Subchapter III — Access to the Family Care Benefit

HFS 10.31 Application and eligibility determination. (1) **DEFINITION.** In this section, "agency" means any county

agency, or any resource center that is not a county agency, that is responsible for all or part of determination of functional, financial, and other conditions of eligibility for the family care benefit.

(2) **GENERAL REQUIREMENT.** Application for the family care benefit shall be made and reviewed in accordance with the provisions of this chapter.

(3) **ACCESS TO INFORMATION.** The agency shall provide information to persons inquiring about or applying for the family care benefit as required under s. HFS 10.23 (2) (c) and (h).

(4) **APPLICATION.** (a) *Making application.* Any person may apply for a family care benefit on a form prescribed by the department and available from a resource center. Application shall be made to the agency serving the county, tribe or family care district in which the person resides. Application may not be made to an agency in a county or tribe in which the family care benefit is not available.

(b) *Signing the application.* The applicant or the applicant's legal guardian, authorized representative or, where the applicant is incapacitated, someone acting responsibly for the applicant, shall sign each application form in the presence of a representative of the agency. The signatures of 2 witnesses are required when the applicant signs the application with a mark.

Note: This provision allows anyone acting responsibly for a person who is incapacitated to begin the application process for financial assistance with the costs of long-term care services. Other decisions regarding receipt of health or long-term care services, including placement in a long-term care facility, require consent of the individual or authorization by a person or court with the specific authority to make treatment or placement decisions.

(5) **VERIFICATION OF INFORMATION.** An application for the family care benefit shall be denied when the applicant or enrollee is able to produce required verifications but refuses or fails to do so. If the applicant or enrollee is not able to produce verifications or requires assistance to do so, the agency taking the application may not deny assistance but shall proceed immediately to assist the person to secure necessary verifications.

(6) **ELIGIBILITY DETERMINATION.** (a) *Decision date.* Except as provided in par. (b), as soon as practicable, but not later than 30 days from the date the agency receives an application that includes at least the applicant's name, address, unless the applicant is homeless, and signature, the agency shall determine the applicant's eligibility and cost sharing requirements for the family care benefit, using a functional screen and a financial eligibility and cost-sharing screen prescribed by the department. If the applicant is a family care spouse, the agency shall notify both spouses in accordance with the requirements of s. 49.455 (7), Stats.

(b) *Notice.* The agency shall notify the applicant in writing of its determination. If a delay in processing the application occurs because of a delay in securing necessary information, the agency shall notify the applicant in writing that there is a delay in processing the application, specify the reason for the delay, and inform the applicant of his or her right to appeal the delay by requesting a fair hearing under s. HFS 10.55.

(7) **ENROLLMENT.** The agency shall complete and transmit, as directed by the department, all enrollment forms and materials required to enroll persons who are eligible and who choose to enroll in a care management organization.

(8) **FRAUD.** When the agency director or designee has reason to believe that an applicant or enrollee, or the representative of an applicant or enrollee, has committed fraud, the agency director or designee shall refer the case to the district attorney.

(2) INDIVIDUALS ELIGIBLE FOR MEDICAL ASSISTANCE. A person who is eligible for medical assistance under ch. 49, Stats., and chs. HFS 101 to 108 is financially eligible for the family care benefit. Cost sharing requirements for the family care benefit for a medical assistance-eligible person are those that apply under ch. 49, Stats., and chs. HFS 101 to 108.

(3) INDIVIDUALS NOT ELIGIBLE FOR MEDICAL ASSISTANCE. (a) *Conditions of financial eligibility.* Eligibility under this subsection is effective beginning July 1, 2000. For persons who are not eligible for medical assistance, financial eligibility and cost sharing requirements for the family care benefit shall be determined pursuant to applicable provisions of s. 46.286 (1) (b) and (2), Stats., and this chapter. The maximum cost-sharing requirement for a non-MA-eligible person shall be determined by a county agency using a uniform financial eligibility and cost-sharing screen prescribed by the department. A non-MA-eligible person is financially eligible for the family care benefit if the projected cost of the person's care plan exceeds the person's maximum cost-sharing requirement.

(b) *Calculation of maximum cost share requirement at initial determination and annual re-determination of eligibility.* A non-MA-eligible family care enrollee shall contribute to the cost of his or her care an amount that is calculated as provided under this section. Treatment of assets, including assets in trusts, and income shall be as provided under ss. 49.454 and 49.47, Stats., and ss. HFS 103.06 and 103.07 unless specified otherwise in this section. All dollar amounts specified in this section shall be updated annually based on changes in the consumer price index. The following calculation shall determine the applicant's or enrollee's maximum cost-sharing requirement:

1. Determine total countable assets according to ss. 49.454 and 49.47, Stats., and s. HFS 103.06. If the applicant or enrollee is legally married, include the countable assets of both members of the couple.

2. Determine monthly net countable assets by subtracting from total countable assets the following allowances, as applicable, and dividing the result by 12:

a. Subject to subd. 6., if the applicant or enrollee is a family care spouse, the amount of the community spouse resource allowance under s. 49.455 (6) (b), Stats.

b. If the person resides in a nursing home, community-based residential facility or adult family home, an allowance of \$9,000.

c. If the person resides in his or her own home, including a residential care apartment complex or in the private home of a relative or other person, an allowance of \$12,000.

3. Determine countable monthly income by adding together all of the following:

a. Monthly unearned income less a \$20 disregard from unearned income, or if the person has less than \$20 of unearned income, the remainder from earned income.

b. Total monthly earned income, less the first \$200, and then less two-thirds of any remaining earned income.

4. Add together the monthly net countable assets and the countable monthly income.

5. Deduct from the amount calculated under subd. 4. all of the following:

a. Subject to subd. 6, if the person is a family care spouse, the community spouse monthly income allowance under s. 49.455 (4) (b), Stats.

b. The amount of any payments the person is required to pay by court order.

c. If the person resides in a nursing home, community-based residential facility or adult family home, a personal maintenance allowance of \$65.

d. If the person resides in his or her own home, including a residential care apartment complex or the home of another person, a personal maintenance allowance equal to the greater of the combined benefit amount available under 42 USC 1381 to 1383 and s. 49.77 (3s), Stats., or actual maintenance costs, as defined under sub. (1) (a), up to the maximum personal maintenance allowance for persons receiving home and community-based waiver services funded under 42 USC 1396 (b) or (c).

e. If the person resides in a medical institution, the monthly cost of maintaining a homestead property when the applicant or enrollee can reasonably be expected to return within 6 months or the anticipated absence of the applicant or enrollee from the home is for more than 6 months but there is a realistic expectation, as verified by a physician, that the person will return to the home. The monthly cost shall not exceed the SSI payment level for one person living in that person's own household.

f. The average monthly out-of-pocket cost of necessary medical or remedial care, including health insurance premiums and cost-sharing requirements for other state or federal programs.

g. An allowance for dependents who live in the home of the person or the person's community spouse equal to the allowance payable under s. 49.455 (4) (a) 3., Stats.

h. Any special allowances approved by the department.

6. If both members of a married couple are family care spouses, the community spouse resource allowance under subd. 2. a. and the community spouse monthly income allowance under subd. 5. a. may be included in the calculation of cost share for either spouse, but not for both.

(c) *Recalculation of maximum cost-sharing requirement during a certification period.* When changes in income, assets or cost of care necessitate a re-determination of a person's maximum cost-sharing requirement during a certification period as described in par. (f), the calculation for the remainder of the certification period shall be the same as under par. (b) except that the amount already incurred and paid by the person from countable assets during the certification period shall be added to the amount under par. (b) 4.

(d) *Treatment of assets.* In determining financial eligibility and cost sharing requirements for the family care benefit, the department or the county agency shall treat assets, including assets in trusts, according to ss. 49.454 and 49.47 (4) (b), Stats., and s. HFS 103.06, except as follows:

1. All funds in an independence account shall be considered as an exempt asset. In this subdivision, "independence account" means one or more separate accounts at a financial institution, approved by the department, that are in the sole ownership of the client, and that consist solely of savings, and dividends or other gains derived from those savings, from earned income received after application for the family care benefit.

2. Spousal impoverishment provisions under s. HFS 10.35 apply.

(e) *Treatment of income.* In determining financial eligibility and cost sharing requirements for the family care benefit, the department or the county agency shall treat income according to applicable provisions of s. 49.47 (4) (c), Stats., and s. HFS 103.07 except that worker's compensation cash benefits under ch. 104, Stats., and unemployment insurance benefits received under ch. 108, Stats., shall be treated as earned income for purposes of par. (b) 3. b.

(f) *Certification period.* Cost sharing requirements as determined under this section shall be in effect for a full 12-month certification period except as follows:

1. An enrollee shall report, within 10 days of the change, increases in assets that exceed a total of at least \$1000 in a calendar month.

2. At any time, an enrollee may report decreases of any amount in assets other than decreases resulting from payment of required cost sharing under this section.

3. An enrollee shall report any change in income within 10 days of the change.

4. Cost-sharing requirements shall be re-determined whenever any of the following occurs:

a. Reported changes in income, assets, or both, would result in a lower cost-sharing requirement.

b. Countable assets increase more than \$1000 in a calendar month.

c. Monthly income increases by any amount.

(4) PAYMENT OF COST SHARE REQUIRED. (a) Except as provided in par. (b), a person who is required to contribute to the cost of his or her care but who fails to make the required contributions is ineligible for the family care benefit.

(b) If the department or its designee determines that the person or his or her family would incur an undue financial hardship as a result of making the payment, the department may waive or reduce the requirement. Any reduction or waiver of cost share shall be subject to review at least every 12 months. A reduction or waiver under this paragraph shall meet all of the following conditions:

1. The hardship is documented by financial information beyond that normally collected for eligibility and cost-sharing determination purposes and is based on total financial resources and total obligations.

2. Sufficient relief cannot be provided through an extended or deferred payment plan.

3. The person is notified in writing of approval or denial within 30 days of providing necessary information to the department or its designee.

Note: The forced sale of a family residence or cessation of an education program for a person or his or her family member are examples of genuine hardships under this provision. Reductions or waivers of cost sharing requirements are generally restricted to situations where services are provided for a relatively long term, when deferred payments will not provide sufficient relief.

(c) A CMO shall collect or monitor the collection of its enrollees' cost sharing payments. If an enrollee does not meet his or her

cost sharing obligations, the CMO shall notify the resource center in the county in which the enrollee resides. The resource center, directly or through arrangement with the county agency, shall notify the enrollee that he or she will be ineligible on a specified date unless cost sharing obligations are met. If the client has not paid the cost share amount due by the date specified, the county agency shall determine the person to be ineligible and disenroll the person from the CMO.

(d) Until an enrollee is disenrolled, a CMO remains responsible for provision of services in the enrollee's plan of care and for payment to providers for those services.

(2) PHASE-IN OF ENTITLEMENT. (a) *Effective date.* Except as provided in pars. (b) and (c), within each county and for each CMO target population, entitlement to the family care benefit first applies on the effective date of a contract under which a CMO accepts a per person per month payment to provide services under the family care benefit to eligible persons in that target population in the county.

(b) *Non-MA eligibles.* A person who is not eligible for medical assistance is not entitled to the family care benefit before July 1, 2000.

(c) *Phase-in of capacity.* To provide time for a newly established care management organization to develop sufficient capacity to serve all individuals who meet the conditions of entitlement, a care management organization may limit enrollment. If enrollment is limited during this phase-in period, a resource center may place persons otherwise entitled under sub. (1) on a waiting list until a CMO can accept the enrollment. Any waiting list created under this paragraph shall conform to department requirements.

(3) ELIGIBILITY WITHOUT ENTITLEMENT. A person who is found eligible but who does not meet any of the conditions of sub. (1) (a) to (c) is not entitled to the family care benefit. The person may be placed on a waiting list to receive the family care benefit when funds are available. The county agency shall inform the person of his or her right to receive a new functional screen or financial eligibility and cost-sharing screen if the person's circumstances change. Waiting lists under this subsection shall conform to criteria established by the department. While waiting for enrollment, a person who has been found eligible but not entitled may purchase services from a CMO as provided under s. HFS 10.37.

(2) **SERVICES.** Services provided under the family care benefit shall be determined through individual assessment of enrollee needs and values and detailed in an individual service plan unique to each enrollee. As appropriate to its target population and as specified in the department's contract, each CMO shall have available at least the services and support items covered under the home and community-based waivers under 42 USC 1396n (c) and ss. 46.275, 46.277 and 46.278, Stats., the long-term support community options program under s. 46.27, Stats., and specified services and support items under the state's plan for medical assistance. In addition, a CMO may provide other services that substitute for or augment the specified services if these services are cost-effective and meet the needs of enrollees as identified through the individual assessment and service plan.

Note: The services that typically will be required to be available include adaptive aids; adult day care; assessment and case planning; case management; communication aids and interpreter services; counseling and therapeutic resources; daily living skills training; day services and treatment; home health services; home modification; home delivered and congregate meal services; nursing services; nursing home services, including care in an intermediate care facility for the mentally retarded or in an institution for mental diseases; personal care services; personal emergency response system services; prevocational services; protective payment and guardianship services; residential services in an RCAC, CBRF or AFH; respite care; durable medical equipment and specialized medical supplies; outpatient speech; physical and occupational therapy; supported employment; supportive home care; transportation

services; mental health and alcohol or other drug abuse services; and community support program services.

(3) PAYMENT MECHANISMS. Payment to a care management organization shall be on a per enrollee per month basis. Any contractual agreements for shared financial risk between the department and a CMO shall meet applicable federal requirements.

History: Cr. Register, October, 2000, No. 538, eff. 11-1-00.

HFS 10.42 Certification and contracting. (1) No entity may receive payment of funds for the family care benefit as a care management organization unless it is certified by the department as meeting all of the requirements of s. 46.284, Stats., and this chapter and is under contract with the department.

(2) (a) To obtain and retain certification, an organization shall submit all information and documentation required by the department, in a format prescribed by the department, including comments it has obtained from each local long-term care council in the area it proposes to serve. The department shall review and make a determination on the application within 90 calendar days of receipt of a complete application containing complete and accurate supporting documentation that the organization meets the standards under s. HFS 10.43. The department may conduct any necessary investigation to verify that the information submitted by the organization is accurate. The organization shall consent to disclosure by any third party of information the department determines is necessary to review the application.

(b) If the department denies CMO certification for the organization, the department shall provide written notice to the organization that clearly states the reasons for the denial and describes the manner by which the organization may appeal the department's decision.

(3) If an organization applying to operate a CMO meets standards for certification under s. 46.284 (2) and (3), Stats., and s. HFS 10.43, the department shall certify the organization as meeting the requirements. Certification by the department does not bind the department to contracting with the organization to operate a CMO. The department may contract with a certified organization to operate a CMO only if all of the following apply:

(a) A local long-term care council established under s. 46.282 (2), Stats., has advised the department about the organization and its ability to provide the family care benefit, as provided in s. 46.282 (3) (a) 3., Stats., and the department has considered that advice.

(b) The local long-term care council and individuals from the local target population that the organization proposes to serve have assisted the department in its review and evaluation of all applications of organizations proposing to serve a geographic area.

(c) The department has determined, after considering the advice of the local long-term council for the geographic area, that the organization's services are needed to provide sufficient access to the family care benefit for eligible individuals.

(d) Before January 1, 2003, the organization is a county or a family care district, unless any of the following applies:

1. The county and the local long-term care council agree in writing that at least one additional care management organization is necessary or desirable.

2. The governing body of a tribe or band or the Great Lakes inter-tribal council, inc., elects to operate a care management organization within the area and is certified under sub. (2).

(e) After December 31, 2002, and before January 1, 2004, the organization is a county or a family care district unless any of the following applies:

1. Paragraph (d) 1. or 2. applies.

2. The county or family care district fails to meet requirements of s. HFS 10.43 or 10.44 or the requirements under its contract with the department.

3. The department determines that the county or family care district does not have the capacity to serve all county residents who are entitled to the family care benefit in the client group or groups that the county or family care district serves and cannot develop the capacity. If this subd. (e) 3. applies, the department may contract with an organization in addition to the county.

(4) After December 31, 2003, the department may contract with counties, family care districts, the governing body of a tribe or band or the Great Lakes inter-tribal council, inc., or under a joint application of any of these, or with a private organization that has no significant connection to an entity that operates a resource center. Proposals for contracts under this subdivision shall be solicited under a competitive sealed proposal process under s. 16.75 (2m), Stats., and, after consulting with the local long-term care council for the county or counties, the department shall evaluate the proposals primarily as to the quality of care that is proposed to be provided and certify those applicants that meet the requirements specified in s. 46.284 (2) and (3), Stats., and s. HFS 10.43. The department may select certified applicants for contract and contract with the selected applicants.

Note: Until July 1, 2001, the Wisconsin Legislature has authorized the Department to establish Family Care pilots in areas of the state in which not more than 29% of the state's eligible population lives. After that date, if specifically authorized and funded by the Legislature, the Department may contract with additional entities certified as meeting requirements for a CMO. The Department is required to submit, prior to November 1, 2000, a report to the Governor that describes the implementation and outcomes of the pilots and makes recommendations about further development of Family Care.

(5) The department's contracts with CMOs shall specify a range of remedies that may be taken in the event of noncompliance by the CMO with contract requirements. The remedies may include the following:

- (a) Suspension of new enrollment.
- (b) Enrollment reductions.
- (c) Withholding or reduction of payments.
- (d) Imposition of damages.
- (e) Appointment of temporary management of the CMO.
- (f) Contract termination.

(6) Except as provided in this subsection, the department shall use standard contract provisions for contracting with CMOs. The provisions of the standard contract shall comply with all applicable state and federal laws and may be modified only in accordance with those laws and after consideration of the advice of all of the following:

- (a) The council on long-term care established under s. 46.282 (1), Stats.

Note: 1999 Wis. Act 9 repealed s. 46.282 (1), Stats.

- (b) The local long-term care council appointed under s. 46.282 (2), Stats., serving the area in which an organization operates, or proposes to operate, a resource center.

(7) The department shall annually provide to the members of the council on long-term care copies of the standard CMO contract the department proposes to use in the next contract period and seek the advice of the council regarding the contract's provisions. The department shall consider any recommendations of the council and may make revisions, as appropriate, based on those recommendations. If the department proposes to modify the terms of the standard contract, including adding or deleting provisions, in contracting with one or more organizations, the department shall seek the advice of the council and consider any recommendations of the council before making the modifications.

(8) Whenever the department considers an application from an organization to be certified as meeting the standards for a CMO, the department shall provide a copy of the standard resource center contract to the local long-term care council serving the area in which an organization operates, or proposes to operate, the CMO. If the department proposes to modify the contract, including adding or deleting provisions, the department

shall seek the advice of the council and consider any recommendations of the council prior to signing the modified contract.

(9) Prior to receiving funds to provide the family care benefit, an organization shall agree to the terms of the standard CMO contract.

History: Cr. Register, October, 2000, No. 538, eff. 11-1-00.

The CMO shall arrange for services with non-CMO providers if the enrollee's request is authorized by the CMO. Instances where the enrollee's request for a non-CMO provider is warranted include all of the following:

1. When the CMO does not have the capacity to meet the identified needs of its enrollees.
2. When the CMO does not have the specialized expertise, specialized knowledge or appropriate cultural diversity in its network of providers.
3. When the CMO cannot meet the enrollee's need on a timely basis.
4. When transportation or physical access to the CMO providers causes an undue hardship to the enrollee.

(e) Offer each enrollee the opportunity to participate in the monitoring and improvement of services in the enrollee's care plan.

(4) INTERNAL QUALITY ASSURANCE AND QUALITY IMPROVEMENT. The CMO shall implement an internal quality assurance and quality improvement program that [meets] the requirements of its contract with the department. As part of the program, the CMO shall do all of the following:

(a) Measure CMO performance, using standard measures as required in its contract with the department, and report its findings on these measurements to the department.

(b) Demonstrate, through the standard measures agreed to in its contract with the department, that the CMO meets or exceeds minimum performance standards and that the CMO is continuously improving its performance in achieving enrollee outcomes in all of the areas specified in sub. (2) (e) 2.

(c) Comply with the standards for quality of services included in the CMO's contract with the department in all of the following areas:

6. Mechanisms to detect and correct both underutilization and overutilization of services.

(d) Develop and implement a written quality assurance and quality improvement plan designed to ensure and improve outcomes for its target population. The plan shall be approved by the department and shall include at least all of the following components:

(g) Cooperate with the department in evaluating outcomes and in developing and implementing plans to sustain and improve performance.

(5) EXTERNAL REVIEW. A CMO shall comply with all state and federal requirements for external review of quality of care and services furnished to its enrollees. A CMO shall cooperate with any review of CMO activities by the department, another state agency or the federal government.

Note: All enrollees in Family Care are encouraged to participate in the direction of their own care and supports as much as they are willing and able. The full range of self-determination is to be encouraged and supported for all enrollees, including identification and setting priorities among long-term care outcomes, and direction of all long-term care services and health care, including end-of-life issues. As provided under s. HFS 10.44 (2) (e) and (f), all enrollees are to be full partners in the assessment of needs and strengths and in the development of care plans. Provisions at s. HFS 10.44 (2) (h) and (3) (d) require that each enrollee is to be offered the opportunity to take as much responsibility as he or she is willing and able in the selection, arrangement and monitoring of services.

Note: The option provided in the following sub. (6) is one in which the enrollee takes full responsibility for managing the funding for all or part of his or her services, with some oversight from the CMO. Primary differences from the usual Family Care model are: (1) the ability to purchase services from outside the CMO network of providers; (2) the ability to receive assistance in planning, arranging and monitoring services from a broker or case manager outside the CMO; and (3) within the individual's established budget, having a greater degree of control over payment, including adjustments to payment rates, for services received.

(6) OPTION FOR ENROLLEE SELF-MANAGEMENT OF SERVICE FUNDING. (a) The CMO shall provide enrollees with an opportunity to manage funding for services and supports, including an opportunity for an enrollee who chooses to participate to plan, arrange for, manage and monitor services under his or her family care benefit directly or with the assistance of another person chosen by the enrollee. The department may, through its contract with the CMO, limit the self-management of services not covered by federal home and community based waivers under 42 USC 1396n (c). The CMO shall provide the opportunity to self-manage service funding under a plan approved by the department under par. (b) or (c).

(b) On or before December 31, 2002, the department may approve the CMO plan for self-directed support only if:

1. The CMO offers the opportunity to participate in self-managing all or some of the funding for his or her services under par. (a), with the assistance and support described in this paragraph, to a significant number of enrollees, and has a phase-in plan under which the opportunity to self-manage service funding is offered to an increasing number of enrollees in each year.

2. For individuals participating in a self-management option, the plan complies with the provisions of par. (c) or, for any provi-

sion with which the plan does not comply, provides interim procedures and a plan and time-frame for achieving compliance.

(c) On or after January 1, 2003, the department may approve the CMO plan for self-managed service funding only if the plan provides all of the following:

1. The CMO offers each enrollee the opportunity to self-manage some or all of the funding for his or her services under par. (a), with the assistance and support described in this paragraph.

2. The CMO, as part of the comprehensive assessment under sub. (2) (e), identifies whether the enrollee needs support to effectively self-manage funding for his or her services, whether needed support is available to the person from one or more other persons, and whether the enrollee will accept the needed help. If the CMO determines that an enrollee who wants to self-manage his or her service funding is not able to do so independently and that the support available and acceptable to an enrollee is insufficient to support the person to effectively plan and manage funding for services and supports, the CMO, through the case management team, shall do all of the following:

a. Work with the enrollee and available supports to develop a case plan that specifies any limits on the level of control exercised by the enrollee that the CMO finds necessary under subd. 13.

b. Identify and recruit one or more individuals to provide the assistance needed by the enrollee.

c. Assist the enrollee to develop skills and knowledge needed to participate more fully in self-managing service funding.

4. Subject to any limitations under subd. 2, the enrollee may choose the long-term care outcomes for which he or she wishes to manage funding for services or supports directly and the degree to which he or she wishes the CMO to assist in the management of funding for those services or supports beyond the minimum described in sub. (2) (d).

5. The CMO has a system in place for establishing and modifying an individualized budget amount or range available to the enrollee to pay for the services and supports to be self-managed. The individualized budget amount or range is based on the comprehensive assessment and on a methodology approved by the department for estimating the cost of services the CMO would have provided if the funding for the services and supports were not self-managed.

6. The enrollee submits a plan for managing funding for those supports or services the member has chosen to manage directly. The CMO reviews the plan to ensure that the plan does not jeopardize the enrollee's health and safety and that expenditures are within the budget agreed to by the CMO and meets any other condition approved by the department.

If the self-managed expenditures of CMO enrollees are less than the amounts budgeted under subd. 5., the savings are used only for services and supports consistent with the long-term care outcomes of enrollees, as identified under sub. (2) (e) 2. Savings shall not be used for administrative costs of a CMO.

10. The self-managed supports budget for an enrollee is not reduced in a subsequent year solely because the enrollee did not expend the full amount budgeted in a given year. Each year's budget is based on a re-assessment of needs and identified long-term care outcomes under subd. 5.

11. The CMO has in place policies and procedures under which the enrollee can make or authorize payments to providers and receive timely information on expenditures made and budget status.

- c. The conflicting interests of another person are taking precedence over the desires and interests of the enrollee.
- d. Funds have been used for illegal purposes.
- e. Negative consequences have occurred under other policies approved by the department.

14. The CMO informs each enrollee whose level of self-management of service funding is restricted under subd. 13. about what actions by the enrollee will result in removal of the restrictions.

15. The CMO informs the enrollee whose level of self-management of service funding is restricted under subd. 13. about his or her right to file a grievance under s. HFS 10.53, request department review under s. HFS 10.54, or request a fair hearing under

s. HFS 10.55 if he or she disagrees with any limit on the level of self-management.

HFS 10.72 Information and referral requirements for hospitals. (1) PURPOSE.

This section implements s. 50.36 (2) (c), Stats., which directs the department to promulgate rules requiring hospitals to refer certain patients to a resource center and s. 50.38, Stats., which establishes penalties for hospitals that do not comply with the requirements.

(2) APPLICABILITY. This section applies to a hospital only to the extent that the secretary has certified under s. HFS 10.71 that one or more resource centers are available for referrals from the hospital of a specified target population.

(3) REQUIRED REFERRALS. Except as provided in sub. (4), prior to discharging a patient who is aged 65 or older or who has a physical or developmental disability and whose disability or condition requires long-term care that is expected to last at least 90 days, the hospital shall refer the patient to the resource center serving the county in which the person resides or intends to reside. When the hospital makes the referral, the hospital shall provide information to the patient about resource center services and the family care benefit, as specified by the department. If the patient is being discharged to a long-term care facility, the hospital shall notify the long-term care facility when the hospital makes the referral to the resource center.

\$500 for each violation. If the department determines that a forfeiture should be assessed for a particular violation, the department shall send a notice of assessment to the hospital. The notice shall specify the amount of the forfeiture assessed, the violation and the statute or rule alleged to have been violated, and shall inform the hospital of the right to a hearing under par. (b).

(b) *Hearing.* A hospital may contest an assessment of a forfeiture by sending, within 10 days after receipt of notice under par. (a), a written request for a hearing under s. 227.44, Stats., to the division of hearings and appeals in the department of administration. A hearing request shall be considered filed on the date of actual receipt by the division of hearings and appeals, or the date of the postmark, whichever is earlier. A request filed by facsimile is complete upon transmission. If the request is filed by facsimile transmission and such transmission is completed between 5 p.m. and midnight, one day shall be added to the prescribed period. The hearing shall be scheduled and conducted in accordance with the requirements of s. 50.38, Stats.

Note: A hearing request should be addressed to the Division of Hearings and Appeals, P.O. Box 7875, Madison, WI 53707. Hearing requests may be delivered in person to that office at 5005 University Avenue, Room 201, Madison, WI.

The facility shall refer the person within three business days of determining that the person's disability or condition is likely to last longer than was expected at the time of admission.

(c) A person seeking admission or about to be admitted to a long-term care facility on a private pay basis who is referred to a resource center need not provide financial information to a resource center or county agency, unless the person is expected to be eligible for medical assistance within 6 months or unless the person wishes to apply for the family care benefit.

(5) *PENALTIES FOR RCACS AND CBRFS.* (a) *Forfeiture.* If the department finds that a residential care apartment complex or a community-based residential facility has not complied with the requirements of this section, it may directly impose a forfeiture of not more than \$500 for each violation. (b).

(b) *Right to hearing.* A residential care apartment complex or a community-based residential facility may contest an assessment of a forfeiture by sending, within 10 days after receipt of notice under par. (a), a written request for a hearing under s. 227.44, Stats., to the division of hearings and appeals in the department of administration. A hearing request shall be considered filed on the date of actual receipt by the division of hearings and appeals, or the date of the postmark, whichever is earlier. A request filed by facsimile is complete upon transmission. If the request is filed by facsimile transmission and such transmission is completed between 5 p.m. and midnight, one day shall be added to the prescribed period. The hearing shall be scheduled and conducted in accordance with the requirements of ss. 50.034 (8) (c) and 50.035 (11) (c), Stats.

Note: A hearing request should be addressed to the Division of Hearings and Appeals, P.O. Box 7875, Madison, WI 53707. Hearing requests may be delivered in person to that office at 5005 University Avenue, Room 201, Madison, WI.

(c) *Payment of forfeitures.* All forfeitures shall be paid to the department within 10 days after receipt of notice of assessment or, if the forfeiture is contested under par. (b), within 10 days after receipt of the final decision after exhaustion of administrative review, unless the final decision is appealed and the order is stayed by court order. The department shall remit all forfeitures paid to the state treasurer for deposit in the school fund.
