Trans 100.06 Determining the reasonable possibility of a judgment. (1) The department may use the following sources of information to determine whether an uninsured person is exempted under s. 344.14 (2) (k), Stats., from the security and suspension requirements in ch. 344, Stats:

(a) Operator reports.

(b) Law enforcement agency reports.

(c) Other information, such as statements of witnesses to the accident and supplementary reports from the investigating law enforcement agency.

(2) An uninsured motorist shall not be required to deposit security when there is no reasonable possibility of a judgment being rendered against the uninsured person. The department shall consider the following factors to determine whether a person is exempt under s. 344.14 (2) (k), Stats., from the security and suspension requirements under ch. 344, Stats.:

(a) Violation of ch. 346, 347, 348 or 350, Stats.

(b) Failure to exercise ordinary care based on information from the sources listed in sub. (1).

(3) If the parties to an accident fail to file a description of the accident and the department does not receive an enforcement agency report which describes the accident, the uninsured person shall comply with the security provisions of s. 344.13, Stats.

(4) If the department requires security under s. 344.13, Stats., and, after receiving additional information, determines that no reasonable possibility of a judgment against the person exists, the department shall rescind the security requirement. The additional information may be in the form of notarized witness statements, enforcement agency reports, coroner reports or investigative reports from independent investigators or the injured party's insurance company.

History: Cr. Register, October, 1985, No. 358, eff. 11-1-85.

Trans 100.07 Determination of security amount. (1) Court costs of 20% of the evaluated damages and injuries not to exceed \$500.00 shall be included when determining the amount of security to be deposited under s. 344.13 (1) and (2), Stats.

1. The location, permanency, and potential cost of cosmetic surgery of scars resulting from the accident,

2. The age of the injured person,

3. The occupation and lifestyle of the injured person, if the occupation or lifestyle of the injured person will be affected,

4. The duration and severity of pain, and degree of consciousness of the injured party,

(5) If a report of an accident is received by the department within one year of the date of the accident, the department shall determine the amount of security required within 90 days after receipt of the report, if possible, but failure to do so does not relieve an uninsured motorist from the duty to comply with the provisions of ch. 344, Stats.

Note: Reference DOT vs. Warner 102 W(2d) 232 (CTApp. 1981).

(6) Property damage and personal injury evaluations which are received by the department within 21 calendar days from the date the evaluations are mailed by the department shall be considered in determining the security required. Evaluations received after the 21 calendar day period may be considered if the final determination of the security amount has not been established by the department and less than one year has elapsed since the date of the accident.

(3) Unless otherwise specified in writing by the depositor, security deposits shall be returned as required under s. 344.20 (3), Stats.

(4) Security deposits returned shall be valued at the same amount as when received by the department. No interest or dividends shall be paid to the depositor.

(5) If the owner and operator are separate persons, the deposit may be made by one of them, or they may cooperate in depositing the security. The security may be applied to the payment of judgments for damages arising out of the accident rendered against either operator or owner regardless of who made the deposit.

(6) If notice of a court action is filed with the department, under s. 344.18 (1) (d), Stats., the security deposit shall be retained pending further order of the court.
