***1. Medicaid expansion***

This bill changes the family income eligibility level to up to 133 percent of the federal poverty line for parents and caretaker relatives under BadgerCare Plus and for childless adults currently covered under BadgerCare Plus Core and who are incorporated into BadgerCare Plus in this bill. BadgerCare Plus and BadgerCare Plus Core are programs under the state's Medical Assistance program, which provides health services to individuals who have limited financial resources. The federal Patient Protection and Affordable Care Act allows a state to receive an enhanced federal medical assistance percentage payment for providing benefits to certain individuals through a state's Medical Assistance program. The bill requires DHS to comply with all federal requirements and to request any amendment to the state Medical Assistance plan, waiver of Medicaid law, or other federal approval necessary to qualify for the highest available enhanced federal medical assistance percentage for childless adults under the BadgerCare Plus program.

Under current law, certain parents and caretaker relatives with incomes of not more than 100 percent of the federal poverty line, before a 5 percent income disregard is applied, are eligible for BadgerCare Plus benefits. Under current law, childless

adults who 1) are under age 65; 2) have family incomes that do not exceed 100 percent of the federal poverty line, before a 5 percent income disregard is applied; and 3) are not otherwise eligible for Medical Assistance, including BadgerCare Plus, are eligible for benefits under BadgerCare Plus Core. The bill eliminates the childless adults demonstration project known as BadgerCare Plus Core.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
