---

**Analysis Prepared by the Department of Agriculture,  
Trade and Consumer Protection**

This rule makes technical changes to a number of current rules administered by the Department of Agriculture, Trade and Consumer Protection (“DATCP”), related to a variety of topics. This rule also describes the discretion that DATCP may exercise in the enforcement of regulations against small business.

### ***Statutory Authority***

Statutory Authority: ss. 93.07(1), 92.05(3)(c), 92.14(8), 93.50(2)(f), 94.72(13)(a), 95.197(2), 95.71(8), 97.09(4), 97.20(4), 97.22(8), 97.41(2) and (5), 98.03(2), 98.18(2), and 895.59, Stats.

Statutes Interpreted: ss. 92.05, 92.14, 94.72, 95.197, 95.71, 97.20, 97.22, 97.41, 98.03, 98.18, 93.50, and 895.59, Stats.

DATCP has broad authority under 93.07(1) to adopt rules needed to implement laws under its jurisdiction. Under s. 895.59, Stats.(created by 2003 Wisconsin Act 145), DATCP is required to adopt rules describing the discretion that it may exercise in enforcement of its regulations against small businesses. DATCP has specific authority, under the provisions cited above, to adopt rules related to each of the topics addressed by this rule.

### ***Rule Content***

#### **Small Business Enforcement Discretion**

Under s. 895.59, Stats. (created by 2003 Wisconsin Act 145), state agencies are required to adopt rules describing the discretion they may exercise when enforcing regulations against small businesses. This rule describes the discretion that DATCP may exercise when enforcing regulations against small businesses. DATCP already exercises enforcement discretion, as described in this rule.

#### **Technical Changes to Current Rules**

This rule makes the following minor technical changes to rules administered by DATCP:

- Conforms fertilizer tonnage fee (agricultural chemical cleanup surcharge) to the current statute. The department is already charging the (lower) statutory fee, not the obsolete (higher) fee that appears in the current rule (ATCP 40).
- Updates technical standards that are incorporated by reference in current commercial feed rules (ATCP 42). The updates refer to the latest edition (2006) of the official publication of the Association of American Feed Control Officials.
- Updates current standards for the professional certification of agricultural engineering practitioners. DATCP coordinated these revisions with the United States Department of Agriculture (NRCS) and county land conservation departments, including practitioners who serve federal, state and county conservation programs.
- Clarifies DATCP's meat holding order and condemnation authority (ATCP 55).

- Eliminates an inconsistency between rules related to the legal “shelf life” of smoked fish (one rule says 17 days, the other says 21 days). This rule makes the standard 21 days.
- Changes current dairy plant rules (ATCP 80) to make them consistent with current federal standards. This includes minor technical changes related to pasteurization standards, thermometers and temperature readings, as well as updates to technical standards incorporated by reference (ATCP 80 Appendix). The updates refer to the latest editions of the *3-A Sanitary Standards and Accepted Practices* published by the 3-A Sanitary Standards, Inc.
- Updates technical standards that are incorporated by reference in current weights and measures rules (ATCP 92). The updates refer to the latest editions (2006) of current weights and measures handbooks published by the National Institute of Standards and Technology.
- Clarifies that local weights and measures inspectors must be civil service employees (conforms rule to current statute).
- Eliminates minor obsolete accounting provisions in ATCP 105 related to the calculation of cigarette “cost” for purposes of the Unfair Sales Act (“minimum markup law”).
- Clarifies the relationship between the home improvement code (ATCP 110) and the basement waterproofing code (ATCP 111), both of which apply to basement waterproofing services.
- Conforms car rental notice requirements (ATCP 118) to current statute.
- Clarifies prohibition against misleading charity claims in coupon book schemes (ATCP 131).
- Repeals current rules related to dairy cattle grades (ATCP 158), because the rules are obsolete and no longer used.
- Corrects typographical errors and cross-references, eliminates obsolete provisions, conforms rules to current statutes, creates clarifying notes, and makes other non-substantive drafting and organizational changes to current rules.

Pursuant to s. 227.21, Stats., DATCP has requested permission from the Attorney General and the Revisor of Statutes to incorporate updated technical standards by reference.

### *Fiscal Estimate*

DATCP already exercises small business enforcement discretion, as described in this rule, so the effect will be minimal. Fines and forfeitures are paid to the state school fund, not DATCP. Other provisions of this rule will have no fiscal effect on DATCP or local units of government. A fiscal estimate is attached.

***Business Impact***

DATCP already exercises small business enforcement discretion, as described in this rule. The current exercise of discretion prevents unnecessary costs to small businesses. The codification of DATCP’s current enforcement policy will not change that policy, or have a major additional impact on business. The other provisions of this rule will have no significant effect on business. A business impact analysis is attached.

***Federal Regulations***

Several of the technical changes in this rule will make DATCP rules consistent with current federal standards. There are no other federal regulations similar to this rule.

***Surrounding State Programs***

Surrounding states (Illinois, Indiana, Iowa, Michigan and Minnesota) do not have comparable rules, except that some use comparable technical standards.

12 The State of Wisconsin requires us to provide the following information about your liability for  
13 damage to a rental car and the purchase of a damage waiver.

#### 14 **LIABILITY FOR DAMAGE TO THE RENTAL CAR**

15 The rental agreement makes you and any authorized driver liable for any damage to the rental  
16 car caused by an accident, or by intentional, reckless or wanton misconduct, or by theft that you  
17 may have intentionally caused. Total liability for any damage is limited to:

18 1) reasonable repair costs, less discounts available to us, or  
19 the fair market value of the car, whichever is less, and

20 2) actual and reasonable towing costs, and ~~up to two days~~ for storage costs during the  
21 period before you notify the rental company of the damage to the vehicle or for 14  
22 days after the damage occurs, whichever period is shorter.

#### 23 **LIABILITY FOR DAMAGE AFTER THE RENTAL CAR HAS BEEN STOLEN**

1 If a person who drives the rental car without your authorization causes damage to the car, you  
2 may be liable for the damage as though you or an authorized person was driving the car unless  
3 you do all of the following:

15 us to rent you the car when we would not have otherwise done so, or on terms to which we
