PI 11.01 Definitions. (1) **LEGISLATIVE INTENT.** The legislature recognized that many children and youth, 3 to 21 years of age, have not experienced appropriate educational opportunities because comprehensive services were not available through all public schools which were commensurate with their EEN. Subchapter IV, chapter 115, Wis. Stats. was enacted to ensure the identification of such needs and the development of services for children to appropriately serve these needs.

(2) **BASIC TENETS.** (a) All children and youth in the public and private sectors, who are in need of special education services, shall be identified. The legislature has specified that the identification process shall include screening, referral and M-team procedures.

(b) Section 115.76 (3), Wis. Stats. defines children and youth with EEN as: "Child with exceptional educational needs' means any child who has a mental, physical, emotional or learning disability which, if the full potential of the child is to be attained, requires educational services to the child to supplement or replace regular education. Children with the following conditions, in addition to children with such other conditions as the state superintendent determines, may require educational services to supplement or replace regular education:

- (a) Physical, crippling or orthopedic disability.
- (b) Mental retardation or other developmental disabilities.
- (c) Hearing impairment.
- (d) Visual disability.
- (e) Speech or language disability.
- (f) Emotional disturbance.
- (g) Learning disability.
- (h) Pregnancy, including up to 2 months after the birth of the child or other termination of the pregnancy.

(i) Any combination of conditions named by the state superintendent or enumerated in pars. (a) to (h)."

(c) Children and youth with no EEN who require alternative educational programming shall not be included within the parameters of section 115.76 (3), Wis. Stats. EEN excludes conditions described as special educational needs (SEN) resulting primarily from poverty, neglect, delinquency or cultural or linguistic isolation from the community at large.

(d) The department shall utilize the U.S. office of education incidence rate of 10-12% of the district population as having EEN since this rate is comparable to experience with incidence findings in Wisconsin. The division shall continue to utilize this estimate for program and fiscal planning and for monitoring attainment of legislative goals. Exceptions to this overall incidence limitation and to incidence rates for individual program areas shall require local district provision of M-team evidence which clearly demonstrates incidence rates which exceed state and national norms. This may be accomplished by department staff conducting an on-site review. This evidence shall be submitted and approved by the division prior to program expansion in excess of state norms.

(e) The broad process of referrals, obtaining parental approvals, the M-team action and board placement recommendations shall be included in the district's plan (section 115.85 (3), Wis. Stats.). This plan and procedures for its implementation shall include timelines for mass screening, parental approvals, referral, the M-team process and board recommendations on placement.

(f) Definitions of terms utilized in the rules.

1. Administrator means school district administrator.

2. Behavioral records means those pupil records defined in section 118.125 (1) (b), Wis. Stats. including psychological tests, personality evaluations, records of conversations, any written statement concerning a child's behavior, achievement or ability tests, physical health records and any other pupil records which are not progress records.

3. Board means school board.

4. Boarding home means homes operated by an LEA operating special education programs or services, or both, and used 5 days a week to care for non-resident children being served in that program or service.

5. Days means calendar days unless otherwise specified.

6. CESA means cooperative educational service agency.

7. CHCEB means county handicapped children's education board.

8. Child advocate means any person representing the parent during the M-team process and at a board hearing.

9. Child study team and pupil services team means a team, other than the M-team, of professional support personnel in the district.

8. Any duties considered appropriate for the program support teacher shall be negotiated with and approved by the division.

9. Provide services to children with EEN who are returned full or part-time to regular classes.

History: Cr. Register, December, 1975, No. 240, eff. 1-1-76; am. (4) (c), Register, November, 1976, No. 251, eff. 12-1-76.

PI 11.18 Educational services for school-age pregnant girls and mothers. (1) **LEGISLATIVE INTENT.** Section 115.76 (3) (h), Wis. Stats. denotes pregnancy, including up to 2 months after the birth of the child or other termination of pregnancy, as a condition which may require special educational services to supplement or replace regular education.

(2) **DISTRICT RESPONSIBILITY.** (a) The provisions of section 115.82, Wis. Stats., relating to compulsory school attendance shall apply during the school term to students with EEN and may be satisfied by attendance at special education programs operated by an LEA, state or county residential educational facility or private special education service.

(b) Each district shall develop a systematic plan for providing educational services to school-age pregnant girls and mothers. This plan shall be submitted to the division and shall include:

1. Goals.
2. Processes.
3. Procedures.
4. Evaluation design.

(3) **M-TEAM(S).** The formation and functioning of the M-team for school-age pregnant girls and mothers shall be organized and function in the same manner as for all other disability groups per PI 11.03.

(a) *Suggested M-team membership considerations.* 1. Teacher(s) of school-age mothers or regular classroom teachers or both.

2. Guidance counselor.
3. Principal.
4. Director.
5. School psychologist.
6. Social worker.
7. School nurse.

(b) *Educational plan considerations for the M-team.* 1. Medical diagnosis and recommendations.

2. Alternative educational plans shall be offered to the pregnant girl or mother.

(4) **PROPOSED EDUCATIONAL PLAN.** The LEA's written proposed educational program shall have the written consent of both the school-age pregnant girl or mother and her parent before she may be

enrolled for special education services. If the girl has reached the age of majority (18), parental consent shall not be required.

(5) **ADMINISTRATION/SUPERVISION.** The director or the program designee shall be administratively responsible for the development and implementation of the program or services or both.

(6) **DIVISION RESPONSIBILITY.** (a) The division shall provide consultative assistance to the LEAs in the development of educational programs for the school-age pregnant girl and mother.

(b) The division shall formally approve the LEA's plans of services.

1. The LEA shall receive 70% reimbursement for the salaries and fringe benefits of qualified personnel, transportation costs and specially approved instructional materials and equipment.

Note: A maximum of \$210 per unit is reimbursed on a local expenditure of \$300 per program unit at this time. Any exceptions to this limitation shall be negotiated in advance with the division program area supervisor.

(7) **PROGRAM CONSIDERATIONS.** (a) *Student eligibility.* All girls up to the age of 21, unless they have graduated from high school, are eligible to receive special education programming during a pregnancy, including up to 2 months after the birth of the child or other termination of the pregnancy.

(b) *Personnel.* All teachers shall hold licensure to teach in Wisconsin. All ancillary personnel shall hold licensure in their respective areas of expertise. Teachers shall be certified at the appropriate level or in specific subject areas or both. All teachers involved in the special programs specifically designed to meet the needs of the affected student shall complete an additional 9 hours of training. The teachers shall pursue coursework in the content areas of:

1. Nature and needs of school-age pregnant girl and mother.
2. Education for the exceptional child.
3. Child or adolescent development.
4. Maternal health and child care.
5. Adolescent psychology.
6. Family relationships.

(c) *Programming.* Alternative educational plans shall be offered to the affected students. These may include:

1. Continuation in the regular school program with some supportive services provided by special education personnel.

2. Attendance at a specialized educational program designed specifically to meet the needs of the school-age pregnant girl and mother.

3. Homebound instruction in lieu of attending regular classes or to supplement classroom instruction if the girl attends school on a part-time basis.

4. Hospital instruction during periods when the student might be hospitalized both prior to and following delivery.

DEPARTMENT OF PUBLIC INSTRUCTION

11

1. Development of attitudes, skills, and techniques so that knowledge of human relations, including inter-group relations, can be translated into learning experiences for students.

2. A study of the values, life styles, and contributions of racial, cultural, and economic groups in American society.

3. An analysis of the forces of racism, prejudice, and discrimination in American life and the impact of these forces on the experience of the majority and minority groups.

4. Structured experiences in which educators have opportunities to examine their own attitudes and feelings about issues of racism, prejudice, and discrimination.

5. Direct involvement with members of racial, cultural, and economic groups and/or with organizations working to improve human relations, including intergroup relations.

6. Experiences in evaluating the ways in which racism, prejudice, and discrimination can be reflected in instructional materials.

(c) Programs of implementation and evaluation shall be submitted to the department of public instruction for approval.

(2) **READING.** (a) Beginning July 1, 1975, to be certified to teach in Wisconsin, all prospective elementary and middle school teachers must satisfactorily complete at least one discrete course in the teaching of reading. The course shall include information about the nature of the reading process and how to teach reading at the classroom level and shall focus upon the objectives, approaches, instructional materials, and practices and evaluation procedures involved in the teaching of reading in the elementary grades.

(b) Beginning July 1, 1977, to be certified to teach in Wisconsin, all prospective secondary teachers must satisfactorily complete at least one discrete course in the teaching of reading. The course for secondary teachers shall be concerned with providing continued reading instruction for all students enrolled in secondary schools.

(3) **EARLY CHILDHOOD EDUCATION (N-K).** Baccalaureate degree-holding applicants shall have completed an early childhood or elementary education program approved by the state superintendent. A minimum of 26 semester credits of professional courses which shall include required course work in child growth and development, psychology of learning, methods and curriculum in early childhood education, and student teaching (minimum of 5 semester credits). Student teaching is required at each level of specification for which certification is given (nursery; kindergarten).

(4) **ELEMENTARY.** A 2 year license will be granted to any recommended graduate of an accredited Wisconsin public supported state or county college who has completed the approved 2 year non-degree teacher education course. A 2 year license will be granted to any recommended graduate of an accredited state college who has completed the approved 3 year non-degree teacher education course. A 3 year license will be granted to any recommended graduate of a state college, a state university, a private college or university who has earned a degree from an approved teacher education course. A degree-holding upper elementary teacher may be licensed at the ninth grade

level in her areas of concentration when it is so recommended by the proper college authorities. Graduates of 4 year degree courses of out-of-state accredited colleges and universities are eligible for licenses providing they meet our state requirements. Graduates of 2 and 3 year courses in out-of-state colleges and universities are not eligible for regular licensing in Wisconsin based upon such preparation. The use of proficiency examinations in professional education and in subject areas may be substituted in part in lieu of regularly earned college credits. The method and extent of the use of such examinations shall be based upon the prior holding of a baccalaureate degree and upon the recommendation or recommendations of examining committees cooperatively established by the proper authorities of degree-granting colleges and universities accredited for the preparation of public school teachers in Wisconsin. Such recommendations as well as the plans and procedures involving the establishment of the examining committees and the overall methods of procedure must have the approval of the state superintendent before their acceptance for certification purposes.

(a) Degree-holding elementary teachers are expected to have a good general education background. It is strongly recommended that they acquire one or more subject matter areas of concentration.

(b) Degree-holding elementary teachers shall have graduated from an elementary education course approved by the state superintendent. A minimum of 26 semester credits of professional education including methods, child development including psychology of learning and student teaching is required. At least 5 semester credits will be required in student teaching, and a minimum of 8 semester credits in student teaching is suggested.

(5) HIGH SCHOOL. A 3 year license will be granted to a recommended degree-holding graduate of an accredited degree-granting college or university for those subjects for which he has had adequate preparation under the prescribed regulations. The use of proficiency examinations in professional education and in subject areas may be substituted in part in lieu of regularly earned college credits. The method and extent of the use of such examinations shall be based upon the prior holding of a baccalaureate degree and upon the recommendation or recommendations of examining committees cooperatively established by the proper authorities of degree-granting colleges and universities accredited for the preparation of public school teachers in Wisconsin. Such recommendations, as well as the plans and procedures involving the establishment of the examining committees and the overall methods of procedure, must have the approval of the state superintendent before their acceptance for certification purposes.

(a) High school teachers of all subjects shall have secured a good general education background for graduation from college. Colleges in Wisconsin preparing teachers for public high schools shall file their pattern of general education with the state superintendent in 1961 and at 5 year intervals thereafter. Applicants graduating from college shall have completed plan 1, plan 2, plan 3, or plan 4 below:

1. One college or university approved major of at least 34 semester hour credits with one college or university approved minor of at least 22 semester hour credits.

2. Two college or university approved majors of at least 34 semester hour credits each.

3. One college or university approved broad field major of at least 54 semester hours.

4. One college or university major in a given subject field.

5. Adequate preparation in conservation of natural resources (Wis. Stats. 40.43 (6)) [section 118.19(6) Wis. Stats.] must include a program of study including:

History and philosophy of the conservation movement,

Appreciative understanding of the wide variety of natural resources,

Importance of conservation of natural resources in a national and international setting,

Relationship of supply of natural resources and economic structure,

Natural resource management: techniques, need for and type of controls,

Role and importance of resource use planning for the future. Public and private schools of higher education, where section 40.43 applies, shall submit a syllabus of the course of instruction in the conservation of natural resources or a listing of units if the preparation in conservation is integrated in other courses. Time allotments must be indicated unless conservation of natural resources is offered for credit. In which case credit earned must be indicated.

6. Only those majors and minors that meet the standards of the college as to credits and pattern will meet the state requirements. These standards are those established by the college of graduation or the college in which the work in professional education is taken.

7. In all cases in which the college authorities recognize high school courses or other proof of proficiency by permitting advanced standing, such credit will be recognized in meeting the minor or the major when a statement of such recognition and placement is indicated upon the official transcript of the student or through an official note attached to the transcript.

8. College and university authorities are urged not to include as teaching majors those subjects which are not recognized as good secondary teaching fields in Wisconsin high schools.

(b) A license covering the broad field of science will be granted from 1960 to 1963 inclusive based on a major in science of at least 45 semester credits in science subjects with a minor of at least 20 semester credits in one science subject and at least one full year course of at least 8 semester credits in the other 3 courses. The subjects included are chemistry, physics, biology and earth science. Earth science courses may be in geology, meteorology, astronomy and physiography. As of January 1, 1964, the broad field science major must consist of at least 54 semester credits with a minor of at least 22 semester credits in one science subject and at least one full year course of at least 8 semester credits in the other 3 science courses. A

minimum of 6 semester hours of college credit in mathematics shall be considered as a prerequisite to this major.

(c) As of July 1, 1972, a license covering the broad field of social studies will be granted upon the basis of completion of a minimum of 54 semester credits, to include a 22 semester credit concentration in one of the following subject areas: anthropology, economics, geography, history, political science, psychology, or sociology; and a minimum of 32 semester credits distributed over at least 3 of the other above listed social studies subjects; or a 34 semester credit concentration in one of the above listed social studies subjects, and a minimum of 20 semester credits distributed over at least 2 of the other above listed social studies subjects. Certification in broad field social studies will permit teaching in only the concentration and the fusion courses, not in all social studies subjects. (The fusion courses are those drawn from several of the social studies disciplines and, therefore, require a composite preparation in social studies. Fusion courses include civics, social problems, American problems, area studies, vital issues, etc.)

(d) A license covering the broad field of music education will be granted in 1963 and thereafter upon a minimum of 54 semester hours in the field of music exclusive of methods. The pattern shall be approved by the state superintendent.

(e) A license covering the broad field of art education will be granted in 1963 and thereafter upon a minimum of 54 semester hours in the field of art exclusive of methods. The pattern of this major must be approved by the state superintendent.

(g) Speech shall be considered an academic subject.

1. High school teachers of speech shall hold a minimum of an approved college minor in speech preparation. Speech certification shall become mandatory for all classroom teachers of speech with the school year 1962-63. Persons with at least 12 years of experience as teachers of speech prior to July 1, 1962 may be licensed without meeting the above requirement. Persons with from 8 to 11 years of experience as teachers of speech prior to July 1, 1962 may be licensed by completing 6 semester hours of college speech training. A course in speech fundamentals is required.

2. Extra-curricular speech activities. Certification for coaching or directing extra-curricular speech activities will be recommended but not required. Colleges are urged to establish suitable patterns of preparation for coaching or directing extra-curricular speech activities. Such patterns should be established as minors and should be guides to employing officers.

(h) High school teachers must have at least 18 semester credits in professional education. These credits shall be in the fields of educational psychology or psychology of learning, methods to include some in the major subject, and at least 5 in student teaching. The remaining credits are elective in the field of professional education.

(6) SPECIAL SUBJECT FIELDS OF TEACHING. Three-year licenses will be granted to recommended degree-holding graduates of accredited degree-granting colleges or universities for those special subjects for which they are fully prepared in accordance with the prescribed regulations. The special subject fields are industrial arts, home

economics, business education, agriculture, music, art and physical education.

(a) A major in a special subject shall consist of a minimum of 34 semester credits. If the pattern in a special subject field is not sufficiently broad to cover the entire field, a license restricted to specific subjects within the field may be issued.

(b) A minor in a special subject field shall consist of a minimum of 22 semester credits exclusive of methods. Licenses for minors in special subject fields may be restricted to certain grade levels or to certain subjects within the field.

(c) The professional sequence shall include the areas of educational psychology, child growth and development, curriculum, methods and student teaching. Preparation for 12 grade teaching must include student teaching at a minimum of 2 grade levels.

(7) **TEACHERS IN VOCATIONAL PROGRAMS.** Three-year initial licenses designated business and office—vocational, trades and industry—vocational (including drafting or power mechanics or industrial woodworking or building construction or metal working or electronics—electricity or graphic arts), distributive education—vocational, and home economics—vocational (including care and guidance of children or clothing management, production, and services or food management, production, and services or home furnishings, equipment, and services or institutional and home management and supporting services) may be issued.

(a) Applicants must complete a 34-semester hour major in business education, industrial education, distributive education, or home economics. A course in principles, issues, or philosophy of vocational education must be completed.

(b) Certification designated business and office—vocational and trades and industry—vocational requires related occupational experience totaling 2,000 hours completed during the 10-year period preceding the application for vocational licensure.

(c) Certification designated distributive education—vocational requires related occupational experience totaling 4,000 hours completed during the 10-year period preceding the application for vocational licensure.

(d) Certification designated home economics—vocational requires related occupational experience totaling 2,000 hours with at least 1,000 of these hours in one of the 5 areas of concentration completed during the 10-year period preceding application for home economics—vocational licensure.

(e) The required occupational experience can be met in any of the following ways:

1. Paid occupational experience in related occupations.
2. State-approved collegiate occupational internship (directed field experience) resulting in college credit.* One hour of paid occupational internship counts as 3 hours of occupational experience.

Note: Up to two-fifths of the occupational experience may be secured by *earning university graduate credits in technical subjects or in workshops*, specifically related to the

area of concentration, one semester hour counting as 95 clock hours of occupational experience and one clock hour of approved workshop experience counting as up to 3 clock hours of occupational experience. Workshops must have prior approval of the state superintendent.

(f) The initial license is for 3 years. At its expiration, applicants may apply for another three-year license* or for a five-year renewable certificate. To be eligible for the five-year credential, the applicant must have completed:

1. Three years of successful teaching in a position requiring Wisconsin vocational certification for the subjects endorsed on the three-year license, and

2. Received 3 semester credits in technical course work, specifically related to the vocational program. (95 clock hours of occupational experience, specifically related to the area of concentration, can count as the equivalent of one semester credit or one clock hour of approved workshop experience can count as 3 clock hours of occupational experience.)

Note: To renew a three-year initial license, the 3 semester credits in technical course work or its equivalent must be completed.

(g) The five-year certificate can be renewed by verifying completion of 5 semester credits in technical course work, specifically related to the vocational program. (occupational experience or workshop attendance can be substituted for college credit totally or in part under the guidelines for equivalency listed in (b) above.)

(h) There is no unlimited certification in certification categories designated vocational.

(8) LOCAL VOCATIONAL EDUCATION COORDINATORS. (a) For a 3-year license the applicant must possess evidence of vocational education and administrative competencies, credentials to include the following:

1. A baccalaureate or higher degree with a major in a vocational subject area or related area as identified by the state superintendent.

2. College-level course work in the following areas:

a. Issues, principles or philosophy of vocational education.

b. Organization and administration of cooperative vocational programs

c. Curriculum planning and development

d. Supervision of instruction

e. Guidance with an emphasis on career development

f. Administration of public school districts.

3. Work experience outside of teaching to include at least 2,000 hours in one or more occupational fields. Collegiate field experience resulting in college credit may be used to satisfy occupational requirements, each contact hour counting up to 3 clock hours of occupational experience. Workshops may be substituted for occupational experience as follows: one clock hour of approved workshop experience counts up to 3 clock hours of occupational experience. Approval by the state superintendent is required.

4. Three years of successful teaching in a vocational subject area identified as such by the state superintendent, or 2 years of secondary teaching in vocational subject areas and an additional 2 years in administration and/or guidance.

(b) A 5-year license will be granted upon presentation of evidence of 3 years of successful employment as a local vocational education coordinator during the period of the 3-year license.

(c) Five-year certificates may be renewed by presenting evidence of the completion of 5 semester hours of collegiate credit or 475 clock hours of appropriate occupational experience which contributes to broadening the vocational competency of the applicant may be substituted for college credit. Collegiate field experience resulting in college credit may be used to satisfy occupational requirements, each contact hour counting up to 3 clock hours of occupational experience. Workshops may be substituted for occupational experience as follows: one clock hour of approved workshop experience counts up to 3 clock hours of occupational experience. Workshops must have prior approval of the state superintendent. These requirements are to be fulfilled within the immediate preceding 5-year period.

(9) READING TEACHER. (a) Any person who has a specific assignment to teach reading must hold certification as a reading teacher.

(b) Certification of the reading teacher shall be mandatory as of July 1, 1972.

(c) 3 year license. The applicant must have completed and/or possess the following:

1. A Wisconsin teacher's license based upon a bachelor's degree.
2. Two years of teaching experience.

3. A minimum of 15 semester credits, 9 of which must be taken beyond the bachelor's degree and 6 of which may be taken within the bachelor's degree:

*a. Teaching of reading—elementary for certification K-8 and/or Teaching of reading—secondary for certification 7-12.

*b. Reading disability.

*c. Reading clinic practicum.

d. Electives are to be chosen from language arts; language and learning disabilities; measurement and/or evaluation; literature for children and/or adolescents; child and/or adolescent psychology; or advanced courses and seminars in reading.

(d) 2 year, nonrenewable licensure. The applicant must have completed and/or possess the following:

1. A Wisconsin teacher's license based upon a bachelor's degree.

2. A minimum of 7 semester credits applicable towards unlimited certification.

3. The recommendation of a school district personnel officer or a higher-education faculty member engaged in the training of reading personnel.

(10) **READING SPECIALIST.** (a) The reading specialist certification shall be held by those working with reading teachers, classroom teachers, and others as a resource teacher to improve competency and interest in the teaching of reading and to prevent reading disabilities.

(b) Certification of the reading specialist shall be mandatory as of July 1, 1972.

(c) 3 year license. The applicant must have completed and/or possess the following

1. All requirements for the unlimited certification as reading teacher in addition to having the master's degree with a major emphasis in reading or at least a 30 semester hour program equivalent to the master's degree.

2. In addition to the courses listed in Wis. Adm. Code section PI 3.03 (9) (c) 3, course requirements should be selected from:

- *a. Measurement and/or evaluation
- *b. Supervision and administration of reading programs
- *c. Advanced reading courses and seminars
- d. Learning and human development
- e. Language and learning disabilities and techniques
- f. Curriculum, history, and philosophy of education
- g. Exceptional children
- h. Guidance and counseling
- i. Internship with a qualified reading specialist or consultant
- j. Educational and psychological research

3. Two years of teaching or supervisory experience involved with the teaching of reading.

(d) 2 year, nonrenewable licensure. The applicant must have completed and/or possess the following:

- 1. All requirements for the reading teacher.
- 2. At least half (15 hours) of the course work listed above.
- 3. The recommendation of a school district personnel officer or a higher-education faculty member engaged in the training of reading personnel.

(11) **NON-PROFESSIONAL FIELDS OF SERVICE.** Under section 115.29 (3), Wis. Stats. certification will not be required of people assisting teachers in the broad instructional program except where certification classifications of non-professional school employes have been established.

(a) *Special education program aide.* A special education program aide's license may be issued to a person serving as a teacher's aide or a paraprofessional assigned to a special education program or service for exceptional children supported by the division for handicapped children. Role and function will be determined by the professional

educator whom the special education program aide assists and may encompass clerical, housekeeping, supervisory or instructional assistance depending upon the competency, background and training of the specific training aide or paraprofessional. Such license may be issued to a person who is at least 18 years of age and has had 3 years of experience in the supervision of structured youth activities, or has completed 3 years of college education, or a combination of the above preparation and/or experience totaling 3 years, or has completed a planned two-year program in child care and development approved by the department of public instruction.

(12) **LICENSE BASED UPON EXPERIENCE.** A 2-year license may be granted to a person who presents evidence of full accreditation under section PI 3.03 excepting practice teaching providing evidence is presented proving eligibility for acceptance into practice teaching in the college of preparation and proof of 5 or more years of successful teaching experience at the level of preparation. A 3 year renewal license may then be issued upon proof of 2 years of successful teaching experience. Eligibility for a life certificate for such people is established at the end of 5 years of successful teaching experience in Wisconsin holding the 2 and 3 years licenses.

(13) **REFRESHER WORK.** (a) Teachers who have not been regularly employed within the teaching profession within the past 5 years, but who are endorsed by a college or university as having completed an Approved Teaching Program, may be issued a one-year license upon the written request of an employing district administrator. Renewal of this licensure to a regular term license is dependent upon the completion of 6 semester hours of refresher work in methods and/or academic subjects.

(b) A regular term license may be granted to applicants who are endorsed by a college or university as having completed an Approved Teaching Program and who present evidence of 6 semester hours of refresher work in methods and/or academic subjects at the time of application.

(14) **SUBSTITUTE TEACHERS.** Term certificates allowing persons to serve as substitute teachers in the public schools may be issued to applicants who have held or are eligible to hold a regular Wisconsin credential which has expired or the equivalent credential issued in another state.

PI 3.04 Certificates are term and life. The term non-renewable certificate indicates the length of time the holder has to reach the next level of legal certification. Certificates are given to persons who are recommended by the proper college authorities and who have completed a program approved by the state superintendent of public instruction. Approved programs must meet the minimum requirements set by the state superintendent but they may go beyond these minimums as determined by each teacher preparation institution and as approved by the state superintendent.

(1) Five-year non-renewable certificates may be issued to graduates of recognized 2 year elementary teacher courses at the expiration of the 2 year license described in Wis. Adm. Code section PI 3.03 (4). The issuance of the renewal certificate shall be based upon proof of success as reported by superintendents, supervisors and principals and upon proof of the applicant having secured at least 6 semester credits of college work toward the bachelor's degree acceptable to the state superintendent. For any further certification the bachelor's degree in elementary education will be required. This rule shall take effect with the 2 year graduates of 1961.

(2) Since the graduate from a 2 year professional course in elementary education is allowed a total of 7 years to secure a degree in elementary education, the graduate of a 3 year course may have the same length of time after completing a 2 year course or the second year of a 3 year course. Term certificates will be issued upon graduation from the 3 year course in elementary education in accordance with the amount of time left within the above-mentioned period. For further certification the bachelor's degree in elementary education will be required. This rule shall take effect with the 3 year graduates of 1962.

(3) Life certificates may be granted to teachers who have earned bachelors' degrees or their equivalent and who are fully qualified graduates of a college or university accredited for teacher education under the following conditions.

(a) *Life Certificates.* The unlimited or life certificate dated July 1, 1962 or thereafter, for all types of certification, will be valid so long as the holder remains active in the teaching profession. The credential shall become invalid if for 5 or more consecutive years the holder is not actively employed in a position in the teaching profession requiring the holding of a valid license. A person substituting for 90 days under a valid license shall be considered actively employed for that year. Such nullified credential may be renewed by presenting evidence of a minimum of 6 semester hours of refresher work in methods and/or academic subjects.

(b) *High school teachers.* They must hold a bachelor's degree and must have met the pattern of preparation approved by the state superintendent. Life certificates may be granted only in the major subject or subjects of preparation and such other subjects that have been taught successfully in Wisconsin public junior or senior high schools for at least 3 years and which were endorsed on a regular Wisconsin license during that period of time. At least 1 of the 3 years
