(a) *Surety bonds.* The bond shall be filed on a form prescribed by the department and issued by a bonding company licensed by this state and acceptable to the department. The bond shall be payable in the name of the department for the benefit of any person who sustains a loss because of an act of the licensee constituting grounds for the suspension or revocation of a license under ss. 218.0101 to 218.0163, Stats.

Note: Under ss. 632.14 to 632.18, Stats., surety insurance is regulated by the Commissioner of Insurance.

(b) *Letters of credit.* The letter of credit shall be filed on a form prescribed by the department and issued by a financial institution acceptable to the department. The issuer shall waive the right to revoke the credit before its expiration date, which shall be no earlier than 3 years after the last day of the period covered by the letter.

The letter of credit shall be payable in the name of the department and upon a written statement by the department that one or more persons have sustained a loss because of acts by the licensee constituting grounds for the suspension or revocation of a license under s. 218.0116, Stats.

Note: These forms may be obtained by contacting the Dealer Section's Business Licensing Unit at (608) 266-1425.

(2) MINIMUM SECURITY. A motor vehicle dealer or applicant for a motor vehicle dealer license shall provide and maintain in force a bond or letter of credit of not less than \$50,000, or if the dealer or applicant sells or proposes to sell motorcycles and not other types of motor vehicles, a bond or irrevocable letter of credit of not less than \$5,000.

(3) SUPPLEMENTAL SECURITY. In addition to the security required under sub. (2), the department may require a motor vehicle dealer, or applicant for a motor vehicle dealer license, to provide and maintain in force a supplemental bond in an amount not less than \$5,000 nor more than \$100,000. The department may also require such securities of wholesalers and motor vehicle salespersons and applicants for such licenses. The department shall require such bonds according to the criteria described in s. Trans 140.027.

History: Cr. Register, February, 1996, No. 482, eff. 3-1-96; corrections in (1) (intro.) made under s. 13.92 (4) (b) 7., Stats., Register March 2012 No. 675; 2013 Wis. Act 363: am. (2) Register May 2014 No. 701, eff. 6-1-14.

Trans 140.027 Criteria for supplemental security.

(1) AMOUNT. The department may require supplemental bonds of motor vehicle dealers or wholesalers according to their annual vehicle sales and their total points in the current licensing period. The department shall provide a licensee or applicant written notice of the requirement for supplemental security. The department may require supplemental securities of applicants for such licenses according to the department's estimates of their annual retail vehicle sales and their total points for the licensing period for which the application is made. The department may determine or estimate points and annual vehicle sales according to subs. (2) and (3). Bonds shall be in the amounts described in the following table:

(2) DETERMINING POINTS. (a) *General.* The department may assess points against a licensed dealer or wholesaler, or an applicant for a license, who has violated any provisions in ss. 218.0101 to 218.0163, Stats., or rules interpreting ss. 218.0101 to 218.0163, Stats., that constitute grounds for the suspension or revocation of their license. The department may also assess points against a licensed dealer, wholesaler, or an applicant for a license when the department has reasonable cause to doubt the licensee or applicant's financial responsibility or solvency. The department shall provide a licensee or applicant written notice of a point assessment. Written notice of a point assessment shall specify the reasons for the point assessment, including the issuance of a complaint to revoke or suspend a license, a written stipulation to a conditional license, a civil forfeiture complaint or citation, notice of denial of a license, and a special order issued by the division of hearings and appeals. All points assessed by the department shall remain in effect for the duration of the current licensing period, and any new point assessments shall be added to the existing point total for that licensee throughout the current licensing period.

(b) *Effect of point assessments from previous licensing period.* The department may assess additional points or carry over points to a new licensing period under the following conditions:

1. The department may assess additional points for current violations when point assessments in previous licensing periods demonstrate a pattern of violations or repeat offenses.

2. The department may carry over point assessments from one licensing period to the next period for which a dealer or wholesaler makes application if a significant share of the licensee's or applicant's ownership or employees includes persons who were assessed points, or who were directly involved in violations causing points to be assessed, when they were last licensed by the department.

(c) *Appeals to eliminate point accumulations.* A licensee may, after 12 months of posting additional security, submit to the department evidence of eliminating the compliance or financial problems cited by the department when it assessed points, and ask that the department reduce or eliminate the licensee's current points. The licensee may submit only one request regarding the same point assessments during the licensing period.

SUPPLEMENTAL BOND CALCULATION						
Number of points	1	2	3	4	5	6 or more
Number of vehicles sold at retail per year						
0-249	5,000	10,000	15,000	20,000	25,000	30,000 to 50,000

Total assets exceed total liabilities, but by less than 35 percent	1–3
Ratio of current assets to current liabilities is less than 1.00; or negative net worth	6
Other indications of financial insolvency or irresponsibility not specifically listed in the table	1–3

(3) DETERMINING ANNUAL VEHICLE SALES. For the purpose of using the table in sub. (1), the number of vehicles sold per year may be defined as any of the following:

(a) Total number of motor vehicles sold at retail during the previous 12 months from the date requested by the department, the most recent calendar year, the most recent fiscal year when the dealer had been licensed, or the most recent year represented on the licensee’s application, at the discretion of the department.

(b) Projected number of motor vehicles to be sold at retail during the next 12 months, based on the business’ most recent quarterly sales.

(c) Projected number of motor vehicles to be sold at retail during the next 12 months, based on the best information available to the department.

(4) APPEALS. (a) A person adversely affected by any of the following actions may request an informal hearing from the department before the action becomes effective:

1. The issuance of written notice assessing points under this section.

2. The issuance of written notice requiring supplemental security under this section.

(b) A request for informal hearing on an action under par. (a) shall be made in writing and shall be filed with the department within 10 days after the licensee or applicant receives notice of the department’s action.

(c) If the department receives a written request for an informal hearing, the department shall conduct a prompt informal hearing before a department employee or official who was not personally involved in the investigation or decision to take the action, and who has the authority to withdraw, modify or correct the action as necessary. The informal hearing shall be conducted within 10 business days after a request for informal hearing is received by the department, unless the person requesting the informal hearing agrees to a later date. An informal hearing may be conducted by telephone or at the department’s offices.

(d) Within 5 business days after the conclusion of an informal hearing, the department shall issue a brief written memorandum which summarizes the informal hearing, and any decision or action resulting from the informal hearing. A copy of this memorandum shall be provided to the person requesting the informal hearing.

(e) The department’s decision is final, and no further appeals may be submitted or considered.

Note: If the department initiates an action to deny, suspend, or revoke a license because of failure to obtain supplemental security, the affected licensee or applicant is entitled to a full evidentiary hearing before the division of hearings and appeals, pursuant to subch. 1 of ch. 227, Stats.

History: Cr. Register, February, 1996, No. 482, eff. 3–1–96; corrections in (2) (a), (d) made under s. 13.92 (4) (b) 7., Stats., Register March 2012 No. 675.

Trans 140.028 When financial information is required. (1) The department may require a motor vehicle dealer or any other business licensed under ch. 218, Stats., or any applicant for such licenses, to submit information relating to its financial standing, solvency, or responsibility under any one of the following circumstances:

(a) The department has reasonable cause to doubt the financial responsibility of the applicant or licensee.

(b) The department has reasonable cause to doubt the applicant or licensee’s compliance with ch. 218, Stats., or its related rules, where the violation constitutes grounds for suspension or revocation of a license. “Reasonable cause” includes a situation in which the licensee, applicant or employees of the licensee or applicant have been found by the department to have violated ch. 218, Stats., or rules interpreting ch. 218, Stats., anytime during the current or the immediately previous licensing period.

(c) The applicant or licensee is a motor vehicle salvage dealer that has not supplied a bond per s. 218.21 (4) (a), Stats., under the conditions specified in s. 218.0114 (20) (b), Stats.

(d) The applicant or licensee is a recreational vehicle dealer.

(e) The applicant or licensee is a wholesaler.

(f) The applicant or licensee is a moped dealer.

(2) Failure to provide the financial information required under sub. (1) shall be grounds for denial or revocation of the license.

Note: Provisions for protection of trade secrets are found in ss. 19.36 (5), 134.90 (1) (c) and 218.0114 (20) (c), Stats.

History: Cr. Register, February, 1996, No. 482, eff. 3–1–96; correction in (1) (c) made under s. 13.92 (4) (b) 7., Stats., Register March 2012 No. 675.

Trans 140.03 Balance sheet information. (1) If required by the department, licensees or applicants shall submit a balance sheet dated not more than 90 days prior to the date of submission, that is prepared in accordance with generally accepted accounting principles. A small business as defined in s. 227.114, Stats., which does no interim financial reporting may submit a balance sheet from the close of the business’ most recent fiscal year. The balance sheet shall contain the following:

(a) Assets.

(b) Liabilities.

(c) Net worth.

(d) The signature of one of the corporate officers, partners, or owners.

(e) The name of any financial institution used by the applicant.

(f) A schedule of securities owned, if any.

(g) A schedule of real property held, its fair market value, book value and the amount and terms of any indebtedness.

(2) Pro-forma statements shall not be accepted.

(3) If the department determines that there has been a misstatement on a financial statement, the misstatement shall be grounds for denial or revocation of the license.

Note: Form MVD–2195 Financial Statement.

History: Cr. Register, March, 1985, No. 351, eff. 4–1–85; am. (1) (intro.), (e) and (g), Register, February, 1996, No. 482, eff. 3–1–96.

Trans 140.04 Asset reporting. (1) VALUATION. The financial statement shall present assets in terms of historical cost or book value of assets. In lieu of a statement presented with historical cost of fixed assets or book value of assets, the department shall consider a statement presenting fair market value information of fixed assets if clearly labeled and accompanied by an appraisal report of a certified appraiser or tax appraisal.

(2) CASH. Whenever a substantial portion of the assets of an entity is in the form of cash, confirmation of the amount is required from the financial institution holding the cash.

(3) RECEIVABLES. When a substantial portion of the assets of an entity are in the form of receivables from another individual, partnership or corporation, all or part of the receivables shall be discounted in considering the net worth of the applicant. In order to evaluate the quality of a receivable, a financial statement from the individual, partnership or corporation may be required. In no case will the department discount factory receivables.

(4) INVENTORY. The financial statement shall include the number of units in inventory and the number of units floor planned or used for loan collateral. A GAAP presentation of inventory values would not allow for the use of a reserve account for balance sheet information compiled for external purposes. As an exception to a GAAP presentation, the department will allow the use of a reserve account to accurately assess the value of inventory.

(5) CERTAIN ASSETS NOT TO BE CONSIDERED. The department shall not consider the following assets in evaluating the financial statement of an applicant:

- (a) As specified in s. 815.20, Stats., equity in homestead property up to \$25,000;
- (b) As specified in s. 815.18, Stats., items of personal property which are exempt from execution;
- (c) Any intangible asset values;
- (d) Leasehold improvements; and
- (e) All other assets subject to prior liens, security agreements, or other pledges.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85.

Trans 140.05 Liability reporting. (1) REPORTING. All liabilities and contingent liabilities shall be reported. The terms, amount and conditions of any major liabilities shall be separately scheduled. This schedule should show the names of individuals or institutions who hold the debt, the amount of debt, and the terms of repayment. A list of customers and the amounts on deposit with the dealer should be attached to the financial statement.

(2) RATIO ANALYSIS. A ratio analysis comparing current liabilities with current assets shall be used to evaluate a dealer's financial potential. Current liabilities which exceed current assets may be grounds for the denial, suspension or revocation of a dealer's license.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; am. (2), Register, February, 1996, No. 482, eff. 3-1-96.

Trans 140.06 Net worth reporting. (1) TREASURY STOCK. Treasury stock held by a corporation shall be reported separately on the balance sheet and clearly labeled as treasury stock.

(2) PREVIOUS PROFIT. Profit from the previous period of operations shall be reported separately in the net worth section of the balance sheet.

(3) NEGATIVE NET WORTH. A financial statement with a negative net worth is evidence of lack of financial ability to conduct business and the license shall be denied or revoked.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85.

Trans 140.07 Types of entities. (1) SOLE PROPRIETORSHIPS. A sole proprietorship may report the entire value of assets jointly owned by the sole proprietor and by one or more persons on its financial statement. The financial statement shall be signed by the sole proprietor.

Note: An example of a joint asset would be a home owned by the sole proprietor and his or her spouse.

(2) PARTNERSHIPS. Partnerships shall submit a statement for the partnership as a whole and individual statements for each of the general partners. If the partnership agreement provides for anything other than an equal sharing by the partners, it shall be prominently noted on the statements. The provisions of sub. (1) relating to the listing of jointly owned assets also apply to this subsection.

(3) CORPORATIONS. A financial statement is required for the corporation which will hold the license. A financial statement of a controlling corporation, parent corporation or an interlocking corporation may be submitted, but shall not be substituted for the financial statement of the applicant.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; 2013 Wis. Act 363: renum. (3) (a) to (3), r. (3) (b) Register May 2014 No. 701, eff. 6-1-14.

Trans 140.08 Copies required. Salvage dealers, motor vehicle wholesalers, and moped dealers shall file one copy of their financial statement with the department. All other dealers shall file their financial statements in duplicate. The department shall forward the duplicate copy to the co-licensor, the office of the commissioner of banking.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85.

Trans 140.09 General requirements. (1) OPERATING STATEMENT. If required by the department, the applicant shall submit an income statement or other financial statement. The department may require a dealer to submit updated financial information during the license year if questions arise regarding the dealer's financial condition.

(2) ACCEPTABLE NET WORTH. (a) The following guidelines are used in determining the acceptable level of net worth of an applicant:

Dealer Type	
New Auto or Truck	\$50,000 bond or letter of credit required
Used Auto or Truck	\$50,000 bond or letter of credit required
Motorcycle and not other motor vehicles	\$5,000 bond or letter of credit required

Recreational Vehicle	Minimum required ratio of total assets to total liabilities of 1.4
Moped	Minimum required ratio of total assets to total liabilities of 1.4
Motor Vehicle Wholesaler	Minimum required ratio of total assets to total liabilities of 1.4

(b) The department may deny the license of an applicant who fails to meet the net worth criteria set out in par. (a).

Subchapter II — Claims Against Bonds of Department Licensees

Trans 140.20 Definitions. The terms used in this subchapter shall have the same meanings as in ch. 218, Stats., except as specifically provided below:

(1) "Claim arose against the bond or letter of credit of a licensee" means a situation in which a cause of action has accrued against the licensee. Unless otherwise provided by statute, a cause of action accrues where there exists a claim capable of present enforcement, a suable party against whom it may be enforced, and a party who has a present right to enforce it. A tort claim accrues

when the injury is discovered or reasonably should have been discovered.

Note: See ch. 893, Stats., and cases thereunder, governing the applicable statutes of limitation, and determination of the date when a cause of action accrues.

(2) “Commercial customer” means a private person who buys or agrees to buy one or more motor vehicles from the licensee for the person’s business or commercial use. A private person who sells, trades, or consigns to the licensee a motor vehicle used by the person primarily for business or commercial purposes is also a commercial customer.

(3) “Financial institution” means any person or organization authorized to do business under any state or federal law relating to financial institutions, including, without limitation, banks and trust companies, savings banks, building and loan associations, savings and loan associations, credit unions and sales finance companies. A credit corporation or similar financing organization of a motor vehicle manufacturer, factory branch, distributor or dealer is a financial institution. Any person who floor plans motor vehicles is a financial institution.

(4) “Floor plan” means to make a financing arrangement for the lending of money to a motor vehicle dealer so that he or she may purchase a motor vehicle to include in his or her inventory; the loan being secured by the motor vehicle while in the dealer’s possession and to be repaid when the motor vehicle is sold.

(5) “Motor vehicle” shall have the same meaning as s. 218.0101 (22), Stats., and includes mobile homes as defined by s. 218.0114, Stats. For the purposes of this subchapter, a moped as defined by s. 218.40 (2), Stats., is also a motor vehicle.

(6) “New motor vehicle” shall have the same meaning as s. Trans 137.03 (7).

(7) “Private person” means a person not licensed under ch. 218, Stats., and not required to be so licensed, for the purpose of the transaction from which his or her claim arises. A financial institution, or a motor vehicle manufacturer, factory branch, factory representative, distributor, distributor representative, or a motor vehicle, mobile home, moped, salvage, trailer or auction dealer or a salesperson employed by such dealer is not a private person.

(7m) The “period covered by the security” is co-extensive with the biennial license, issued under ch. 218, Stats., which is conditioned on providing the security in question. If the biennial license is extended by operation of s. 227.51 (2), Stats., the period covered by the security also is extended and remains co-extensive unless sooner cancelled by the surety.

Note: Forms for bonds and letters of credit are available from the Dealer Section, Department of Transportation, P.O. Box 7909, Madison, Wisconsin 53707.

(8) “Retail customer” means a private person buying or agreeing to buy one or more motor vehicles from the bonded licensee for the private person’s personal, family or household use. A person buying or agreeing to buy a motor vehicle or mobile home to be used primarily for business or commercial purposes is not a retail customer. A private person who sells, trades, or consigns to the bonded licensee a motor vehicle used personally or by the person’s family or household, and not used primarily for business or commercial purposes, is a retail customer.

(9) “Secured party” means a lender, seller or other person, whose claim is based on a transaction in which there is, or was, a security agreement creating a security interest in the lender’s, seller’s or person’s favor, even if that interest is not sufficient to satisfy the claim. A person able to claim a lien under ss. 779.41, 779.415, or 779.43 (3), Stats., is a secured party.

Trans 140.21 Allowed claims. (1) A claim is an allowable claim if it satisfies each of the following requirements and is not excluded by sub. (2) or (3):

(a) The claim shall be for monetary damages in the amount of an actual loss suffered by the claimant.

(b) The claim arose during the period covered by the security.

(c) The claimant’s loss shall be caused by an act of the licensee, or the claimant’s agents or employees, which is grounds for suspension or revocation of any of the following:

(d) The claim must be made within 3 years of the last day of the period covered by the security. The department shall not approve or accept any surety bond or letter of credit which provides for a lesser period of protection.

(a) Any claim by a claimant licensed under ch. 218, Stats., or required to be so licensed.

(b) Any claim by the licensee, the licensee’s employing dealer, if any, or the licensee’s agents, partners, stockholders or employees.

(4) A claim may be allowed in part and disallowed in part.

(5) (a) When a claimant is unable to obtain title to a motor vehicle because the licensee who held the vehicle for sale created a security interest in the motor vehicle and a manufacturer or financial institution is holding the title or Manufacturers Certificate of Origin (MCO) to ensure payment by the licensee at the time of

sale, the claimant's reasonable expenses, including legal costs and attorney fees, in obtaining requisite title documentation, are allowable claims against the security of the licensee.

(b) As alternatives to making the claim described in par. (a), a claimant in such a case may instead do any of the following:

1. Rescind the purchase contract and make a claim against the security of the licensee for the full purchase price of the vehicle.

Trans 140.23 Payments on allowed claims. (1) The amount paid on each allowed claim shall be determined by the priority class of the claim. All claims in the same priority class shall be treated alike, beginning with the claims of the first priority class, as follows:

(a) The total amount necessary to pay all claims of the class in full shall be determined.

(b) If enough funds are available under the bond or letter of credit to do so, all claims of the class shall be paid in full.

(c) If, after all allowed claims of a class have been paid in full, funds remain available to pay additional claims, the allowed claims of the next priority class shall be paid, in accordance with pars. (a) to (d).

$$\frac{\text{dollar amount of claim}}{\text{total dollar amount of claims in class}} \times \text{available funds} = \text{prorated dollar amount of claim}$$

(2) When a class of claims has been prorated because there are insufficient funds available to pay the claims of the class in full, no payments shall be made upon allowed claims of the successive priority classes.

(3) The aggregate total of all payments on all claims may not exceed the total amount of the bond or letter of credit available for payment of claims.

(2) The department shall hold all payments on a particular bond or letter of credit in a separate account. This separate account may be interest bearing.
