Analysis by the Legislative Reference Bureau

This substitute amendment to the resolution amends the assembly rules to provide that it is in the interest of the assembly to fully comply with the Americans with Disabilities Act and its reasonable accommodation standard. To that end, the rules are amended to provide that during a biennial session, the chairperson of a standing committee must allow a member of the committee to participate in a committee meeting by telephone or by other means of telecommunication or electronic communication, and be considered present for all purposes, including voting, if several things occur. First, the member has contacted the legislature's human resources office in the biennial session and has informed that office that the member has a disability. Second, the human resources office certifies in writing that the member has a disability and provides a copy of the certification to the speaker and minority leader.
