign reading "Slow Moving Wide Load Ahead" in black letters 6 inches or more in height on a white or yellow background. The sign shall be visible to traffic approaching the vehicle from the rear, and the bottom of the sign shall be not less than 6 feet above the roadway. This is a condition of all permits for transportation of loads wider than 16 feet on state trunk highways.

(b) Each special permit shall be good only for a single trip, including the return trip with the permitted load, and may include the movement of the empty vehicle, whether or not oversize or overweight to and from the place of pickup or delivery of the permitted load.

(c) Special permits are valid for the operation of vehicle combinations consisting of motive power and semitrailer on which is carried an earthmover to which is attached a single-axle carry-all scraper which is towed behind the trailer and constitutes a trailer train.

(d) A special permit issued by the division of highways for a movement which is partly on the state highway system and partly on other classes of highways is valid only on state highways.

(e) The following conditions relating only to special permits issued by the chief traffic engineer or his authorized representatives in the main office of the division of highways for over-size mobile home combinations shall take precedence over any conflicting conditions set forth elsewhere in this statement of policy:

1. Permits for mobile homes are valid for any class of highway, i.e., state, county, town, village or city;
2. Permits for mobile homes are valid only from sunrise to sunset, and are not valid Saturdays, Sundays, and holidays.

(f) Permits do not authorize the operation of more than 2 vehicles in combination except that an earth-mover may be transported with its power unit resting upon the bed of a semi-trailer and its single rear axle trailing on the roadway behind the semi-trailer, in which case the gross weight of the rear axle of the earth-mover shall not

exceed 35,000 pounds. Such transporting of carry-all scrapers is prohibited over the interstate highways, including any partially completed sections, and also U.S. Highway 41 from Green Bay to Milwaukee.

Hy 30.03 Application form for special permit. (1) DESCRIPTION. In compliance with section 348.25(3), Wis. Stats., the commission designates the following described form for use in applying for a special permit for a single trip to operate or transport a vehicle or vehicles and load of such a size and weight as to require a permit under section 348.26(2), (3) or (4), Wis. Stats., and limits.

(a) *Information to be required on application.* The application shall be directed to the authority designated in the statutes to grant such special permit, and shall state that application is made pursuant to section 348.26(2), (3) and (4), Wis. Stats., for a permit for a single trip to transport an article which cannot reasonably be divided and which exceeds the statutory size or weight limitations, or both, or for a load consisting of more than one article exceeding statutory size limitations when the statutory gross weight limitations are not exceeded, and the additional articles do not cause the vehicle and load to exceed statutory size limits in any way in which such limits would not be exceeded by a single article. The form shall provide space for the applicant to indicate the vehicle type, make, capacity, number of axles, license number, (if no license number, then the serial number) State of registration, empty and loaded weight of both the towing and towed vehicles. The form shall provide space for the listing of the article or articles to be transported, the number and weight of such articles and the total weight of vehicle and load. The form shall provide space for indicating the width, height and length of the towing vehicle, towed vehicle, load and combined vehicle and load, as well as space for indicating whether the application is made for a vehicle or combination of vehicles or load exceeding statutory width, height, length, weight or other limitations. The form shall provide space for the applicant to indicate the number of tires, and gross load on each axle, the spacings between axles, and the total gross weight of vehicle(s) and load. The form shall provide space for the applicant to indicate the highways to be used and the origin and terminus of both the loaded trip and the return (or unloaded) trip, the number of miles travelled on each trip, the anticipated date of movement, the number of hours the load will be on the road, the name and address of the owner of the load, the name and address of the applicant's insurance company, and the number and expiration date of the insurance policy. The form shall specify that the applicant certifies that to the best of his knowledge and belief the statements contained in the application are true and correct, that he has read and understands the conditions which are a part of the application, that he will have the required insurance in effect while transporting under a permit, and that if granted a permit he will comply with all terms and conditions which apply to the movement. The form shall provide space for the signature and address of the applicant and for the date of the application.

Register, February, 1969, No. 158

(b) *Application for special permit by telegram or teletype.* The commission designates the following described form as acceptable for use in applying for a special permit by telegram or teletype:

The application shall be directed to the division of highways at its main office in Madison, Wisconsin, shall provide space for the applicant to describe the load, the origin and terminus of the trip, the highways to be used, the make, type, license number, (if no license number, then the serial number) and dimensions of the towing and towed vehicles, and the number of axles on each. The form shall also provide space for the overall dimensions of vehicle and load, the gross weight on each axle, the axle spacing, the name and address of the owner of the load and of the permittee's insurance company, the number of hours the load will be on the road, the total miles to be travelled, the proposed date of movement, the place to which the permit is to be sent, and the name and address of the applicant.

(c) *Conditions imposed on applicants.* The conditions contained in sections Hy 30.02(4) and Hy 30.02(5), inclusive, shall be a part of the application form, but the commission or its authorized representatives with respect to permits issued for movements on the state trunk highway system, and local authorities with respect to permits issued for movements pursuant to statutory authority, may waive any such conditions or may impose such reasonable additional conditions as are deemed necessary for the safety of travel and the protection of the highways.

(2) **WHERE TO OBTAIN FORM.** This form is obtainable from the Division of Highways, State Office Building, Madison, Wisconsin 53702, and from its district offices throughout the state. It is also generally obtainable from the offices of the County Highway Commissioners, from the Commissioner of Public Works in cities of the first class and from the officer in charge of highway maintenance in other cities and in towns and villages.

Hy 30.04 Annual permits. (1) APPLICATION REQUIREMENTS. The application requirements for annual permits shall be as set forth in Wis. Adm. Code section Hy 30.01(3) (a), and the following:

(a) Annual permit applications shall be directed to the Chief Traffic Engineer, Division of Highways, Madison, Wisconsin, 53702.

(2) **AUTHORIZATION TO ISSUE ANNUAL PERMITS.** The chief traffic engineer or his authorized representatives may issue annual permits subject to such size, weight and other limitations as the commission may, from time to time, prescribe.

(3) **GENERAL LIMITATIONS ON ISSUANCE OF ANNUAL PERMITS.** The issuance of annual permits shall be subject to the general limitations stated in Wis. Adm. Code subsections Hy 30.01(3)(c) 1, 2 and 4, and the following:

(a) Annual permits shall not allow the transporting of loads of pipe or other commodity when 2 or more pieces are placed end to end across the vehicle, making the width of the load greater than statutory limits.

(b) Annual permits shall not be issued for house trailers or carry-all scrapers.

(4) **INSURANCE AND LIABILITY CONDITIONS.** Annual permits are issued subject to the insurance and liability conditions set forth in Wis. Adm. Code subsections Hy 30.01(3)(d)1, 2, 3, 4 and 6, and the following:

(a) The permittee shall present evidence on a form furnished by the division of highways that at least the following insurance coverage, or in lieu thereof a bond in a form satisfactory to the division of highways is or will be in full force and effect on the vehicle and load designated in the permit while operating on the public highway, except when insurance requirements are specifically waived by the commission.

1. When the permitted vehicle and load do not exceed 10 feet in width, 14 feet in height, or 60 feet in length and do not exceed statutory gross weight limits:

Bodily injury liability—each person	\$ 50,000
Bodily injury liability—each accident	100,000
Property damage liability—each accident	25,000
Casualty insurance in the required form—each accident	25,000

2. When the permitted load exceeds the size and weight limitations in 1 above:

Bodily injury liability—each person	\$100,000
Bodily injury liability—each accident	300,000
Property damage liability—each accident	100,000
Casualty insurance in the required form—each accident	200,000

(b) The permittee shall furnish casualty insurance of an approved type or a bond or deposit a certified check with the division of highways in the amount indicated above determined by the commission as necessary to protect the state and its subdivisions against any damage which any highway, highway structure, or its appurtenances may sustain by reason of operation under the permit.

(5) **GENERAL CONDITIONS.** Annual permits are issued subject to the general conditions set forth in Wis. Adm. Code subsections Hy 30.01(3)(e) 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22, and the following:

(a) An annual permit shall not be valid for the operation of any vehicle upon class "B" highways (as so classified in accordance with section 348.16, Wis. Stats.), with gross weights exceeding those permitted by statute on class "B" highways unless written permission has first been obtained for such operation from the officer in charge of the maintenance of the highway.

(b) The provisions of Wis. Adm. Code subsection Hy 30.01(3)(e), are modified with respect to annual permits as follows:

1. Subsection 3 does not apply to publicly-owned vehicles being used for or engaged in construction or maintenance of the highway or highway structure to which the load limitation applies.

2. Subsection 16 does not apply to publicly-owned vehicles in cases of emergency affecting public health, safety, or welfare.

3. Subsection 17 does not apply to the movement of publicly-owned vehicles.

(c) The maximum size of vehicle and load, and the maximum gross axle weight as specified on the permit for the vehicle under an annual permit, shall not be exceeded whether the vehicle is used alone or in combination with another vehicle. Such other vehicle shall be limited to the statutory gross load unless covered by a separate annual or special permit.

(d) Transportation under an annual permit includes the movement of the empty vehicle, whether or not oversize or overweight, to and from the place of pickup or delivery of the permitted load.

(e) The gross load on either axle of a tandem axle of a vehicle under annual permit shall not exceed 60% of the total gross load on both axles of the tandem axle combination.

(f) Annual permits do not authorize the operation of more than 2 vehicles in combination except that an earth mover may be transported with its power unit resting upon the bed of a semitrailer and its single rear axle trailing on the roadway behind the semitrailer, in which case the gross weight of the rear axle of the earth mover shall not exceed 35,000 lbs.

(g) Annual permits do not authorize the operation of more than 2 vehicles in combination except that an earth-mover may be transported with its power unit resting upon the bed of a semi-trailer and its single rear axle trailing on the roadway behind the semi-trailer, in which case the gross weight of the rear axle of the earth-mover shall not exceed 35,000 pounds. Such transporting of carry-all scrapers is prohibited over interstate highways, and U.S. Highway 41 from Green Bay to Milwaukee.

(h) No annual permit is valid for operation on any part of the Milwaukee county expressway system, constructed pursuant to section 59.965, Wis. Stats., except on U. S. Highway 45 between West Florist Avenue and West Silver Spring Drive.

History: Cr. Register, June, 1962, No. 78, eff. 7-1-62; cr. (5) (g) and (h), Register, April, 1968, No. 148, eff. 5-1-68; am. (1) (a); (2); (4) (a) intro. par., (4) (b), and (5) (g), Register, February, 1969, No. 158, eff. 3-1-69.

Hy 30.05 Application form for annual permit. (1) **DESCRIPTION.** In compliance with section 348.25(3), Wis. Stats., the commission designates the following described form for use in applying for an annual permit for the transporting of vehicles or articles of such a size or weight as to require a permit under section 348.27(2) Wis. Stats.

(a) *Information to be required on application.* The application shall be submitted in duplicate, shall be directed to the division of highways and shall state that the application is made for an annual permit for the transporting of vehicles or articles of such a size or weight, or both, as to require a permit under section 348.27 (2), Wis. Stats. The form shall provide space for the applicant to indicate the make, manufacturer's serial number, license number, state and year of registration, length, width, height, empty weight, manufacturer's rated gross weight and type of vehicle; the number of tires, and gross weight loaded for each axle of the vehicle, the distance between axles and the distance between the front axle and king pin (if truck-tractor) or between king pin and nearest axle (if semi-trailer) or between nearest adjacent axles of tractor and trailer (if full trailer), the over-all length, width, and height and total weight of vehicle and largest load applicant desires to haul. The form shall also provide

space for the applicant to state the kinds of equipment or material which would usually be hauled on the vehicle. The form shall specify that the applicant understands that any annual permit granted will be subject to the conditions which are a part of the application and that he accepts those conditions. The form shall provide space for the name and address of the applicant and the date of application, and for the applicant to indicate whether the requested permit is for a single article which exceeds statutory size, but not weight limitations; or a vehicle and load consisting of a single article which exceeds statutory size or weight limitations or both; or a load consisting of more than one article some or all of which exceeds statutory size but not weight limitations; or a single article which exceeds statutory size or weight limitations or both, or alternately one or more articles some or all of which exceed statutory size but not weight limitations.

(b) *Conditions imposed on permittees.* The conditions contained in subsections Hy 30.04(4) and Hy 30.04(5), inclusive, shall be part of the application form.

(2) **DESCRIPTION.** In compliance with section 348.25(3), Wis. Stats., the commission designates the following described form for use by counties, cities, villages, towns, and agencies of the state in applying for an annual permit for publicly owned vehicles for the transporting of vehicles or articles of such a size as to require a permit under section 348.27(2), Wis. Stats.

(a) *Information to be required on application.* The application shall be submitted in duplicate, and shall be directed to the commission's main office in Madison. The application form, when signed by an authorized representative of the commission, shall constitute the permit, and shall state that a permit is issued pursuant to section 348.27(2), Wis. Stats., and section Hy 30.04, Wis. Adm. Code and that the permit is subject to the conditions of these sections of the statutes and code. The name of the municipality to which the permit is issued; the type and serial number of the vehicle for which the permit is issued; and the weight by axles, length, width and height which the permit authorizes shall all be shown, and an authorized representative of the applicant shall sign the form.

Hy 30.06 General permits. (1) APPLICATION REQUIREMENTS. The application requirements for general permits shall be as set forth in subsection Hy 30.01(3) (a), Wis. Adm. Code, and the following:

(a) Applications for general permits for movement over state trunk highways shall be directed to the Chief Traffic Engineer, Division of Highways, Madison, Wisconsin, 53702.

(b) Applications for general permits for movement over highways other than state trunk highways shall be made to the officer or agency in charge of the maintenance of the highway.

(2) **AUTHORIZATION TO ISSUE GENERAL PERMITS.** (a) The officer or agency authorized by section 348.27, Wis. Stats., may issue general permits for operation on highways for the maintenance of which the officer or agency is responsible.

(b) General permits for transportation over state trunk highways shall be issued only on specific approval of the commission.

(3) **GENERAL LIMITATIONS ON ISSUANCE OF GENERAL PERMITS.** The issuance of general permits shall be subject to the following limitations:

(a) General permits may be issued for the transportation of equipment or materials for specified construction or maintenance operations, and for good cause in specified instances or periods for other special types of operations.

(b) General permits may be issued for loads which exceed statutory size or weight limitations or both.

(c) General permits may be issued at the discretion of the commission for transportation over state highways in connection with specified construction or maintenance operations on other classes of highways.

(d) General permits may be issued for transportation of a combination consisting of three empty vehicles (truck-tractor, semitrailer, and full trailer) in transit from manufacturer or dealer to purchaser or dealer.

(e) The authority issuing a general permit or its authorized representatives may impose such additional reasonable conditions as are required.

(f) General permits will not be issued by the commission for the transportation on state trunk highways of miscellaneous contractor's equipment, such as bins, conveyors, bunk houses, etc.

(4) **INSURANCE AND LIABILITY CONDITIONS.** General permits are issued subject to the insurance and liability conditions set forth in Wis. Adm. Code subsection Hy 30.01(3) (d), and the following:

(a) The permittee will be required to certify and may be required to present satisfactory written evidence that at least the following insurance coverage, or in lieu thereof a bond in a form satisfactory to the authority issuing the permit, is or will be in full force and effect on the vehicle and load designated in the permit while operating on the public highway, except when insurance requirements are specifically waived by the issuing authority:

Bodily injury liability—each person	\$100,000
Bodily injury liability—each accident	300,000
Property damage liability—each accident	100,000

(5) **GENERAL CONDITIONS.** General permits are issued subject to the general conditions set forth in Wis. Adm. Code subsections Hy 30.01 (3) (e) 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 21, and the following:

(a) The gross size and weight limitations on vehicles which may be operated on a public highway under a general permit shall be determined in each particular instance by the issuing authority. The maximum size limitations and the maximum axle, axle combination and vehicle weights authorized by the permit shall not be exceeded.

(b) A general permit issued by the commission for a movement which is partly on the state highway system and partly on other classes of highways, is valid only on state highways.

Hy 30.08 Industrial interplant permits. (1) **APPLICATION REQUIREMENTS.** The application requirements for industrial interplant permits shall be as set forth in Wis. Adm. Code subsection Hy 30.01 (3) (a), and the following:

(a) Industrial interplant permit applications shall be directed to the Chief Traffic Engineer, Division of Highways, Madison, Wisconsin, 53702.

(2) **AUTHORIZATION TO ISSUE INDUSTRIAL INTERPLANT PERMITS.** Industrial interplant permits shall be issued only on specific approval of the commission.

(3) **GENERAL LIMITATIONS ON ISSUANCE OF INDUSTRIAL INTERPLANT PERMITS.** The issuance of industrial interplant permits shall be subject to the general limitations stated in Wis. Adm. Code subsections Hy 30.01(3) (c) 2, 3 and 4, and the following:

(a) The commission will give consideration to applications for industrial interplant permits only when the application is accompanied by a written statement from the commissioner of public works in cities of the first class, and the officer in charge of highway maintenance in other cities, towns and villages, designating and approving the routes over which the vehicles for which industrial interplant permits are requested may be operated.

(4) **INSURANCE AND LIABILITY CONDITIONS.** Industrial interplant permits are issued subject to the insurance and liability conditions set forth in Wis. Adm. Code subsections Hy 30.01(3) (d) 1, 2, 3, 4, and 6, and the following:

(a) The permittee shall present evidence on a form furnished by the division of highways that at least the following insurance coverage, or in lieu thereof a bond in a form satisfactory to the division of highways, is or will be in full force and effect on the vehicle and load designated in the permit while operating on the public highway, except when insurance requirements are specifically waived by the commission:

Bodily injury liability—each person	\$100,000
Bodily injury liability—each accident	300,000
Property damage liability—each accident	100,000
Casualty insurance (in the required form)—each accident ..	50,000

(b) The permittee shall furnish casualty insurance of an approved type or a bond or deposit a certified check with the division of highways in the amount indicated above determined by the commission as necessary to protect the state and its subdivisions against any damage which any highway, highway structure, or its appurtenances may sustain by reason of operation under the permit.

(5) **GENERAL CONDITIONS.** Industrial interplant permits are issued subject to the general conditions set forth in Wis. Adm. Code subsections Hy 30.01 (3) (e) 1, 2, 3, 4, 5, 6, 8, 9, 10, 11, 12, 14, 15, 18 and 21, and the following:

(a) The size limitations on vehicles which may be operated on a public highway under an industrial interplant permit will be determined in each particular instance by the commission.
