- (2) "Controlled substance" has the meaning under s. 961.10 (4), Stats.
- (3) "License" means any license issued by the board.
- (4) "Licensee" means any person validly possessing any license granted and issued to that person by the board.
- (5) "Patient" means a person who receives health care services from a podiatrist.

Pod 1.03 Application and credentials. Every person applying for a license to practice podiatric medicine and surgery shall make application on forms provided by the board and shall submit all of the following:

(1) A completed and verified application form.

(2) Verified documentary evidence of graduation from a school of podiatric medicine and surgery approved by the board and a verified photographic copy of the diploma conferring the degree of doctor of podiatric medicine or its equivalent as determined by the board granted to the applicant by the school. The board shall approve the podiatric medical schools recognized and approved at the time of the applicant's graduation by the council on education of the American podiatric association.

Pod 1.04 Translation of documents. If any of the documents required under this chapter are in a language other than English, the applicant shall also submit a verified English translation and the cost of translation shall be borne by the applicant.

Pod 1.05 Application deadline and fees. The completed application and all required documents shall be received by the board at its offices not less than 30 days prior to the date of examination. The required fees under s. 440.05 (1), Stats., shall accompany the application.

Pod 1.06 Examinations. (1) (a) An applicant shall complete the written examination under sub. (2), and an open book examination on statutes and rules governing the practice of podiatric medicine and surgery in Wisconsin. In addition, an applicant may be required to complete an oral examination if the applicant:

1. Has a medical condition which in any way impairs or limits the applicant's ability to practice podiatric medicine and surgery with reasonable skill and safety.

2. Uses chemical substances so as to impair in any way the applicant's ability to practice podiatric medicine and surgery with reasonable skill and safety.

3. Has been disciplined or had licensure denied by a licensing or regulatory authority in Wisconsin or another jurisdiction.

4. Has been found negligent in the practice of podiatric medicine or has been a party in a lawsuit in which it was alleged that the applicant had been negligent in the practice of podiatric medicine.

5. Has been convicted of a crime the circumstances of which substantially relate to the practice of podiatric medicine.

6. Has lost, had reduced or had suspended his or her hospital staff privileges, or has failed to continuously maintain hospital privileges during the applicant's period of licensure following postgraduate training.

7. Has been graduated from a school of podiatric medicine not approved by the board.

8. Has been diagnosed as suffering from pedophilia, exhibitionism or voyeurism.

9. Has within the past 2 years engaged in the illegal use of controlled substances.

10. Has been subject to adverse formal action during the course of medical education, postgraduate training, hospital practice, or other medical employment.

11. Has not practiced podiatric medicine and surgery for a period of 6 months prior to application, unless the applicant has been graduated from a school of podiatric medicine within that period.

(b) An application filed under s. Pod 1.03 shall be reviewed by an application review panel of at least 2 board members designated by the chairperson of the board. The panel shall determine whether the applicant is eligible for a license without completing an oral examination.

(c) All examinations shall be conducted in the English language. Each examination is scored separately, and the applicant shall achieve passing scores on each examination to qualify for a license.

(2) The board shall utilize as its written examinations the national board examination, part I and part II, and the PMLexis examination of the national board of podiatric examiners. The passing scores are set by the national board of podiatric medicine and represent the minimum competency required to protect public health and safety. The board may accept the recommendations of the examination provider.

(3) The board may deny release of scores or issuance of a credential if the board determines that the applicant violated rules of conduct of the examination or otherwise acted dishonestly in the examination process.

(4) An applicant who has received passing grades in written examinations for a license to practice podiatry conducted by another licensing jurisdiction of the United States, shall submit to the board documentary evidence. The board shall review the documentary evidence to determine whether the scope and passing grades of the examinations are substantially equivalent to those of this state at the time of the applicant's examination. If the board finds equivalency, the board shall accept this in lieu of requiring the applicant to achieve passing grades in the

national board examination and the PMLexis examination of the national board of podiatry examiners. The burden of proof of equivalency is on the applicant.

(5) The oral examination of each applicant is conducted by members of the board and is scored as pass or fail.

(6) The board shall notify each applicant found eligible for examination of the time and place scheduled for that applicant's oral examination. Unless prior scheduling arrangements have been made with the board by the applicant, failure of an applicant to appear for examination as scheduled shall void that applicant's application and require the applicant to reapply for licensure.

(7) Any applicant who is a graduate of a school of podiatric medicine and surgery in which English is not the primary language of communication shall be examined by the board on his or her proficiency in the English language

(8) Otherwise qualified applicants with disabilities, as defined by the Americans with disabilities act, shall be provided with reasonable accommodations.

Pod 1.07 Failure and reexamination. An applicant who fails to achieve a passing grade in the examinations required under this chapter may apply for reexamination. An applicant who fails to achieve a passing grade in the examinations required under this chapter may be reexamined twice at not less than 4 month intervals. If the applicant fails to achieve a passing grade on the second reexamination, the applicant shall not be admitted to further examination until he or she reapplies for licensure and also presents to the board evidence of further professional training or education as the board may deem appropriate in each applicant's particular case.

Acting under such direction, the holder of a temporary educational license shall also have the right to prescribe drugs other than controlled substances and to sign any certificates, reports or other papers for the use of public authorities which are required of or permitted to persons licensed to practice podiatric medicine and surgery. The holder of a temporary educational license shall confine his or her entire practice to the facility in which he or she is taking the training.

(4) Violation by the holder of a temporary educational license to practice podiatric medicine and surgery of any of the provisions of chs. Pod 1 to 6 or of subch. (4) The holder of a locum tenens license to practice podiatric medicine and surgery shall practice podiatric medicine and surgery as defined in s. 448.01 (8), Stats., providing the practice is confined to the geographical area for which the license is issued.

For cause shown to its satisfaction, the board, acting through its designated member, may renew the locum tenens license for additional periods of 90 days each, but no license may be renewed more than 3 consecutive times.

Pod 1.10 Temporary license. (1) (a) An applicant for a license to practice podiatric medicine and surgery who is a graduate of a school of podiatric medicine and surgery approved by the board may apply to the board for a temporary license to practice podiatric medicine and surgery. An applicant for a temporary license shall submit to the board the documentary evidence and credentials required under ss. Pod 1.04 and 1.05, a completed application for a temporary license, and the required fees under s. 440.05 (1), Stats. An application for a temporary license shall be made not less than 30 days before the date set by the board for the holding of its next examinations for licensure.

(b) The application and information submitted under par. (a), shall be reviewed by the board through a designated member. FISCAL ESTIMATE

These rules increase the department's expenditures because 250 new code books will have to be printed and mailed. The total cost to process these code books will be approximately \$2,500 (\$10.00 each). There will also be an additional cost of approximately \$1,250 (\$5.00 per certificate) to print new wall certificates for all podiatrists issued by the Podiatrists Affiliated Credentialing Board. These rules do not appear to have any impact on local government costs.

FINAL REGULATORY FLEXIBILITY ANALYSIS

These rules will have no significant economic impact on shall businesses, as defined in s. 227.114 (1) (a), Stats.
