department will assign a project number in chronological order of receipt. The project number will be used on all documents and correspondence relating to the project.

(2) **INITIAL REVIEW.** The department will review the application and accompanying supporting documents in sufficient detail to assure completeness and whether the proposed project is eligible as pursuant to NR 125.03. Applications which are incomplete may be returned to the applicant for the appropriate information. Applicants having projects which are determined to be ineligible will be notified of such determination.

(3) **OBSOLETE APPLICATIONS.** The application and supporting materials must be current and correct before the project can be placed on the priority list or before the state grant offer can be made. Generally information that is more than one year old is considered out of date and must be resubmitted or recertified as being up to date.

**NR 125.09 Priority designation.** (1) **POINT RATING SYSTEM.** In ranking projects for priority for grants, the following factors will be considered:

(2) **PROJECT PRIORITY.** Projects shall be rated for priority for grants in descending order of the sum of the points (maximum possible points: 100). In case of a tie in the priority ranking, the project with final detailed approvable construction plans received at the earlier date shall be given the higher rating.

**History:** Cr. Register, July, 1976, No. 247, eff. 8-1-76.

**NR 125.10 Priority ranking and notice of funding allocation.** (1) **PRIORITY RANKING OF PROJECTS FOR FUNDING.** (a) During January and July, all pending complete grant applications (for which final approvable construction plans and specifications meeting chapters NR 108 and 110 have been approved by the department) and for which the nonstate portion of the financing is available will be evaluated in accordance with NR 125.09 to determine the priority ranking of the projects if there are more such projects than can be funded with the available funds.

(b) At that time, if the department determines that the estimated cost of these projects for which grant applications are pending exceeds the grant funds available under this program, the department shall notify all affected applicants that construction grants shall be awarded on the basis of the priority ranking of the projects in accordance with NR 125.09.

(c) If the department determines that sufficient funds exist to provide a construction grant for all projects, on the project priority ranking list, the grant offers will be made in accordance with NR 125.11 in the order in which the projects are placed under construction.

(2) **NOTICE OF FUNDING ALLOCATION.** The department will determine which projects, in accordance with the priority list, can be funded with the available funds and notify the respective applicants of this. If the project has not already been bid the applicant will be advised to bid the project within 60 days after state plan approval and submit the results to the department so that a formal grant offer can be extended to the applicant. Failure of the applicant to bid the entire project within 60 days and to promptly execute all eligible construction contracts will result in the project not being considered again until funds are available and one priority deadline has elapsed.

**History:** Cr. Register, July, 1976, No. 247, eff. 8-1-76.

**NR 125.11 Offer and acceptance.** (1) **GRANT OFFER.** (a) No grant offer shall be made for any project unless such project conforms with all department requirements and has been determined by the department as entitled to priority over other eligible projects. All grant offers shall be made to a municipality (see NR 125.02(2)) on forms prepared by the department. The grant offer shall be signed by the authorized representative of the department and will set forth the terms and conditions of the offer.

Environmental Protection

(b) All grant offers shall be made only after the grant application is complete and the department has approved all the project construction plans and specifications, all the bidding information and all of the proposed contract awards in accordance with this code. If all the contracts are not signed by both the municipality and the contractors within 30 days of the grant offer, the grant offer shall become null and void.

(c) If a municipality receives a grant under section 144.23, Wis. Stats., it cannot receive or retain a grant under section 144.21, Wis. Stats., for that same portion of the project.

(d) A municipality can receive a grant under section 144.21 for one portion of an eligible project and a grant under section 144.23 for different portion of that same eligible project. If a priority ranking conflict develops, the ranking under section 144.23 shall govern the award of the grants.

(2) **AMOUNT OF GRANT OFFER.** A state grant shall not exceed 25% of the eligible costs of an approved project. The state grant plus grants from other nonlocal sources shall not exceed 75% of the eligible project costs.

(3) **ACCEPTANCE OF GRANT OFFER.** If the recipient of a grant offer agrees to the terms and conditions thereof, acceptance shall be effected by signature of the authorized representative of the municipality in the designated place on all copies of the Offer and Acceptance Form. Two signed copies of the form shall be returned to the department with a certified copy of a resolution by the municipality's governing body accepting the grant offer and authorizing their representative to accept the grant offer. The offer must be accepted within 45 days from the date of offer or it will be withdrawn and the funds will be obligated to another applicant.
