**EAB 5.11 Application and renewal fees.** (s. 38.51 (10) (b), Stats.) (1) **DEFINITIONS.** In this section:

(a) "Adjusted gross annual school revenues" means the amount remaining after subtracting from gross annual school revenues the amount of refunds actually made to Wisconsin students or their sponsors during

Register, June, 1990, No. 414

the same fiscal year for which the school reported the gross annual school revenues.

(b) "Gross annual school revenues" means the total revenues recognized in the school's method of accounting during the past fiscal year from the sale of goods and services to Wisconsin students, unreduced by any costs of the sales. It includes all revenues from tuition and fees, and charges for books, supplies and equipment, whether the sources of those revenues were Wisconsin students or sponsors of Wisconsin students. It includes revenues from room and board charges to Wisconsin students required to use room and board facilities which the school provided. It also includes all revenues from contracts with third parties to provide school goods and services to Wisconsin students or groups of Wisconsin students, such as job training partnership act contracts, or contracts with employers to provide training to their employees.

(c) "Inactive" means the board-recognized status of a school which is not currently soliciting enrollments, advertising for students, or providing instruction, but which continues to provide non-instructional services to former students to whom the school is obligated.

(d) "Past fiscal year" means a 12-month period ending on a date no earlier than 14 months before the date of the submission of the financial information requested on the application for renewal of approval.

(2) **APPLICABILITY.** The fees listed in this section shall apply to:

(a) Any application for renewal of an approval which expires on or after December 1, 1988.

(b) Any other applications received on or after December 1, 1988.

(3) **APPLICATION FEES FOR INITIAL SCHOOL APPROVAL.** A school which is not approved to operate or do business in this state and which is applying for approval shall pay a fee of \$540, plus:

(a) A fee for each course of instruction the school wishes to advertise, offer or teach in this state, as provided in sub. (5) and

(b) A fee for each teaching location, other than the main location of the school as listed on the application for approval, in which the school wishes to enroll Wisconsin students, as provided in sub. (6).

(4) **ANNUAL FEES FOR RENEWAL OF SCHOOL APPROVAL.** (a) A renewal of approval of a school shall be valid for one calendar year. Except as provided in par. (b), a school applying for renewal of approval shall pay an application fee in payments as provided in pars. (c) and (d).

(b) A school that has not done business in this state in violation of s. 38.51 (10), Stats., prior to the effective date of approval need not pay the first payment in the calendar year in which the school paid in full the fees required by sub. (3), but may defer that payment until March 1 of the following year.

(c) A school requesting active status shall make a first payment, in the amount of \$300, no later than the September 1 prior to the calendar year for which the school is applying for renewal of approval, and shall make a second payment, in the amount determined as provided in par. (g), no less than 6 months after the first payment was due.

(d) A school requesting approved inactive status shall make a first payment in the amount of \$50, no later than the September 1 prior to the calendar year for which the school is applying for renewal of approval and shall make a second payment, in the amount determined as provided in par. (g), no less than 6 months after the first payment was due. If the school resumes active status during the calendar year for which the school is applying for renewal of approval, the school shall make a third payment. The third payment shall be in the amount of \$50 for each full calendar month and any portion of a calendar month which is remaining in the calendar year as of the date of resumption of active status, and shall be due by the date of resumption of active status.

(e) The board shall base the second payment on the size of the school. The size of each school shall be measured by the school's adjusted gross annual school revenues, as reported to the board on the application for renewal of approval or as estimated by the board under par. (h). The total of the second payments due from all approved schools, as determined by the board by the December 31 prior to the due date for the second payments, shall recover that portion of the costs of examining and approving schools subject to s. 38.51 (10), Stats., which is not recovered by the total of the first payments plus the total of receipts from all other fees in this section and in s. EAB 10.02. The amount to be recovered by the total of the second payments shall be based on the annual budget of the board for the regulation of schools subject to s. 38.51 (10), Stats., adjusted by:

1. Subtracting the total revenue estimated to be received during the current fiscal year from schools and solicitors in payment of all other application fees, including the first payments of the renewal fee under pars. (b) through (d),

2. Subtracting any positive balance in excess of \$5,000 in the board's fee revenue account carried over from the previous fiscal year, to the extent that the balance still exists and remains usable by the board,

3. Adding an amount equal to the absolute value of any negative balance in the board's fee revenue account at the end of the previous fiscal year, and

4. Adding the amounts of any additional costs required by law, regulation, executive order or collective bargaining agreement which were not known or taken into consideration when the annual budget was determined.

(f) The board shall determine the rate in dollars per thousand dollars of adjusted gross annual school revenue for the calendar year in which the second payment is due by dividing the amount in dollars which the board must recover from the total of the second payments for the same calendar year, determined as provided in par. (e), by the total of the actual and estimated adjusted gross annual school revenues in thousands

of dollars of all schools which have applied for renewal of approval for the calendar year. The formula is stated algebraically as follows:

$$M = A/R$$

- where M = the rate in dollars per thousand dollars of adjusted gross annual school revenue
- A = the amount in dollars which the board shall recover from the total of the second payments for the same calendar year, determined as provided in par. (e)
- R = the total in thousands of dollars of the actual and estimated adjusted gross annual school revenues of all schools which have applied for renewal of approval for a calendar year

(g) The board shall determine the amount of the second payment for each school by multiplying the adjusted gross annual revenues of the school in thousands of dollars, as reported to the board on the application for renewal of approval or as estimated by the board under par. (h), by the rate in dollars per thousand dollars of adjusted gross annual school revenue determined as provided in par. (f). The formula is stated algebraically as follows:

$$a = r \times M$$

- where a = the amount of the second payment for a specific school
- r = the adjusted gross annual revenues of that school in thousands of dollars, as reported to the board on the application for renewal of approval or as estimated by the board under par. (h)
- M = the rate in dollars per thousand dollars of adjusted gross annual school revenue determined as provided in par. (f)

The board may adjust the amount of each second payment by rounding the payment to the nearest whole dollar.

(h) If a school fails or refuses to provide the board with reliable information by which the board may determine the amount of the second payment, the board may revoke the approval of the school or may use other means to compare the school with other schools by size, estimate the adjusted gross annual revenues of the school and require a second payment based on the estimated adjusted gross annual revenues of the school. The board may also request the department of justice or any district attorney to take action under any other applicable provision of law.

(5) APPLICATION FEES FOR APPROVAL OF COURSES OF INSTRUCTION. (a) When applying for approval of a course of instruction, a school shall pay the following fee:

1. \$405, if the course of instruction for which the school seeks approval does not lead to a degree.
2. \$675, if the course of instruction for which the school seeks approval leads to an associate degree.

3. \$1,620, if the course of instruction for which the school seeks approval leads to a degree other than an associate degree.

(b) The fees specified in par. (a) shall be reduced by 75% if all of the following conditions are met:

1. The course of instruction prepares students to meet the occupational licensing requirements of an agency of this state.

2. The course of instruction has been reviewed by the agency referred to in subd. 1.

3. The agency referred to in subd. 1 has notified the board in writing that successful completion of the course of instruction will meet the educational requirements for initial licensure in the occupation.

(6) APPLICATION FEE FOR APPROVAL OF TEACHING LOCATIONS. A school shall pay a fee of \$135 when applying for approval of a teaching location.

(7) CHANGE OF OWNERSHIP OR CONTROL. (a) Approval of a school terminates at the time when the ownership or control of the school changes from that indicated on the most recent application the school filed with the board.

(b) An approved school shall notify the board of any proposed change of ownership or control.

(c) The prospective owner or owners shall submit to the board prior to the effective date of the transfer an application reflecting the change of ownership or control. The school shall submit with the application a fee of \$270, plus:

1. A fee, as provided in sub. (5), for each course of instruction listed on the application which, at the time the school files the application, is not approved by the board; and
