This bill specifies certain expedited processing fees for business entity filings with DFI. Under current law, corporations, limited liability companies, limited partnerships, partnerships, and cooperatives make certain filings with DFI, and DFI must establish, by rule, fees for expedited processing of filings by these business entities. This bill specifies a DFI expedited processing fee of \$500 for processing within one hour of filing and of \$250 for processing within four hours of filing. The fee for any other expedited processing continues to be established by DFI by rule.
