Analysis by the Legislative Reference Bureau

This substitute amendment differs from 2023 Senate Bill 271 in the following respects:

1. The substitute amendment provides that, in order to qualify for a grant for providing training leading to an individual receiving a commercial driver's license (CDL), the following additional requirements must be satisfied:

a. The individual receiving the training must reside and obtain a CDL in this state.

b. The grant applicant must have a facility in this state that is listed in the Federal Motor Carrier Safety Administration's registry of approved training providers, and the training must be provided at or through that facility.

2. The substitute amendment removes the appropriation of funds to the Joint Committee on Finance.

3. The substitute amendment repeals the provisions for the grant program on July 1, 2025, which is the date by which grant applications must be received.
