  interest, may not interfere with the riparian rights of other riparian owners, and
  must meet all of the requirements for the placement of the pier or wharf specified
  under sub. (1g) (f) except for the limitation on the number of boat slips allowed under
  sub. (1g) (f).

(c) If the riparian owner or owners of a property described in par. (a) are eligible
and propose to place a pier or wharf with the number of boat slips specified in par.
(a), the riparian owner or owners shall apply to the department for an individual

9	is exempt from the permit requirements under this section if all of the following
10	apply:
11	1. The pier or wharf is not more than 8 feet wide as measured across the
12	shortest horizontal distance of any portion of the pier or wharf surface, except that
13	a pier may have an area as a loading platform that exceeds 8 feet in width if the
14	platform is located at the lakeward end of the pier, or located at the end of the pier
15	that extends into a stream, does not exceed 300 square feet in surface area, and meets
16	the following width requirements:
17	a. If the platform has a surface area of 200 square feet or less, the platform may

A structure for which the department has issued a permit under this section
 on or before February 6, 2004, if the structure is in compliance with that permit.

13 2. A structure for which the department has issued a written authorization on
14 or before February 6, 2004, if the structure is in compliance with that written
15 authorization.

16
