10 professionals, as determined by the local educational agency, shall do all of the
11 following:

12 1. Review existing evaluation data on the child, including evaluations and
13 information provided by the child's parents, previous interventions and the effects
14 of those interventions, current classroom-based assessments and observations, and
15 observations by teachers and related services providers.

16 2. On the basis of that review and information provided by the child's parents,
17 identify the additional data, if any, that are needed, and the qualifications of the
18 evaluators that are needed, to determine all of the following:

19 a. Whether the child has a particular category of disability or, in case of a
20 reevaluation of a child, whether the child continues to have such a disability.

21 b. The present levels of performance and educational needs of the child.

22 c. Whether the child needs special education and related services, or in the case
23 of a reevaluation of a child, whether the child continues to need special education and
24 related services.

1 d. Whether any additions or modifications to the special education and related
2 services are needed to enable the child to meet the measurable, annual goals
3 specified in the child's individualized education program and to participate, as
4 appropriate, in the general curriculum.

5 (c) The local educational agency shall administer such tests and other
6 evaluation materials as may be needed to produce the data identified under par. (b)
7 2.

8 (d) If the child being evaluated is attending a public school in a nonresident
9 school district under s. 118.51, as part of its initial evaluation of the child and as part
10 of any reevaluation of the child under sub. (4), the individualized education program
11 team shall collaborate with appropriate personnel designated by the school board of
12 the child's school district of residence.

13 (e) Each individualized education program team participant who administers
14 tests, assessments or other evaluation materials as part of an evaluation or
15 reevaluation of a child under this section shall prepare and make available to all
16 team participants at a team meeting a written summary of the participant's findings
17 that will assist with program planning.

18 **(3) DETERMINATION OF ELIGIBILITY FOR SPECIAL EDUCATION.** (a) Upon the
19 completion of the administration of tests and other evaluation materials, the
20 individualized education program team shall determine whether the child is a child
21 with a disability. The individualized education program team may not determine
22 that a child is a child with a disability solely because the child has received
23 insufficient instruction in reading or math or because the child has limited
24 proficiency in English.

1 (b) If the individualized education program team determines that a child is a
2 child with a disability, the team shall prepare an evaluation report that includes
3 documentation of determination of eligibility. The local educational agency shall ask
4 each individualized education program team participant if he or she wants a copy of
5 the evaluation report or additional time before the individualized education program
6 team develops the child's individualized education program. If any individualized
7 education program team participant requests a copy of the evaluation report at any
8 point in the process of developing the child's individualized education program or
9 considering the child's educational placement, the local educational agency shall
10 give a copy of the report to each individualized education program team participant
11 before continuing with the process. If no individualized education program team
12 participant requests a copy of the evaluation report, the local educational agency
13 shall give a copy to the child's parents with the notice of placement under s. 115.792
14 (2).

15 (c) If the individualized education program team determines that a child is not
16 a child with a disability, the team shall prepare an evaluation report. The report shall
17 identify any educational needs of the child and any services offered by the local
18 educational agency from which the child may benefit and shall include information
19 about any programs and services, other than those offered by the local educational
20 agency, that may benefit the child. The local educational agency shall give a copy of
21 the evaluation report to the child's parents with the notice under s. 115.792 (1) (b).

22 **(4) REEVALUATIONS.** (a) A local educational agency shall ensure that the
23 individualized education program team does all of the following:

24 1. Evaluates a child with a disability in accordance with this section before
25 determining that the child is no longer a child with a disability.

1 2. Reevaluates a child with a disability in accordance with this section if the
2 local educational agency determines that conditions warrant a reevaluation or if the
3 child's parent or teacher requests a reevaluation, but at least once every 3 years.

4 (b) The local educational agency shall obtain informed consent from the child's
5 parent before reevaluating a child with a disability, except that such consent need
6 not be obtained if the local educational agency has taken reasonable measures to
7 obtain such consent and the child's parents have failed to respond.

8 (c) If the individualized education program team and other qualified
9 professionals, as determined by the local educational agency, find under sub. (2) (b)
10 2. that no additional data are needed to determine whether the child continues to be
11 a child with a disability, the local educational agency shall notify the child's parents
12 of that finding and the reasons for it and the right of the child's parents to request
13 an assessment to determine whether the child continues to be a child with a
14 disability. The local educational agency is not required to conduct such an
15 assessment unless the child's parents request it.

16 **115.787 Individualized education programs. (1) REQUIREMENT THAT**
17 **PROGRAM BE IN EFFECT.** At the beginning of each school year, each local educational
18 agency shall have in effect, for each child with a disability, an individualized
19 education program.

20 **(2) REQUIRED COMPONENTS.** An individualized education program shall include
21 all of the following:

22 (a) A statement of the child's present level of educational performance,
23 including how the child's disability affects the child's involvement and progress in
24 the general curriculum or, for a preschool child, as appropriate, how the disability
25 affects the child's participation in appropriate activities.

1 (b) A statement of measurable annual goals for the child, including
2 benchmarks or short-term objectives, related to meeting the child's needs that result
3 from the child's disability to enable the child to be involved in and progress in the
4 general curriculum, and to meeting each of the child's other educational needs that
5 result from the child's disability.

6 (c) A statement of the special education and related services and
7 supplementary aids and services to be provided to the child, or on behalf of the child,
8 and a statement of the program modifications or supports for school personnel that
9 will be provided for the child to do all of the following:

10 1. Advance appropriately toward the annual goals.

11 2. Be involved and progress in the general curriculum in accordance with par.

12 (a) and participate in extracurricular and other nonacademic activities.

13 3. Be educated and participate with other children with disabilities and
14 nondisabled children in the activities described in this subsection.

15 (d) An explanation of the extent to which the child will not participate with
16 nondisabled children in regular classes, in the general curriculum and in
17 extracurricular and other nonacademic activities.

18 (e) 1. A statement of any individual modifications in the administration of any
19 statewide or local educational agency-wide assessment of pupil achievement that
20 are needed for the child to participate in the assessment.

21 2. If the individualized education program team determines that a child will
22 not participate in a particular statewide or local educational agency-wide
23 assessment of pupil achievement, or part of such an assessment, a statement of why
24 that assessment is not appropriate for the child and how the child will be assessed
25 through alternative means.

1 (f) The projected date for the beginning of the services and modifications
2 described in par. (c) and the anticipated frequency, location and duration of those
3 services and modifications.

4 (g) 1. Beginning when the child attains the age of 14, and annually thereafter
5 until the child is no longer eligible for special education and related services, a
6 statement identifying the courses of study needed to prepare the child for a
7 successful transition to his or her goals for life after secondary school, such as
8 participation in advanced placement courses or a vocational education program.

9 2. Beginning when the child attains the age of 16, or earlier if that is
10 determined to be appropriate by the individualized education program team, and
11 annually thereafter until the child is no longer eligible for special education and
12 related services, a statement of the needed transition services of the child, including,
13 when appropriate, a statement of the interagency responsibilities or any cooperative
14 arrangements between and among persons.

15 3. Beginning at least one year before the child attains the age of 18, and
16 annually thereafter until the child is no longer eligible for special education and
17 related services, a statement that the child has been informed of the parental rights
18 that will transfer to the child on reaching the age of 18 under s. 115.807.

19 (h) A statement of all of the following:

20 1. How the child's progress toward the annual goals described in par. (b) will
21 be measured.

22 2. How the child's parents will be regularly informed, at least as often as
23 parents are informed of their nondisabled children's progress, of their child's
24 progress toward the annual goals and the extent to which that progress is sufficient

1 to enable the child to achieve the goals by the end of the effective period of the
2 individualized education program.

3 **(3) DEVELOPMENT.** (a) In developing each child's individualized education
4 program, the individualized education program team shall consider the strengths of
5 the child, the concerns of the child's parents for enhancing the education of their child
6 and the results of the initial evaluation or most recent reevaluation of the child.

7 (b) The individualized education program team shall do all of the following:

8 1. In the case of a child whose behavior impedes his or her learning or that of
9 others consider, when appropriate, strategies, including positive behavioral
10 interventions, and supports to address that behavior.

11 2. In the case of a child with limited English proficiency, consider the language
12 needs of the child as such needs relate to the child's individualized education
13 program.

14 3. In the case of a child who is visually impaired, provide for instruction in
15 Braille and the use of Braille unless the individualized education program team
16 determines, after an evaluation of the child's reading and writing skills, needs and
17 appropriate reading and writing media, including an evaluation of the child's future
18 needs for instruction in Braille or the use of Braille, that instruction in Braille or the
19 use of Braille is not appropriate for the child.

20 4. Consider the communicative needs of the child, and, in the case of a child who
21 is hearing impaired, consider the child's language and communicative needs,
22 opportunities for direct communications with peers and professional personnel in
23 the child's language and communicative mode, academic level and full range of
24 needs, including opportunities for direct instruction in the child's language and
25 communicative mode.

1 5. Consider whether the child requires assistive technology devices and
2 services.

3 (c) The regular education teacher of the child, as a participant on the
4 individualized education program team, shall, to the extent appropriate, participate
5 in the development of the individualized education program of the child, including
6 the determination of appropriate positive behavioral interventions and strategies
7 and the determination of supplementary aids and services, program modifications
8 and support for school personnel.

9 (d) If a child is attending a public school in a nonresident school district under
10 s. 118.51, the individualized education program team for the child shall develop the
11 child's individualized education program in collaboration with appropriate
12 personnel designated by the school board of the school district in which the child
13 resides.

14 (e) The local educational agency shall give a copy of the child's individualized
15 education program to the child's parents with the notice of placement under s.
16 115.792 (2).

17 **(4) REVIEW AND REVISION.** (a) The individualized education program team shall
18 do all of the following:

19 1. Review the child's individualized education program periodically, but at least
20 annually, to determine whether the annual goals for the child are being achieved.

21 2. Revise the individualized education program as appropriate to address all
22 of the following:

23 a. Any lack of expected progress toward the annual goals and in the general
24 curriculum.

25 b. The results of any reevaluation conducted under s. 115.782.

1 c. Information about the child provided to or by the child's parents, as described
2 in s. 115.782.

3 d. The child's anticipated needs.

4 e. Other matters.

5 (b) The regular education teacher of the child, as a participant on the
6 individualized education program team, shall, to the extent appropriate, participate
7 in the review and revision of the individualized education program of the child.

8 **(5) FAILURE TO MEET TRANSITION OBJECTIVES.** If a participating agency, other than
9 the local educational agency, fails to provide transition services in accordance with
10 sub. (2) (g) 2., the local educational agency shall reconvene the individualized
11 education program team to identify alternative strategies to meet the transition
12 objectives for the child set out in the individualized education program.

13 **(6) CHILDREN WITH DISABILITIES IN STATE PRISONS.** (a) 1. The requirements
14 relating to participation of children with disabilities in general assessments under
15 sub. (2) (e) do not apply to a child with a disability who is convicted of a crime under
16 state law and incarcerated in a state prison.

17 2. The requirements relating to transition planning and transition services
18 under sub. (2) (g) 1. and 2. do not apply with respect to a child with a disability who
19 is convicted of a crime under state law and incarcerated in a state prison and whose
20 eligibility under this subchapter will end, because of his or her age, before he or she
21 will be released from prison.

22 (b) If a child with a disability is convicted of a crime and incarcerated in a state
23 prison, the child's individualized education program team may modify the child's
24 individualized education program or placement notwithstanding the requirements
25 of sub. (1) and s. 115.79 (1) if the department of corrections has demonstrated a bona

1 fide security or compelling penological interest that cannot otherwise be
2 accommodated.

3 **(7) CONSTRUCTION.** Nothing in this section requires the individualized
4 education program team to include information under one component of a child's
5 individualized education program that is already contained under another
6 component of the individualized education program.

7 **115.79 Educational placements.** Each local educational agency shall ensure
8 that all of the following occur:

9 **(1)** An evaluation is conducted under s. 115.782 before special education and
10 related services are provided to a child with a disability.

11 **(2)** An educational placement is provided to implement a child's individualized
12 education program. Except as provided in s. 118.51 (12) (a) and (b) 2., if a child with
13 a disability is attending a public school in a nonresident school district under s.
14 118.51, the school board of the school district that the child is attending shall provide
15 an educational placement for the child and shall pay tuition charges instead of the
16 school district in which the child resides if required by the placement.

17 **(3)** To the maximum extent appropriate, a child with a disability, including a
18 child receiving publicly funded special education in a public or private institution or
19 other care facility, is educated with nondisabled children.

20 **(4)** Special classes, separate schooling or other removal of a child with a
21 disability from the regular educational environment occurs only when the nature or
22 severity of the child's disability is such that education in regular classes with the use
23 of supplementary aids and services cannot be achieved satisfactorily.

24 **115.791 Reimbursement for private school placement.** **(1)** If the parents
25 of a child with a disability who previously received special education and related

1 services under the authority of a local educational agency enroll the child in a private
2 elementary or secondary school without the consent of or referral by the local
3 educational agency, a court or a hearing officer may require the local educational
4 agency to reimburse the parents for the cost of that enrollment if the court or hearing
5 officer finds that the local educational agency had not made a free appropriate public
6 education available to the child in a timely manner before that enrollment.

7 (2) The cost of reimbursement described in sub. (1) may be reduced or denied
8 if any of the following applies:

9 (a) At the most recent individualized education program meeting that the
10 parents attended before removal of the child from the local educational agency, the
11 parents did not inform the individualized education program team of their concerns,
12 their rejection of the placement proposed by the local educational agency to provide
13 a free appropriate public education to their child and their intent to enroll the child
14 in a private school at public expense; or at least 10 business days, including any
15 holidays that occur on a business day, before the removal of the child from the local
16 educational agency, the parents did not give written notice to the local educational
17 agency of their concerns, their rejection of the placement and their intent to enroll
18 the child in a private school at public expense.

19 (b) If, before the parents' removal of the child from the local educational agency,
20 the local educational agency notified the parents under s. 115.792 of its intent to
21 evaluate the child, including a statement of the purpose of the evaluation that was
22 appropriate and reasonable, but the parents did not make the child available for the
23 evaluation.

24 (c) A court finds the parents' actions unreasonable.

1 **(3)** Notwithstanding the notice requirement in sub. (2) (a), the cost of
2 reimbursement may not be reduced or denied for failure to provide such notice if any
3 of the following apply:

4 (a) The parent is illiterate and cannot write in English.

5 (b) Compliance with sub. (2) (a) would likely result in physical or serious
6 emotional harm to the child.

7 (c) The local educational agency prevented the parent from providing such
8 notice.

9 (d) The parents had not received notice, pursuant to s. 115.792, of the notice
10 requirement in sub. (2) (a).

11 **(4)** Subject to s. 115.77 (1m) (d) and (e), this section does not require a local
12 educational agency to pay the cost of education, including special education and
13 related services, of a child with a disability at a private school or facility if the local
14 educational agency made a free appropriate public education available to the child
15 and the child's parents elected to place the child in a private school or facility.

16 **115.792 Procedural safeguards. (1) SAFEGUARDS ENSURED.** (a) The local
17 educational agency shall establish and maintain procedures to ensure all of the
18 following:

19 1. That the parents of a child may examine all records relating to the child and
20 may participate in meetings about the identification, evaluation and educational
21 placement of the child, and the provision of a free appropriate public education to the
22 child, and may obtain an independent educational evaluation of the child.

23 2. That a child's rights are protected by the assignment of an individual, who
24 shall not be an employe of the department, the local educational agency or any other
25 agency that is involved in the education or care of the child, to act as a surrogate for

1 the child's parents whenever the child's parents are not known; the local educational
2 agency cannot, after reasonable efforts, locate the child's parents; or the child is a
3 ward of the state.

4 3. That a child's parents are offered an opportunity to use mediation under s.
5 115.797.

6 (b) The local educational agency shall establish and maintain procedures to
7 ensure that a child's parents are provided prior written notice whenever the local
8 educational agency proposes to initiate or change, or refuses to initiate or change, the
9 identification, evaluation or educational placement of the child, or the provision of
10 a free appropriate public education to the child. In this paragraph, "local educational
11 agency" includes the nonresident school district that a child is attending under s.
12 118.51.

13 **(2) NOTICE.** The notice required under sub. (1) (b) shall be in the native
14 language of the child's parents unless the local educational agency determines that
15 it clearly is not feasible to do so and shall include all of the following:

16 (a) A description of the action proposed or refused by the local educational
17 agency.

18 (b) An explanation of why the local educational agency proposes or refuses to
19 take the action.

20 (c) A description of any other options that the local educational agency
21 considered and the reasons why it rejected those options.

22 (d) A description of each evaluative procedure, test, record or report that the
23 local educational agency used as a basis for the proposed or refused action.

24 (e) If the notice proposes to evaluate or reevaluate the child, the qualifications
25 of the evaluators and their names, if known.

1 (f) A description of any other factors that are relevant to the local educational
2 agency's proposal or refusal.

3 (g) A statement that the parents of a child with a disability have procedural
4 safeguards under this section and, if this notice is not an initial referral for
5 evaluation, or reevaluation, or a notice of an individualized education program
6 meeting, the way in which the parents may obtain a description of the procedural
7 safeguards under sub. (3).

8 (h) Sources for parents to contact to obtain assistance in understanding this
9 subchapter.

10 (i) The rights specified in s. 115.78 (4).

11 **(3) PROCEDURAL SAFEGUARDS NOTICE.** (a) In this subsection, "local educational
12 agency" includes the nonresident school district that a child is attending under s.
13 118.51.

14 (b) The local educational agency shall give to the parents of a child with a
15 disability, upon the child's initial referral for evaluation, upon each notification of an
16 individualized education program meeting and upon reevaluation of the child, a full
17 explanation written so as to be easily understood by the general public, and in the
18 native language of the child's parents unless it clearly is not feasible to do so, of the
19 procedural safeguards available under this section and under applicable federal law
20 relating to all of the following:

- 21 1. Independent educational evaluation.
- 22 2. Prior written notice.
- 23 3. Parental consent.
- 24 4. Access to educational records.
- 25 5. Opportunity to present complaints.

1 6. The child’s placement during pendency of due process proceedings.

2 7. Procedures for pupils who are subject to placement in interim alternative
3 educational settings under 20 USC 1415 (k).

4 8. Requirements for the unilateral placement by parents of pupils in private
5 schools at public expense.

6 9. Mediation.

7 10. Hearings under s. 115.80.

8 11. Civil actions.

9 12. Attorney fees.

10 **115.797 Mediation. (1) DEFINITIONS.** In this section:

11 (a) “Dispute” means any disagreement between parties concerning the
12 proposal or refusal to initiate or change the evaluation, individualized education
13 program or educational placement of a child with a disability or the provision of a free
14 appropriate public education to such a child. “Dispute” includes any such
15 disagreement between parties in which other processes, including a hearing under
16 s. 115.80 or litigation, have been requested or commenced.

17 (b) “Mediation” has the meaning given in s. 802.12 (1) (e).

18 (c) “Party” means a competent adult pupil or the parent of a child or
19 incompetent adult pupil who is the subject of a dispute, and the local educational
20 agency.

21 **(2) REQUEST FOR MEDIATION, CONSENT OF PARTIES.** (a) The division shall establish
22 a program for the mediation of disputes between parties. A party may request the
23 division to arrange for mediation of a dispute at any time. The request shall be in
24 writing, shall briefly describe the dispute and shall identify both parties. Both
25 parties may jointly request mediation.

1 (b) If only one of the parties requests mediation, within 5 business days after
2 receiving the request the division shall notify the other party in writing of the request
3 for mediation. The notice shall include all of the following:

4 1. An explanation of mediation and its advantages.

5 2. A statement that participation in mediation is voluntary and that agreement
6 or refusal to participate will not affect the resolution of the dispute in any pending
7 or potential adjudicative process, or the timing of that process, unless the parties
8 agree otherwise.

9 3. A request that the party notify the division within 5 business days after
10 receiving the notice regarding the party's consent or refusal to participate in
11 mediation.

12 (c) If the division does not receive timely response under par. (b) 3. or if the other
13 party notifies the division under par. (b) 3. of its refusal to participate in mediation,
14 the division shall so notify the party that requested mediation.

15 **(3) APPOINTMENT OF MEDIATOR.** (a) A party that requests mediation may
16 nominate a mediator from the roster under sub. (4). If a party nominates a mediator,
17 the division shall include in the notice under sub. (2) (b) the name of the nominated
18 mediator.

19 (b) 1. If both parties nominate the same person as mediator, the division shall
20 appoint that person as mediator if he or she is on the roster under sub. (4) and
21 available to mediate.

22 2. If both parties request mediation but neither party nominates a mediator,
23 the division shall propose a mediator from the roster under sub. (4).

24 3. If both parties consent to mediation but the party that requests mediation
25 does not nominate a mediator, the nominated mediator is not available or the other

1 party does not consent to the appointment of the nominated mediator, the division
2 shall propose a mediator from the roster under sub. (4).

3 (c) Whenever the division proposes a mediator under par. (b) 2. or 3., it shall
4 send information about the mediator's training and experience to both parties.
5 Within 3 business days after receiving the information, either party may request the
6 division to propose a different mediator from the roster under sub. (4).

7 **(4) ROSTER OF MEDIATORS.** (a) In consultation with the council on special
8 education, the division shall maintain a roster of mediators qualified to resolve
9 disputes. The division may include a person on the roster if all of the following apply:

10 1. The division determines that the person has the appropriate skills and
11 knowledge to act as a mediator under this section.

12 2. The person participates in a training program of at least 5 days' duration that
13 has been approved by the division.

14 3. The person agrees to mediate, at the rate of compensation established by the
15 division, the number of disputes required by the division each year.

16 4. The person consents to be observed by a division representative at any
17 mediation session if the parties consent.

18 (b) The division may not maintain a person on the roster unless he or she
19 participates in at least one day of additional training approved by the division each
20 year.

21 (c) Subject to subch. II of ch. 111, the division may remove from the roster any
22 person whom it believes cannot serve effectively as a mediator.

23 **(5) MEDIATION.** (a) Unless both parties agree otherwise, mediation shall
24 commence within 21 days after the mediator is appointed and shall not delay

1 hearings or appeals related to the dispute. All mediation sessions shall be held in
2 a location that is convenient to the parties.

3 (b) The parents of the child or adult pupil and 2 representatives of the local
4 educational agency may participate in mediation. With the consent of both parties,
5 other persons may participate in mediation. With the consent of both parties, a
6 division representative may observe the mediation sessions.

7 (c) At the commencement of mediation, the mediator shall inform the parties
8 of the information that is required to be reported to the division for the purpose of
9 administering the mediation program. The division may not require a mediator to
10 disclose the substance of any matter discussed or communication made during
11 mediation.

12 (d) Either party may recess a mediation session to consult advisors, whether
13 or not present, or to consult privately with the mediator. The mediator may recess
14 a mediation session to consult privately with a party. If the mediator does so, he or
15 she shall disclose the general purpose of the consultation but may not reveal other
16 information about the consultation without the consent of the party consulted.

17 (e) Unless both parties and the mediator agree otherwise, no person may record
18 a mediation session.

19 (f) Discussions that occur during mediation are confidential and may not be
20 used as evidence in any subsequent hearing or civil proceeding. The mediator may
21 require the parties to sign a confidentiality pledge before the commencement of
22 mediation.

23 (g) The mediator and either party may withdraw from mediation at any time.

24 (h) No adverse inference may be drawn by any hearing officer or adjudicative
25 body from the fact that a party did not consent to mediation, that a mediator or party

1 withdrew from mediation or that mediation did not result in settlement of the
2 dispute.

3 **(6) AGREEMENTS.** If the parties resolve the dispute or a portion of the dispute,
4 or agree to use another procedure to resolve the dispute, the mediator shall ensure
5 that the resolution or agreement is reduced to writing, that it is signed by the parties
6 and that a copy is given to each party. The resolution or agreement is legally binding
7 upon the parties.

19 educational service agency, county children with disabilities education board or

19 district from the appropriations under s. 20.255 (2) (b) and (br). This subsection
20 applies to any child with a disability who requires special assistance in
21 transportation, including any such child attending regular classes who requires
22 special or additional transportation. This subsection does not apply to any child with
23 a disability attending regular or special classes who does not require any special or
