

Chapter ATCP 53

AGRICULTURAL ENTERPRISE AREAS

ATCP 53.01 Designation of agricultural enterprise areas: January 2011.

ATCP 53.02 Designation of agricultural enterprise areas: January 2012.

Note: This chapter designates agricultural enterprise areas pursuant to s. 91.84, Stats. The designation of an agricultural enterprise area does not, by itself, control or restrict land use. However, owners of farms in a designated agricultural enterprise area may enter into voluntary 15-year farmland preservation agreements with the Wisconsin department of agriculture, trade and consumer protection, pursuant to s. 91.60, Stats. That enables them to claim farmland preservation tax credits under s. 91.613, Stats.

Note: Under s. 91.84(2), Stats., the department may use the procedure under s. 227.24, Stats., to promulgate a rule designating an agricultural enterprise area or modifying or terminating the designation of an agricultural enterprise area. Notwithstanding s. 227.24 (1) (c) and (2), Stats., a rule promulgated under that subsection remains in effect until the department modifies or repeals the rule. Notwithstanding s. 227.24 (1) (a) and (3), Stats., the department is not required to determine that promulgating a rule under that subsection as an emergency rule is necessary for the preservation of the public peace, health, safety, or welfare and is not required to provide a finding of emergency for a rule promulgated under that subsection. The department views s. 91.84 (2), Stats., as authority to adopt permanent rules that shall be published immediately in the Wisconsin Administrative Code.
