Subchapter II — Warehouse Keepers

Note: A registered warehouse keeper may store grain for producers, but may not buy grain from producers unless the warehouse keeper also complies with subch. III related to grain dealers. This subchapter applies to "exempt warehouse keepers" except where they are specifically excluded from coverage.

ATCP 99.02 Warehouse keepers; registration certificate.

(1) **REGISTRATION CERTIFICATE REQUIRED.** No warehouse keeper, other than an exempt warehouse keeper, may operate without an annual warehouse keeper's certificate of registration issued by the department. A certificate of registration expires on August 31 annually and is not transferable between persons or warehouse facilities.

(2) **APPLICATION.** An applicant for an annual certificate of registration under sub. (1) shall submit an application in writing, on a form provided by the department. The application shall include all of the following:

(a) Any information reasonably required by the department for registration purposes, including a description of the location and size of every warehouse which the warehouse keeper operates in this state.

(b) All applicable fees required under sub. (3).

(c) If the warehouse keeper has not previously applied for a certificate of registration, a financial statement as required under s. ATCP 99.06 (1).

(d) Evidence of insurance coverage, as required under s. ATCP 99.04 (1).

(3) **FEEs.** (a) *Registration fee.* To obtain an annual certificate of registration, a warehouse keeper shall pay an annual registration fee of \$50. A warehouse keeper operating more than one warehouse in this state shall pay an additional registration fee of \$25 for each additional location.

(b) *Inspection fee.* To obtain an annual certificate of registration, a warehouse keeper shall pay an annual inspection fee based on the combined storage capacity of all of the warehouse keeper's warehouses in this state, as follows:

1. If the storage capacity is less than 150,000 bushels, the inspection fee is \$300.

2. If the storage capacity is at least 150,000 bushels but less than 250,000 bushels, the inspection fee is \$325.

3. If the storage capacity is at least 250,000 bushels but less than 500,000 bushels, the inspection fee is \$375.

4. If the storage capacity is at least 500,000 bushels but less than 750,000 bushels, the inspection fee is \$425.

5. If the storage capacity is at least 750,000 bushels but less than 1,000,000 bushels, the inspection fee is \$475.

6. If the storage capacity is one million bushels or more, the inspection fee is \$525.

(c) *Supplementary inspection fee.* To obtain an annual certificate of registration, a warehouse keeper shall pay, in addition to the annual inspection fee specified under par. (b), a supplementary annual inspection fee of \$100 for each additional warehouse location which the warehouse keeper operates in this state, other than the warehouse keeper's principal warehouse.

(d) *Surcharge for operating without a certificate of registration.* An applicant for an annual warehouse keeper's certificate of registration shall pay a registration fee surcharge of \$500 if the department determines that, within 365 days prior to submitting an application for a warehouse keeper's certificate of registration, the applicant acted as a warehouse keeper without a certificate of registration in violation of s. 127.02 (1), Stats. Payment of the registration fee surcharge does not relieve the applicant of other civil or criminal liability that may result from acting as a warehouse keeper without a certificate of registration, but does not constitute evidence of a violation of law.

(4) **ACTION GRANTING OR DENYING APPLICATION.** The department shall grant or deny an application under sub. (2) within 60 days after the department receives a complete application including all applicable fees.

(5) **CERTIFICATE DISPLAYED.** A warehouse keeper required to hold a certificate of registration under sub. (1) shall prominently display a true copy of that certificate at

each warehouse which the warehouse keeper operates in this state.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.04 Warehouse keepers; insurance. (1) **INSURANCE AGAINST FIRE AND NATURAL PERILS.** (a) Every warehouse keeper shall maintain fire and extended coverage insurance issued by an insurance company authorized to do business in this state. The insurance policy shall cover all grain in the custody of the warehouse keeper, whether held for others or owned by the warehouse keeper, at the full local market value of the grain. This paragraph does not apply to an exempt warehouse keeper unless the exempt warehouse keeper claims to be a bonded warehouse keeper.

(b) An insurance policy under par. (a) shall provide that the policy may not be canceled by the warehouse keeper or insurance company except on 30 days' prior written notice served on the department in person or by certified mail. The warehouse keeper shall obtain satisfactory replacement insurance, and shall file satisfactory evidence of that replacement insurance with the department within 20 days after the cancellation notice is served on the department, and at least 10 days before the cancellation takes effect.

(2) **INSURANCE DISCLOSURE.** Before storing grain for any depositor, every warehouse keeper, including an exempt warehouse keeper, shall clearly disclose in writing, and publicly post in a conspicuous area, all of the following:

(a) Whether the grain is insured against fire and other natural perils. The disclosure shall specify the types of perils covered.

(b) Whether the warehouse keeper has liability insurance covering the warehouse keeper's grain storage operations, and whether the insurance covers liability resulting from the warehouse keeper's fraud or malfeasance.

(3) **WAREHOUSE KEEPER'S INSURANCE; DEDUCTIBLE.** Neither a fire and extended coverage insurance policy under par. (a), nor a warehouse keeper's liability insurance policy, may contain any deductible clause which limits the insurer's liability to depositors for the full value of the depositors' covered losses under the policy. This subsection does not prohibit a deductible clause under which the warehouse keeper agrees to indemnify the insurer for a portion of each depositor claim paid by the insurer under the policy, provided that the deductible clause does not limit the insurer's obligation to pay the full amount of each depositor's covered losses.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

(3) **SUPPLEMENTARY OR INTERIM FINANCIAL STATEMENTS.** (a) The department may require an exempt warehouse keeper to file an annual financial statement with the department if the department considers it necessary to protect depositors.

(b) The department may require any warehouse keeper, including an exempt warehouse keeper, to file supplementary or interim financial statements whenever the department considers it necessary to protect depositors.

(c) A financial statement under par. (a) or (b) shall contain a sworn and notarized statement by the warehouse keeper stating that the financial statement is correct. The financial statement shall be a reviewed or audited financial statement except as permitted by the department.

(4) **FINANCIAL STATEMENTS; PREPARATION AND CONTENTS.** (a) Except as provided under sub. (1) (b), a financial statement under this section shall consist of a balance sheet, income statement, equity statement, statement of cash flows, notes to those statements, and any other information required by the department.

(b) If a warehouse keeper's warehouses have a combined storage capacity of less than 500,000 bushels, a financial statement required under sub. (1) or (2) shall be either a reviewed financial statement or an audited financial statement.

(b) At all times other than at the end of the warehouse keeper's fiscal year, the warehouse keeper's ratio of current assets to current liabilities shall be at least 1.0 to 1.0.

(c) The warehouse keeper's total assets shall at all times exceed total liabilities by at least \$50,000, or by the product obtained by multiplying the bushel capacity of the warehouse by 10 cents, whichever is greater.

Note: In determining whether a warehouse keeper complies with the financial standards under this subsection, the department shall exclude assets as provided under s. ATCP 99.46.

(2) **NOTIFICATION OF CHANGES.** A warehouse keeper required to meet the financial standards under sub. (1) shall immediately notify the department if the warehouse keeper knows or has reason to know that any of the financial standards under sub. (1) are no longer being met.

The warehouse keeper shall return the initial supplementary report to the department within 10 days after the warehouse keeper receives the department's notice demanding security.

(2) **REPORT CONTENTS.** A monthly report under sub. (1) shall include information required by the department, and shall be in a form prescribed by the department. The report shall specify the amount of each type of grain stored in each of the warehouse keeper's warehouses on the last day of the previous month.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.12 Warehouse keepers; security. (1) **REQUIREMENT.** Except as provided under sub. (2), a warehouse keeper shall file security with the department that complies with subchapter V.

(2) **EXEMPTIONS.** Subsection (1) does not apply to either of the following:

(a) A warehouse keeper who meets the minimum financial standards under s. ATCP 99.08 (1).

(b) An exempt warehouse keeper.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.14 Warehouse keepers; receipts for grain. (1) **REQUIREMENT.** No warehouse keeper may receive grain

from a depositor unless the warehouse keeper immediately furnishes the depositor or the depositor's agent with a scale ticket, warehouse receipt or other storage receipt. The storage receipt shall include all of the following:

If a warehouse keeper receives depositor-owned grain for storage from another warehouse keeper, the warehouse receipt shall contain the conspicuous word "NONNEGOTIABLE."

(h) A statement indicating that the depositor's right to demand delivery of stored grain ends on a specified date, which shall be not more than 3 years after the date of deposit. This paragraph does not apply to grain owned by the commodity credit corporation, or grain which is pledged as collateral for a price support loan from the agriculture stabilization and conservation service.

(i) A statement indicating whether stored grain is insured against loss by fire and other natural perils while in the warehouse keeper's custody, and indicating the nature and scope of the insurance coverage.

(1) **REQUIREMENT.** A warehouse keeper shall maintain current, complete and accurate records and accounts of all grain received into or withdrawn from the warehouse, including all of the following:

(a) Daily position records for each kind of grain, which will permit the ready determination of total grain in registered storage, total grain under the control of the warehouse keeper, all obligations relating to grain received or withdrawn, and the total amount of grain to which the warehouse keeper claims title as of the close of each busi-

ness day. If the warehouse keeper maintains a computerized daily position record, or computerized records under par. (b), the warehouse keeper shall generate a hard copy print-out for each business day, unless the computer system can recall and print the records extending back for a period of at least 6 years.

(b) Records, for each depositor of grain, which will readily permit a determination of all of the following:

1. The kinds and amounts of grain which the warehouse keeper has received for storage from that depositor, the dates of receipt, the name and address of the depositor, and the terms under which the grain was received.

2. The kinds and amounts of grain which the warehouse keeper has released from storage for or to that depositor, and the dates of release.

3. The amount of each kind of grain which the warehouse keeper currently holds in storage for that depositor. This record shall be updated on a daily basis.

(2) CARE OF GRAIN; FACILITIES. A warehouse keeper is responsible for the care and safekeeping of grain in storage, and shall provide equipment and facilities which are adequate to protect stored grain from loss or abnormal deterioration.

(3) SUFFICIENT INVENTORY. A warehouse keeper shall at all times maintain grain inventories sufficient in quantity and quality to meet all outstanding obligations to grain depositors.

(4) RETURN OF STORED GRAIN. (a) Whenever a depositor presents a storage receipt and demands the return of

stored grain, the depositor is entitled to receive the same grade and amount of grain deposited.

(b) If, when a depositor demands the return of stored grain, the warehouse keeper does not have an adequate amount of the same grade of grain to fulfill the demand, the warehouse keeper may, with the depositor's written approval, substitute monetary payments or a sufficient amount of a better grade of grain to provide the depositor with equivalent value. The value of grain shall be based upon the local market value of that grade of grain at the time the depositor demands return of deposited grain. A warehouse keeper may not agree with a depositor to provide grain having greater value than the grain to which the depositor is entitled under the storage receipt.

(5) RECORDS; INSPECTION BY DEPARTMENT. A warehouse keeper shall keep records and accounts required under s. ATCP 99.16, and shall make the records and accounts available to the department for inspection and copying upon request.

(6) PROHIBITED PRACTICES. No warehouse keeper may do any of the following:

(b) Make any false or misleading statement in any application for a certificate of registration or in any other statement or report required to be submitted to the department.

(c) Fail to provide relevant information required by the department under this chapter, or falsify any information provided to the department.

(e) Violate any provision of ch. 127, Stats., this chapter, or any order issued by the department under this chapter.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

The warehouse keeper shall also give each depositor a copy of the notice when the warehouse keeper gives the first storage receipt to the depositor.

(2) NOTICE CONTENTS. A notice under sub. (1) shall include the following information, as applicable:

(a) Every notice shall bear the name and address of the warehouse keeper and the conspicuous title "NOTICE TO DEPOSITORS."

(b) Every notice shall contain the following statement, conspicuously printed under the title:

"Under Wisconsin law, a grain warehouse keeper storing 50,000 bushels or more of grain for depositors must register with the Wisconsin Department of Agriculture, Trade and Consumer Protection. A registered warehouse keeper must meet minimum financial standards or file security with the department. The department also inspects registered grain warehouses annually. Although these requirements promote financial responsibility and

safekeeping of grain, they do not guarantee depositors against loss. Each depositor is responsible for determining the credit worthiness of a grain warehouse keeper with whom the depositor stores grain."

(c) If the grain warehouse keeper is registered on the basis of the warehouse keeper's financial statement, the notice shall contain the following statement in addition to the statement under par. (b):

"(Name of warehouse keeper) is currently registered on the basis of its financial statement. Our most recent year-end financial statement meets both of the following minimum financial standards:

- (1) A current ratio of at least 1.25 to 1.00.
- (2) Equity equal to \$50,000, or the product of our storage capacity multiplied by 10¢ per bushel, whichever is greater."

(e) If a grain warehouse keeper is an exempt warehouse keeper, the notice shall contain the following in addition to the statement under par. (b):

"(Name of warehouse keeper) is not registered with the department because we store less than 50,000 bushels of grain for depositors. We have not filed financial statements or security with the department, and the department does not make annual examinations of our operations."

Subchapter III — Grain Dealers

Note: A grain dealer may not operate a facility to store grain for others unless the grain dealer also complies with subchapter II related to warehouse keepers. This subchapter applies to all classes of grain dealers, including "exempt grain dealers," except where a class of grain dealers is specifically excluded from coverage.

ATCP 99.22 Grain dealers; registration certificate. (1) REGISTRATION CERTIFICATE REQUIRED. (a) Except as provided under par. (b), no person may operate as a grain dealer without an annual grain dealer's certificate of registration issued by the department. A certificate of registration expires on August 31 of each year and is not transferable.

(b) Paragraph (a) does not apply to an exempt grain dealer or a class C grain dealer. Class C grain dealers may voluntarily apply for a certificate of registration.

(2) APPLICATION. An applicant for a certificate of registration under sub. (1) shall submit an application in writing, on a form provided by the department. The application shall include all of the following:

(a) Any information reasonably required by the department for registration purposes.

(b) All applicable fees required under sub. (3).

(c) If the grain dealer has not previously applied for a certificate of registration, a financial statement if required under s. ATCP 99.26 (1).

(3) FEES. To obtain a certificate of registration under sub. (1), a grain dealer shall pay the following applicable fees:

(a) *Registration fee.* 1. A class A grain dealer shall pay a registration fee of \$400, plus a surcharge of \$250 if the grain dealer's financial statement is not audited.

2. A class B grain dealer shall pay a registration fee of \$175.

3. A class C grain dealer who voluntarily applies for a certificate of registration shall pay a registration fee of \$50.

(b) *Supplementary registration fee.* In addition to the fee specified under par. (a), a grain dealer who operates more than one truck shall pay an additional registration fee of \$10 for each additional truck that the grain dealer owns or leases and uses to haul grain.

(c) *Surcharge for operating without a certificate of registration.* An applicant for an annual grain dealer's certificate of registration shall pay a registration fee surcharge of \$500 if the department determines that, within 365 days prior to submitting an application for a grain dealer's certificate of registration, the applicant acted as a grain dealer without a certificate of registration in violation of s. 127.03 (1), Stats. Payment of the registration fee surcharge does not relieve the applicant of other civil or criminal liability that may result from acting as a grain dealer without a certificate of registration, but does not constitute evidence of a violation of law.

(4) ACTION GRANTING OR DENYING APPLICATION. The department shall grant or deny an application under sub. (2) within 60 days after the department receives a complete application including all applicable fees.

(5) CERTIFICATE DISPLAYED. If a grain dealer is required to hold a certificate of registration under sub. (1), the grain dealer shall prominently display a true copy of the grain dealer's current certificate of registration on each truck used to haul grain. The grain dealer shall also display a true copy of the certificate of registration at the grain dealer's permanent business address if the grain dealer is required to maintain a permanent business address under s. ATCP 99.40 (3).

ATCP 99.24 Nonresident grain dealers. This subchapter applies to a nonresident grain dealer who buys grain from or sells grain for producers who produced the grain in this state, regardless of whether the grain dealer takes title to or custody of the grain in this state.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.26 Grain dealers; financial statements. (1) INITIAL FINANCIAL STATEMENT. (a) If either of the following apply, a grain dealer shall file a financial statement with the grain dealer's initial application for a certificate of registration under s. ATCP 99.22:

1. The grain dealer is a class A grain dealer.

Register, July, 1994, No. 463

2. The grain dealer represents to any person that the grain dealer is bonded or that the grain dealer's obligations to producers are covered by security.

(b) A financial statement under par. (a) shall comply with sub. (4). If a grain dealer has not previously engaged in business, the grain dealer's initial financial statement need not comply with sub. (4) (a), but may instead consist of an opening balance sheet and notes to that balance sheet.

(c) If the applicant's financial statement under par. (a) does not meet the minimum year-end financial standards under s. ATCP 99.28, the applicant shall file security with the department under s. ATCP 99.32.

(2) ANNUAL FINANCIAL STATEMENT. (a) A registered class A grain dealer shall annually file a year-end financial statement with the department. The annual financial statement shall comply with sub. (b) An annual financial statement under par. (a) shall be issued and dated prior to the filing deadline under par. (a). The department may not accept a financial statement that is issued or dated after the filing deadline.

(3) SUPPLEMENTARY OR INTERIM FINANCIAL STATEMENTS. (a) The department may require a class A grain dealer to file a supplementary or interim financial statement whenever the department considers it necessary.

(b) A financial statement under par. (a) shall contain a sworn and notarized statement by the grain dealer stating that the financial statement is correct. The financial statement shall be a reviewed or audited financial statement, except as permitted by the department.

(4) FINANCIAL STATEMENTS; PREPARATION AND CONTENTS. (a) Except as provided under sub. (1) (b), a financial statement under this section shall consist of a balance sheet, income statement, equity statement, statement of cash flows, notes to those statements, and any other information required by the department.

(b) If a class A grain dealer makes at least \$2,000,000 of grain purchases or sales during the grain dealer's fiscal year, the grain dealer's financial statements under subs. (1) and (2) shall be audited financial statements. Otherwise, they shall be reviewed or audited financial statements.

(c) A reviewed or audited financial statement under this section shall comply with s. ATCP 99.44.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

(c) The grain dealer's total assets shall at all times exceed total liabilities by at least \$10,000, or 5% of the amount that the grain dealer paid producers for grain during the grain dealer's last completed fiscal year, whichever is greater, except that the grain dealer's total assets need not exceed total liabilities by more than \$500,000.

Note: In determining whether a grain dealer complies with the financial standards under this subsection, the department shall exclude assets as provided under s. ATCP 99.46.

(2) NOTICE OF CHANGES. A class A grain dealer required to meet the financial standards under sub. (1) shall immediately notify the department if the grain dealer knows or has reason to know that any of the financial standards under sub. (1) are no longer being met.

(3) EXEMPTIONS. A class A grain dealer is not required to meet the financial standards under sub. (1) if the grain dealer does both of the following:

(a) Files supplementary reports with the department under s. ATCP 99.30.

(b) Files with the department security that complies with subch. V.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

(2) GRAIN DEALERS CLAIMING TO BE BONDED OR SECURED. If a grain dealer represents to any person that the grain dealer is bonded, or that the grain dealer's obligations to producers are covered by security, the grain dealer shall file monthly reports with the department under this section. This requirement applies to all grain dealers, including exempt grain dealers, regardless of whether those grain dealers comply with the minimum financial standards under s. ATCP 99.28.

(3) MONTHLY REPORTS; FILING DEADLINE. A grain dealer's monthly report shall be filed on or before the 10th day of the month. If the department demands supplementary reports when the department issues a notice demanding security under s. (4) MONTHLY REPORTS; CONTENTS. A grain dealer's monthly report shall specify, for each type of grain, all of the following:

(a) The total number of bushels purchased during the previous month for which the grain dealer has paid in full, and the total amount paid for that grain.

(2) **GRAIN DEALERS VOLUNTARILY FILING SECURITY.** Any grain dealer may voluntarily file with the department security that complies with subchapter V.

(3) **GRAIN DEALERS CLAIMING TO BE BONDED OR SECURED.** If any grain dealer represents to any person that the grain dealer is bonded, or that the grain dealer's obligations to producers are covered by security, that grain dealer shall file with the department security that complies with subchapter V. History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.34 Grain dealers; receipts for grain. (1) **REQUIREMENT.** No grain dealer may receive grain from or sell grain for a producer unless that grain dealer furnishes the producer or the producer's agent with a scale ticket or other purchase receipt when taking control of or title to the grain. The scale ticket or purchase receipt shall include all of the following:

(f) The grade and quality of the grain, if determined.

(g) An indication whether the grain dealer is purchasing the grain or receiving it for storage. If a scale ticket or receipt fails to indicate whether it is a purchase receipt or storage receipt, it is considered a purchase receipt unless the grain dealer also operates as a warehouse keeper under the same name, in which case it is considered a storage receipt.

(h) The grain dealer's promise to pay the producer the total amount due for grain, less any discounts that may apply, within 7 calendar days after the receipt date specified under par. (c). This paragraph does not apply if any of the following applies:

1. The grain dealer makes full cash payment for the grain before taking custody of the grain.

2. The grain dealer, before taking custody of the grain, provides the producer with a copy of a deferred payment contract or deferred price contract for that grain, signed by the grain dealer and the producer. The deferred payment or deferred price contract shall comply with s. ATCP 99.36.

3. The scale ticket or receipt clearly specifies that the producer retains ownership of the grain and is depositing the grain for storage only.

(2) **GRAIN DEALER'S COPIES.** A grain dealer shall keep copies of all scale tickets and other purchase receipts which the grain dealer issues under sub. (1). The grain dealer shall retain copies of the documents for at least 6 years after the documents are issued, and shall make copies available to the department for inspection and copying upon request.

The grain dealer shall provide the producer with a copy of every contract when the contract is made.

(2) **CONTENTS OF CONTRACT.** Deferred payment and deferred price contracts shall include all of the following:

(a) The type, weight, grade and quality of grain purchased. The contract shall specify that discounts and charges may apply if the grain delivered is not the same grade and quality as the grain purchased.

(c) The date by which the grain dealer agrees to pay the producer in full for the grain.

(d) The permanent business location of the grain dealer.

(3) **GRAIN DEALER TAKES TITLE TO GRAIN.** No grain dealer may purchase grain under a deferred payment or deferred price contract unless the contract clearly specifies that the grain dealer takes title to the grain when it is received or, if the contract involves the purchase of grain already in storage, when the contract is made.

(4) **PAYMENT DEADLINE.** (a) A grain dealer shall pay the producer in full under every deferred payment or deferred price contract by the deadline date specified in the contract.

(b) No deferred payment or deferred price contract may specify a payment deadline that is more than one year after the date on which the contract is made. The payment deadline may not be extended, except that the parties may sign a new contract which extends the deadline for up to one year.

(5) **NOTICE TO PRODUCER.** (a) Every deferred payment or deferred price contract shall contain the following statement in capitalized bold print immediately preceding the producer's signature line:

"THIS IS NOT A STORAGE CONTRACT. THE GRAIN DEALER (BUYER) BECOMES THE OWNER OF ANY GRAIN WHICH THE PRODUCER (SELLER) DELIVERS TO THE GRAIN DEALER UNDER THIS CONTRACT. THE PRODUCER RELINQUISHES OWNERSHIP AND CONTROL OF THE GRAIN, AND BECOMES AN UNSECURED CREDITOR PENDING PAYMENT."

"AS A CLASS B OR CLASS C GRAIN DEALER, WE ARE NOT REQUIRED TO MEET MINIMUM FINANCIAL STANDARDS, NOR ARE WE REQUIRED TO FILE SECURITY WITH THE STATE OF WISCONSIN TO SECURE OUR PAYMENT OBLIGATIONS TO PRODUCERS."

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

Records and accounts shall be complete, accurate, current, well organized and accessible, so that the grain dealer and the department can readily determine all of the following:

(a) The kinds and amounts of grain which the grain dealer has received, the dates of receipt, the persons from whom the grain was received, and the terms under which the grain was received.

(b) The kinds and amounts of grain which the grain dealer has sold, the dates of sale, the persons to whom the grain was sold, and the terms of sale.

(c) The kinds and amounts of grain, received from others, which the grain dealer has used for feed, seed, milling, manufacturing, processing or other purposes.

(d) Whether the grain dealer purchased the grain or received it for storage.

(e) If the grain dealer purchased the grain from the producer, the terms of the purchase.

(f) If the grain dealer did not purchase the grain, but received it for storage, the terms and conditions of the storage agreement.

(g) The terms of every deferred payment and deferred price contract.

(3) COPIES. A grain dealer shall keep a copy of every record and account entry which the grain dealer makes under subs. (1) and (2), and shall retain that copy for at least 6 years. The grain dealer shall make copies available to the department for inspection and copying upon request.

ATCP 99.40 Grain dealers; duties and prohibited practices.

(1) GRAIN WEIGHT, GRADE AND QUALITY. When determining the weight, grade or quality of grain, a grain dealer shall make accurate determinations using accurate weighing, testing and grading equipment, and shall accurately record those determinations.

(2) TIMELY PAYMENT TO PRODUCERS. A grain dealer who purchases grain from a producer shall pay for the grain when payment is due under the purchase agreement. A grain dealer does not meet the grain dealer's payment obligation by issuing a forged check, a check drawn on an account containing insufficient funds, or any other nonnegotiable check.

(3) PERMANENT BUSINESS LOCATION. (a) Every class A and class B grain dealer shall maintain a permanent business address at which the grain dealer may be readily contacted during business hours. The grain dealer's permanent business address shall be included on every scale ticket or receipt which the grain dealer issues under s. ATCP 99.34 for grain received from or sold for producers.

(b) Every class A and class B grain dealer who purchases grain under deferred price contracts shall have business hours that begin by 9:30 AM and continue until at least 1:30 PM every Monday through Friday except on official holidays when boards of trade and commodity exchanges are closed. Business hours complying with this paragraph shall be prominently posted at each of the grain dealer's business locations.

(4) RECORDS; INSPECTION BY DEPARTMENT. A grain dealer shall keep records and accounts required under s. ATCP 99.38, and shall make the records and accounts available to the department for inspection and copying upon request.

(5) PROHIBITED PRACTICES. No grain dealer may do any of the following:

(c) Fail to provide relevant information required by the department under this chapter, or falsify any information provided to the department.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.42 Grain dealers; notice to producers. (1) NOTICE REQUIRED. Whenever a grain dealer receives grain from any producer, the grain dealer shall give the producer a written notice under sub. (2) unless the grain dealer makes full cash payment for the grain before taking title to or custody of the grain.

(2) NOTICE CONTENTS. A notice under sub. (1) shall contain the following information:

(a) The name and address of the grain dealer, followed by the conspicuous title "NOTICE TO PRODUCERS."

(b) The following statement, conspicuously printed under the title:

"(Name of grain dealer) is a (choose one as appropriate: class A grain dealer registered on the basis of its financial statement, class A grain dealer registered on the basis of security, class B grain dealer or class C grain dealer).

Under Wisconsin law, class A grain dealers must meet minimum financial standards or file security with the Department of Agriculture, Trade and Consumer Protection. OTHER GRAIN DEALERS ARE NOT REQUIRED TO MEET MINIMUM FINANCIAL STANDARDS OR FILE SECURITY. The law does not guarantee that class A grain dealers or other grain dealers will pay producers for their grain. Each producer is responsible for determining the credit worthiness of the dealer to whom the producer sells grain.

A class A grain dealer can be registered on the basis of a financial statement showing that the grain dealer meets the following minimum financial standards: (1) a current ratio of at least 1.2 to 1.0, or 1.25 to 1.0 on or after September 1, 1994; and (2) equity equal to at least \$10,000 or 5% of the amount the dealer paid to producers for grain during the dealer's last fiscal year, whichever is greater, up to a maximum equity of \$500,000. Class A grain dealers registered on the basis of their financial statements do not file any bond or security with the department to secure payment to producers.

A class A grain dealer can also be registered by filing security with the department to secure payment to producers. The amount of security must equal at least 10% of the total amount the dealer paid producers for grain during the dealer's last fiscal year, up to a required maximum security of \$500,000.

Neither class B nor class C grain dealers are required to file with the department any financial statement or any bond or security to secure payment to producers."

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

Subchapter IV — Financial Statements And Accounting Standards

ATCP 99.44 Financial statements; accounting standards.

(1) ACCOUNTING PRINCIPLES; GENERAL. Every reviewed or audited financial statement filed with the department under this chapter shall be prepared according to generally accepted accounting principles and this chapter.

(2) BALANCE SHEET; CLASSIFICATION OF ASSETS. In a balance sheet, assets shall be classified in the following categories, or in other categories specifically described in the balance sheet:

(a) Current assets including cash, marketable securities identified in the balance sheet, notes and accounts receivable, inventories, prepaid items and other current assets specifically identified in the balance sheet. The balance sheet shall identify receivables and inventories according to subs. (4) and (5). Marketable securities and other short-term investments shall be valued at cost or market value, whichever is lower.

(b) Long-term investments.

(c) Fixed assets, including property, plant and equipment, identified according to sub. (6).

(d) Intangible assets.

(e) Other assets specifically described in the balance sheet.

(3) BALANCE SHEET; CLASSIFICATION OF LIABILITIES. In a balance sheet, liabilities shall be classified in the following categories:

(a) Current liabilities, including producer obligations and other current liabilities, identified according to sub. (8).

(b) Long-term liabilities, identified according to sub. (9).

(4) NOTES AND ACCOUNTS RECEIVABLE. (a) In a financial statement, notes and accounts receivable arising in the ordinary course of trade shall be identified separately from notes and receivables which do not arise in the ordinary course of trade. A financial statement shall describe any note or account receivable representing 15% or more of all notes or accounts receivable, respectively. The description of that note or account receivable shall indicate the name of the person from whom payment is receivable and the amount receivable.

(b) A financial statement shall specifically identify and explain the following notes and accounts receivable:

1. Notes and accounts receivable from officers, directors, partners, employes or stockholders, or from members of their families, other than trade accounts arising in ordinary course of trade.

2. Notes and accounts receivable from parent organizations, subsidiaries or affiliates, including trade accounts arising in the ordinary course of trade.

(c) If the warehouse keeper or grain dealer does not maintain an allowance for doubtful or uncollectible receiv-

ables, a financial statement shall contain an aging summary of all notes and accounts receivable.

(d) A financial statement shall identify the method used to account for doubtful or uncollectible receivables. If a warehouse keeper or grain dealer maintains an allowance for doubtful or uncollectible receivables, the amount of the allowance shall be shown in the balance sheet.

(5) INVENTORY. A financial statement shall identify grain inventories separately from other kinds of inventory. Inventories not in marketable or salable condition are not current assets. Financial statements shall describe the basis on which inventory values are determined.

(6) FIXED ASSETS. A financial statement shall identify fixed assets, including property, plant and equipment, according to each major class of property included. The warehouse keeper or grain dealer shall report all property, plant and equipment at cost less depreciation.

(7) PERSONAL ASSETS NOT INCLUDED. In a financial statement, the warehouse keeper or grain dealer may not claim as assets any personal assets that are exempt from execution or attachment by creditors, including grain owned by depositors.

(8) CURRENT LIABILITIES. (a) A financial statement shall show current liabilities separately from long-term liabilities. Current liabilities shall include the current portion of all long-term obligations as well as any other items of a current nature. The financial statement shall set forth current liabilities, including all notes payable within one year of the balance sheet date, accounts payable, deferred income and accrued expenses, in sufficient detail that the specific nature of the liability and the amount owed can be readily determined.

(b) In a financial statement, grain accounts payable shall be shown separately from other trade accounts payable. The financial statement shall identify the amount payable to Wisconsin producers and their assignees for grain received from those producers.

(c) A financial statement shall detail each trade account representing 15% or more of all trade accounts, showing for each of those accounts the name of each trade creditor and the amount owed.

(d) A financial statement shall specifically identify the current portion of all notes and mortgages payable. The financial statement shall separately identify notes and mortgages payable to officers, directors, employees or stockholders, or to members of their families, as well as to parent, subsidiary or affiliated organizations.

(e) Any note payable to officers, directors, employees or stockholders, or to members of their families, or to parent, subsidiary or affiliated organizations, which is due on demand shall be classified as a current liability, regardless of amortization or any stated intention of the payee.

(9) LONG-TERM LIABILITIES. A financial statement shall fully describe all notes, mortgages or other long-term liabilities not due or payable within one year, including the nature of the liability, the amount owed, the due date, and the terms of payment.

(10) GENERAL NOTES TO FINANCIAL STATEMENTS. A financial statement shall include the following information, if material:

(a) The amount and a brief description of any assets mortgaged, pledged or subject to lien.

(b) Defaults in payment of any obligations.

(c) A brief statement as to contingent liabilities.

(f) A description of any changes in accounting principles that may affect the comparability of the financial statement to prior financial statements.

(g) Contingent liabilities including, but not limited to, a statement that the warehouse keeper is liable for any quantity shortages and quality deficiencies for grain held in storage for depositors.

(h) Any other facts or circumstances that may affect the reliability of the financial statement, the financial liquidity of the warehouse keeper or grain dealer, or the warehouse keeper's or grain dealer's ability to pay producers.

(11) WAREHOUSE KEEPERS; ADDITIONAL NOTES TO FINANCIAL STATEMENT. A warehouse keeper's financial statement shall separately and clearly disclose, in the notes to the financial statement, all of the following information as of the date of the balance sheet and for each kind of grain:

(a) The total number of bushels of grain in the warehouse keeper's warehouse.

(b) The total number of bushels of grain forwarded to another warehouse keeper, for which the warehouse keeper filing the financial statement holds either a negotiable or a nonnegotiable warehouse receipt.

(c) The combined total bushels of grain included under pars. (a) and (b).

(d) The total number of bushels of grain which the warehouse keeper is obligated to store for depositors who hold original negotiable warehouse receipts issued by the warehouse keeper.

(e) The total number of bushels of grain which the warehouse keeper is obligated to store for depositors who hold original nonnegotiable warehouse receipts issued by the warehouse keeper.

(f) The total number of bushels of grain which the warehouse keeper is obligated to store for depositors who hold scale tickets or other types of receipts, except for negotiable and nonnegotiable warehouse receipts, issued by the warehouse keeper.

(g) The combined total bushels of grain which the warehouse keeper is obligated to store for depositors identified under pars. (d) to (f).

(h) The total number of bushels of grain to which the warehouse keeper claims title.

(i) The total number of bushels of grain represented by outstanding original negotiable warehouse receipts issued by the warehouse keeper, and held as collateral by a creditor.

(j) The warehouse keeper's net grain position for each type of grain.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.46 Assets excluded from financial standard calculations. The department shall exclude the following assets when calculating whether a warehouse keeper complies with the minimum financial standards under s. ATCP 99.08, or whether a grain dealer complies with the minimum financial standards under s. ATCP 99.28:

(1) Nontrade notes and accounts receivable from officers, directors, employes, partners or stockholders, or from members of their families, unless the notes and accounts receivable are secured by a first priority security interest in real or personal property or the department determines that the current position of the debtor justifies the inclusion of these assets.

(2) Notes and accounts receivable from parent organizations, subsidiaries or affiliates unless the department finds that the current financial position of the parent organization, subsidiary or affiliate justifies the inclusion of these assets.

(3) Notes receivable that are more than one year in arrears, and accounts receivable that have been outstanding for more than one year, unless the warehouse keeper or grain dealer has established an offsetting reserve for uncollectible notes and accounts receivable.

History: Cr. Register, July, 1994, No. 463, eff. 9-1-94.

ATCP 99.48 Financial statements; confidentiality. A financial statement filed with the department under this chapter is not open to public inspection under s. 19.35, Stats. The department may introduce a financial statement as evidence in an administrative hearing conducted by the department, in a court proceeding brought by or on behalf of the department, or in a court proceeding in which the department is a named party. The department's introduction of a financial statement in a department administrative hearing or court proceeding is subject to any protective order which the court or department hearing examiner may consider appropriate.
